## Description

A German-Canadian, Monika Schaefer, reflects on being bullied as a little girl growing up in Canada, in the aftermath of WWII, for being German.

[00:00]

Hello! I'm Monica Shafer. I was born and raised in Canada, first generation Canadian citizen of German heritage. My parents both came from Germany. They immigrated to Canada in 1951 and '52, respectively.

There was a bit of a disconnect between what I experienced in the home life and what I felt outside the home. I love the rich German traditions and culture that I grew up with and yet, I felt ashamed of my Germanness when I was at school, or outside with my friends. I learned very quickly to hide my heritage.

It started in the first week of school. Day one, I wore my beautiful little dirndl, a traditional German dress and on day two, children were taunting me:

*“Oh you forgot to take off your apron! Ha ha ha!”* as they were running away, or *“Heil Hitler! , Ha ha!”*, again taunting me.

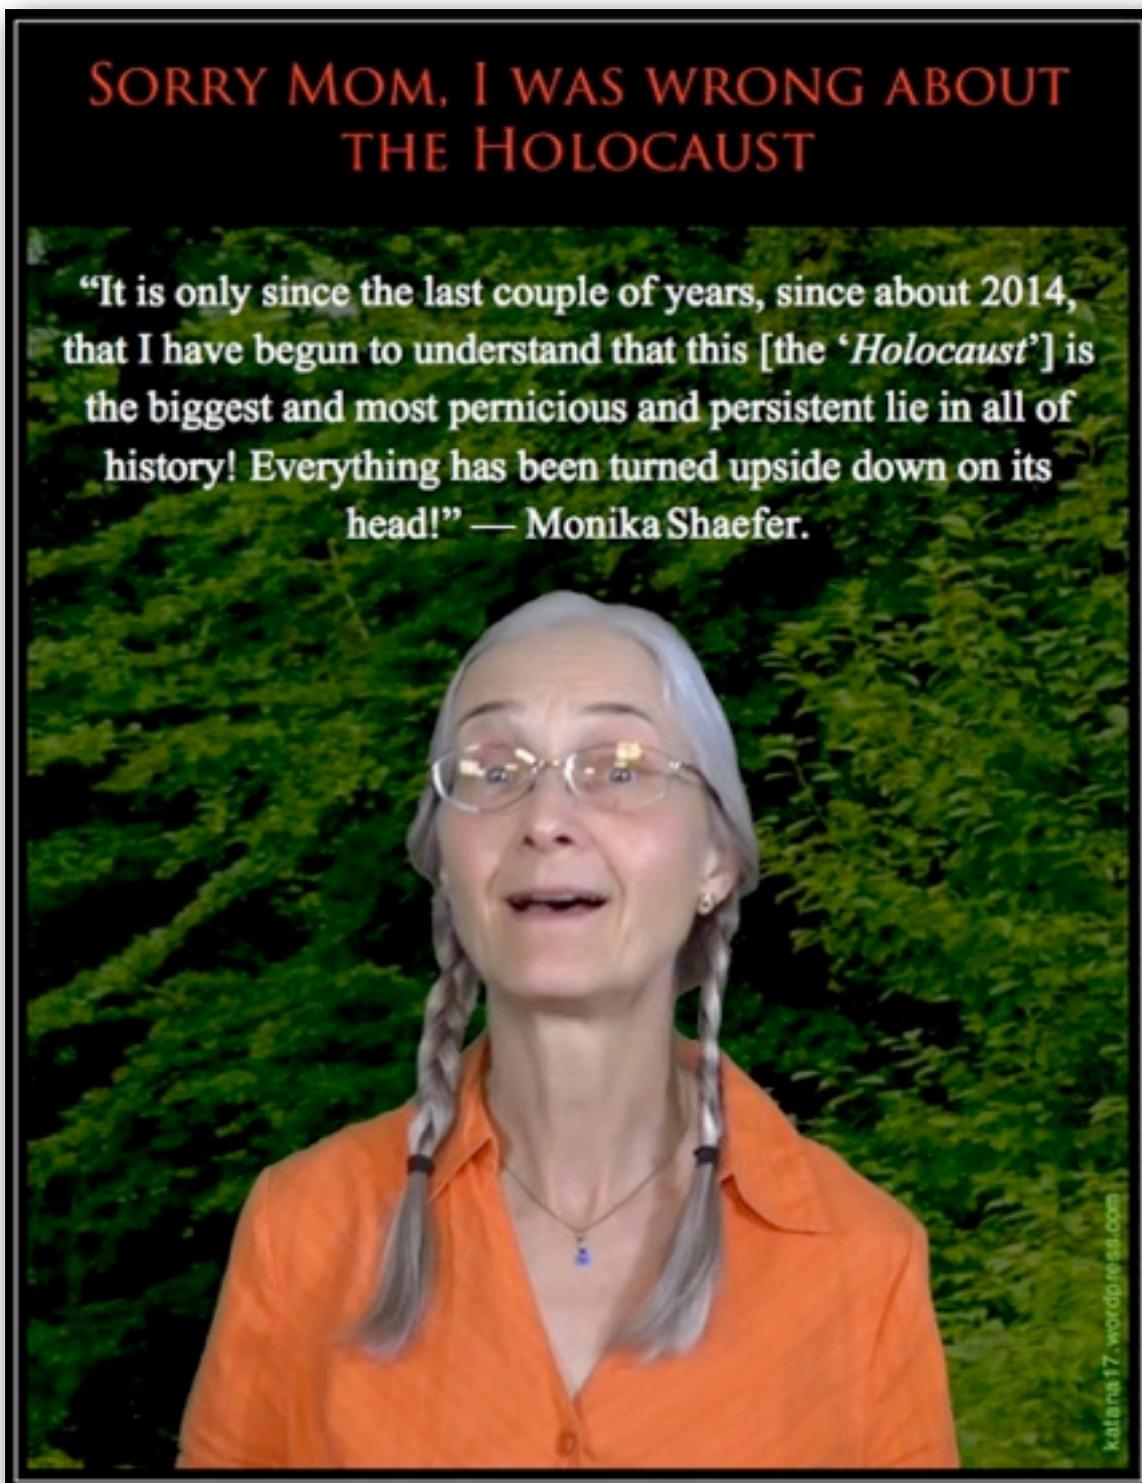

[Image] German women wearing *dirndl*. A *dirndl* is a type of traditional dress worn in Germany, especially Bavaria; Austria; and the South Tyrol, based on the traditional clothing of Alps peasants.

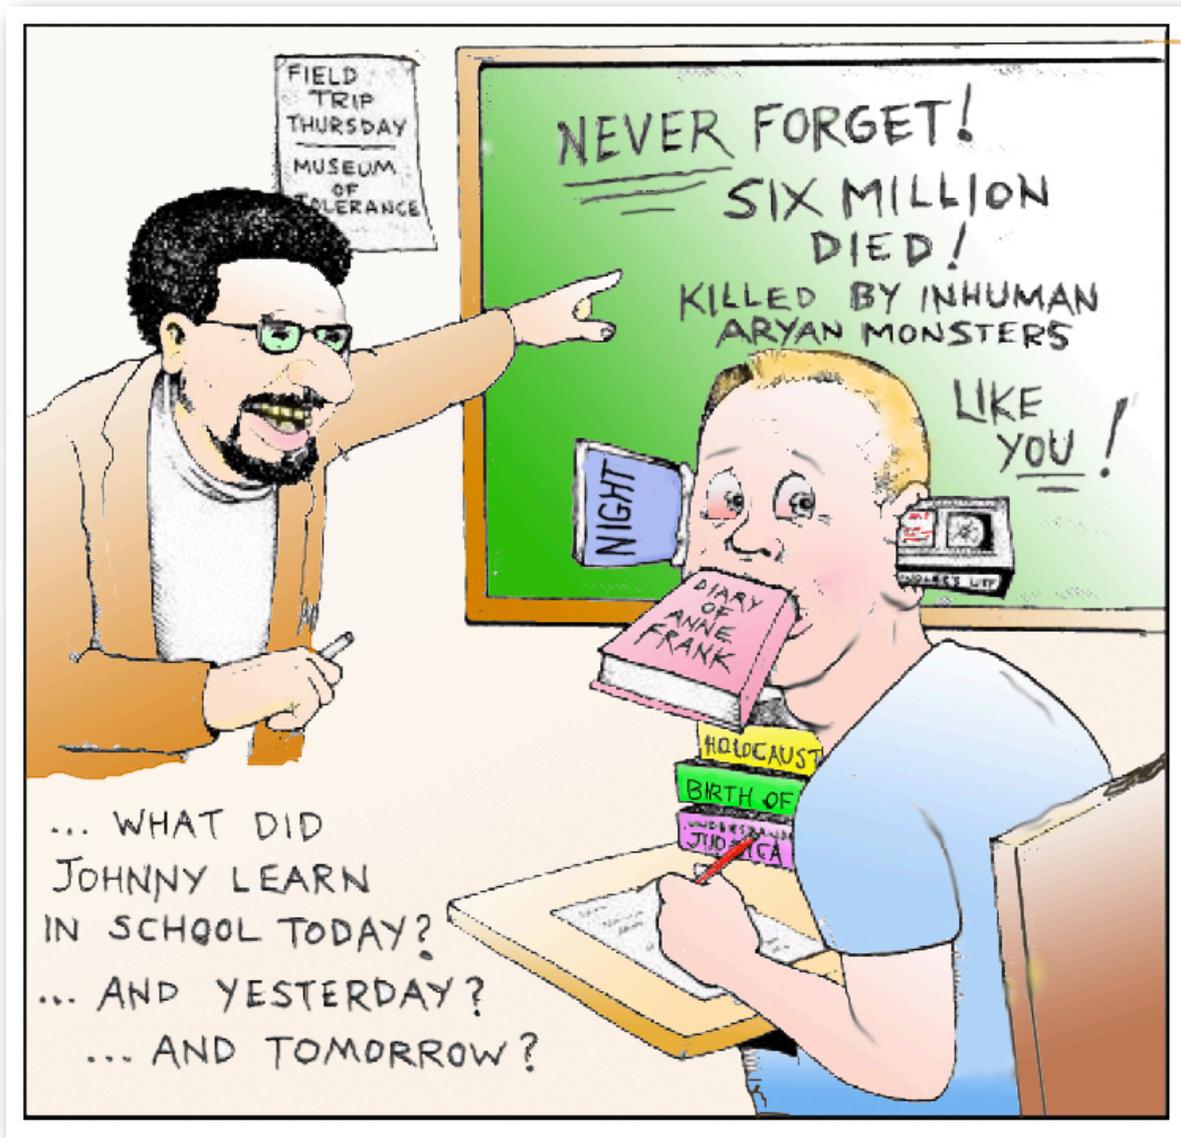

I didn't exactly know the meaning of that, but I knew it was not friendly. They were being cruel. That was very clear to me.

I'm reminded, just now, of the plight of the indigenous peoples of North America. They were also made to be ashamed of their culture.

I would like to share with you now a deep regret that I have for something which I would like to apologize to my parents for, but cannot, because they are no longer alive.

Many years ago, I reproached my mother. You see I had been thoroughly indoctrinated as we all were. The stories seemed to be all around us, in school, in television in the very air, and the evilness of Adolf Hitler was as deep and diabolic as imaginable.

I said to her, to my mother:

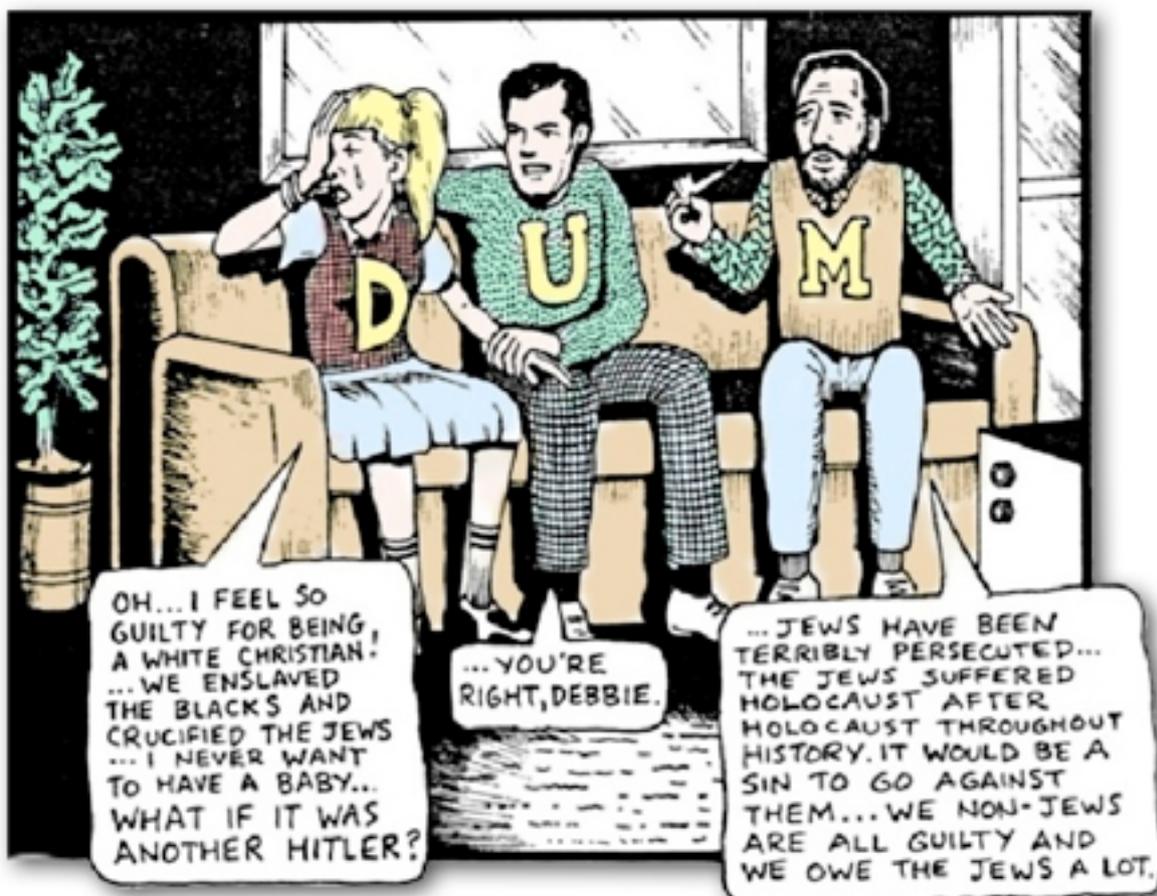

*“Why didn’t you, your friends, your folk, your family. Why didn’t you do something to stop these bad things from happening! Stop Hitler and stop these death camps! You should have done something! You must have known!”*

I was really upset, my reproach was bitter. She listened and she paused and very quietly and in a sad tone of voice, she said:

*“We didn’t know about any of that. We just did not know. We did not hear about anything like that!”*

Well, now I know why she did not know. It is, because these things did not happen! It is only since the last couple of years, since about 2014, that I have begun to understand that this is the biggest and most pernicious and persistent lie in all of history! Everything has been turned upside down on its head!

Yes, there were detention camps. Nobody denies that there were camps! And yes, the prisoners were kept against their will. Again, nobody denies that. But these were work camps. The prisoners of the camps were being kept as healthy and as well fed as was possible in those terrible war years. They needed to be kept healthy. How else could they perform the work? It was war, and so the camps were basically armaments factories. And how much sense does it make, by the way, to have a hospital in a death camp?

There were no gas chambers there. The only gas that was used was to get rid of the lice! Lice carried typhus and typhus was a deadly and

rampant disease. So they had to delouse the clothing to keep the people healthy. Now, why would they do that if the goal was to just exterminate the Jews? Makes no sense. That is the “*Six Million Lie*”, as I now like to call it, in a nutshell.

There is so much more to learn about this, and this is all readily available now in 2016 thanks to the digital age with, or without the “*thought laws*”.

Back to my family. What a relief it is for me to learn that my parents and grandparents were not part of a people that suddenly became monsters overnight! The reproach which I directed at my mother, I wish I could apologize to her for this. I am, in effect, apologizing to her now, to her spirit. I would like to invite you to find out more by searching the following titles that had such a meaningful and healing influence on me.

Thank you.

I take that back. I've been looking into it for the past hour and I am already convinced you are right. It really does look to be a lie. Even a cursory investigation pulls up evidence that is basically irrefutable that it couldn't have happened in accordance with the official story we are sold.

yh thnx for this honest video also we should do this= $365$  (Days in a year) \*  $6$  (Years the war lasted) =  $2190$

$6000000$  (Jews allegedly gassed) /  $2190$  (Days in six years) =  $2740$  (Jews killed per DAY)

$2740$  /  $24$  (Hours in a day) =  $114$  (Jews killed per HOUR)

This does not include the 5 million others who were also "killed", nor does it include the extra three million alleged by key Israeli leaders.

This means, around the clock, Nazis were cleaning out, loading in, and killing Jews.

Every minute, nearly TWO Jews were killed. Their fat was somehow turned into soap, their skin into lamps, and their gold teeth were plundered.

How could the Nazi's accomplish such a feat?

Simple: They couldn't.

Please post more basic math.

Yet another jew has joined the ranks of the truth-telling jews such as David Cole (many Youtube videos), Benjamin Freedman, Norman Finkelstein ("The Holocaust Industry"), Brother Nathanael (nee Nathan Kapner - many Youtube videos), Roger Dommergue,, Gilad Atzmon, Gitta Sereny (jewish historian),etc. The list is growing so go ahead, call all these jews "neo-nazis", or "haters", or even "anti-semitic"!! Hahahaha, your precious Holohoax is crumbling all around you and you're too blind to see, Gerard Menuhin is jewish and the son of famous violinist and conductor Yehudi Menuhin and descended from a long line of Rabbis..

Gerard Menuhin's newly published book is titled "Tell the Truth and Shame the Devil". In it, Menuhin meticulously lays out the real historical truth - that the so-called "Holocaust" is predominantly a pack of jewish lies, and also what a great leader Adolf Hitler was to Germany. Your Holohoax myth is quickly collapsing, time for you Holohoax believers to get on the right side of history.

Here's some new material for you: Gerard Menuhin, yes the son of famous jewish violinist and conductor Yehudi Menuhin, just published his book titled "Tell the Truth and Shame the Devil". In it, Menuhin meticulously lays out the real historical truth - that the so-called "Holocaust" is predominantly a pack of jewish lies, and also what a great leader Adolf Hitler was to Germany. Thanks for the material. But what do I need this for? Reading a couple of quotes by Menuhin, and he states: ""Historians, however biased, are professional ledger-keepers of the past. I am not one of them, and this is not intended to be a formal rebuttal of commonly accepted narratives." He's not an historian. He's not even trying to refute the proofs and evidences that in his "opinion" are lies.

Why should I care to look into it? The fact that this guy is a jew (actually, his parents were) doesn't add nor detract anything from his arguments.

From Gerard Menuhin's book, "Tell the Truth and Shame the devil", p.17: "As Jewish jazz musician and author Gilad Atzmon says, 'The Holocaust is a complete forgery, initiated by Americans and Zionists.' " (Ruhr-Nachrichten 2005)

So, I guess we can add Gitta Sereny to the growing list of Holohoax truth-telling jews. Mental note, add two more jews, Gitta Sereny (yes, a confirmed historian)

" High level confirmation of lack of "gassing" evidence.

From Gerard Menuhin's book, "Tell the Truth and Shame the Devil", p.23: "Hoss, Kommandant at Auschwitz between 1940 and 1943, stated after his confession that he would have confessed to having gassed any figure that was wanted" 'Certainly, I signed a statement that I killed two and a half million Jews. But I could just as well have said that it was five million Jews. There are certain methods by which any confession can be obtained, whether it is true or not.' "

[Truth WillOut1 week ago](#)

Federico - Thanks for your handpicked quote from Menuhin's book, but let's finish the paragraph from which that quote came, mmkay? "It is a purely personal record, and I am accountable to no one for my opinions. However, in order to forestall charges of partiality, a certain balance in a subordinate subject is necessary. While the melodramatically named 'death camps' WERE NOT KILLING FACTORIES BUT INTERNMENT AREAS, IN WHICH THE DEATHS OF INMATES WERE A CONSEQUENCE OF CONDITIONS [my caps], enough evidence exists to confirm the existence of "Einsatzgruppen", task forces primarily created to to fight partisans and carry out the Kommissarbefehl, or order to root out and eliminate Soviet commissars, imposed by successive Communist despots in order to implement their dehumanizing ideology, and hated by the people. These mainly Jewish commissars were therefore political

officials and not soldiers, and they had no moral right to protection under the Geneva Convention (1929), which the USSR had anyway refused to sign."

So hey, thanks Federico, for your handpicked quote from Gerard Menuhin's new book - "Tell the Truth and Shame the Devil". Got any more quotes for us?

hahahahahaha

nah, it seems you have enough quote for everyone. i don't really get how this guy's book should be more believable than the huge amount of evidence that historians have about the holocaust. you just.. believe in what he says for some reason? I studied all the main arguments made by revisionist, and let me tell you, I can't find a single valid point. "Extraordinary claims requires extraordinary proofs" my friend, and you simply don't have any. While we have a huge amount of documentation and testimonies about what really happened. I still have to met a single evidence about the contrary which isn't destroyable in matter of seconds by evidences and historic methodology. But go ahead, tell me what should I check to. Tell me what are the 3 (or whatever) main evidences that would prove without any doubt that the Holocaust didn't happen and that it's all a lie.

Reply

[Truth WillOut1 week ago](#)

Federico- Tell ya what Fred, here's a little exercise for you. If you can provide scientific proof, like an autopsy report or death certificate that shows the cause of death as gassing" of just one (not 4 million, mind you, just one) German camp inmate, then I will re-evaluate my position. You see, it is your side that has made extraordinary claims, so the burden of proof is upon your side making these extraordinary claims.

The extraordinary Holocaust claims of 6 million jews gassed and cremated requires extraordinary evidence. And yet, when asked to provide the evidence, the jews say that you are not supposed to ask for evidence, that it's all just "in plain sight", or "self-evident", and that "everybody knows it happened", etc.

They cannot provide verifiable evidence, just like Raul Hilberg (top jewish Holocaust and author) couldn't provide any tangible evidence of "gas chambers" at the trial of Ernst Zundel, in Canada, 1985, after 40 years of research. In fact, the jews don't want anyone asking questions or doing any kind of investigation.

People who try anyway, are called "haters" and "Holocaust deniers". etc. Their careers are ruined, they are taken to court, thrown in jail, and basically ruined for life by these sweet, holy, innocent jews. Powerful, moneyed jews have influenced lawmakers with their clout in 17 European nations to have speech that questions the Holocaust made illegal, with fines and prison sentences. Enforced censorship. But truth does not fear investigation, only lies fear investigation.

[Show less](#)

Reply

[Federico Forlani 1 week ago](#)

I am against any form of speech restriction, I firmly believe that anyone, even you revisionists, have the right to say what you want, and at the same time I have the right to listen to everyone. No one has the right to tell the others what to think or say. I do not agree with those laws, and even if I understand the reason why there were created in the first place, I hope they will be cancelled.

That said, historians have no doubt on what happened and what the numbers were. There are so many proofs and evidences that it's really hard for me to understand how denials still exists. What is your point? The number or the methodology of the killings? Or you're saying that nothing happened? After the WWII there were about 6 million jews missing from Europe, where did they go? Only recently the number of Jews in Europe is coming back to the pre WWII level. Luckily, Allies recorded everything they saw and everything they found, and also plenty documentation by the Nazis themselves. There's little space for speculation.

You say "The extraordinary Holocaust claims of 6 million jews gassed and cremated requires extraordinary evidence." No. No one says that 6 million jews were gassed and cremated. We says 6 millions jews died.

About 3 millions of them died in the lagers, part of them were gassed, many of them died due to starvation, illness or just shot. The other 3 millions people were killed outside of the lagers, executed in the streets and in mass murderings. They didn't even get to the camps. In some cases even 25K, 30K people in a few days. We have evidences of all of this. There is documentations, proofs, testimonies, everything you need to understand what happened. I encourage you once again to read what the scholars have to say about your doubts, there are many scientific and reliable sources out there.

Also, I'm reading some kind of racial statement, in that "sweet, holy, innocent jews." If this is the case, that's simply disgusting.

Any truth seeker knows the Jewish power structure ... The Talmudic zio "elite" are behind pretty much all of the worlds problems. From globalism, to open borders, to anti family and anti Christianity, to the majority if not all wars and the most heinous... The holocaust lie. Repeat a lie over and over and over with zero evidence and it becomes truth for the masses. The pictures and videos are mostly from the end of the war and a lot were Stalins camps... The Hollywood Jews know the holocaust is at the very least a huge exaggeration but they need to keep their control over the goy going, so they churn out 5 Nazi movies a year.

Always with the anti white agenda. Disgraceful. I hope they get what they deserve and the rest, including the common Jews get the awakening they deserve.

I have no idea whether the Holocaust happened or not.  
I REALLY DON'T.

All I know is this:

When you use the power of the state to prohibit the DISCUSSION of certain ideas, I immediately get suspicious of the truth-value of ANYTHING you have to say.

If Islam is peace, we should be able to discuss it without someone branding us "Islamophobic".

If all human populations are exactly the same, biologists shouldn't be fired for doing research into IQ differences.

If the Holocaust happened, then instead of slandering David Irving and destroying his livelihood, have debates with him and prove him wrong.

There is ample digital evidence for the holocaust. Check out the evidence of the emaciated bodies piled in heaps, in concentration camps! And the film documentation. And the war records. And the testimony of survivors. How can you not notice that on the internet?!

I, a Jew, dated a German. When my father discouraged me, I said, "Dad, he didn't single handedly murder the Jewish people!"

That is the correct answer. Because we are all just people. And bad things happen, even if they are outside our control. I don't hate Germans, I hate the human capacity for evil.

You, personally owe an apology to all of the people who were tortured and murdered. You have just denied their suffering, their pain, their humanity and their existence.

The holocaust industry rakes in billions from brainwashed and gullible citizens who have never taken the time to seriously do the research. Thus it is possible to indoctrinate people from primary, secondary, tertiary education and into their adult lives with constant reference to the holocaust in films, radio and TV. They are forced to accept this non-event and to attack anyone who disagrees. This irrational behavior overwhelmingly proves that there was no official German policy to exterminate Jews and that the "gas chamber" stories are lies. I would rather be hated and rejected for living an honest life and seeking the truth, than be loved and accepted for living a deceitful life and accepting falsehoods.

The truth fears no investigation. It's only lies that need laws to protect them from public scrutiny. The fact that it's illegal to even question the "official Holocaust" story should raise red flags to anyone who claims to love freedom of thought and speech. You should be raging mad whenever you are not allowed by law to question some official government story.

My father was a driver in and shortly after, the war - he took a senior officer the Belsen and saw the results of what went on there for himself. I agree that making 'disbelief' a crime is not sensible, or moral, but the evidence speaks for itself - I see no counter evidence here, just a straw man put up to hide behind. There are gas chambers there for all to see, there are the invoices for the gas, there were constant train loads of people - the authorities kept good records. The chimneys did belch foul smoke. Prove that they didn't; prove that those films shot in the camps were, for some reason, staged and then I will listen, don't just tell me that it does not make sense, I know that already, but that does not make me think it did not happen. I am also sorry if this puts a blight on the history of a nation, but not that sorry.

History can not be changed because a person wants it to, wills it to, prays for it to, imagines it to, etc. I guess slavery didn't happen either (and doesn't continue to happen in the world) because I don't like it and it hurts my head and heart to imagine it.

There! Now that it doesn't exist, I'm starting to feel much better. Sorry about what I said earlier, it's not true, it was just my knee-jerk reaction to your comment. You know that I'm not "making up such lies". The holocaust was gross, I couldn't possibly (nor would I want to spend time making up disgusting things). The thing that I can't stand is that people read all these crazy conspiracy theories online and instead of reading a variety of sources and balancing it out, they stop listening to other points of view. I have personally heard stories from both sides.. to my face. From loved ones and from jewish friends. My family were nazi's, my mom's best friend's father survived a concentration camp. This is personal for my family and to say that our experience didn't exist is.. weird. For me, I've heard Tons of stories.

Tons of evidence. We have photo albums!! I used to break in to my oma's closet to look. One quick family story for instance, that is too crazy to make up. My great-uncle was such an ideal SS "aryan", he was selected to be a breeder for the "master race" and had to do breeding visits with the special selected aryan women between his tours of killing. He ended up getting crazy depression one day, stopped talking and committing suicide soon after the "breeding". My oma still says it was the breeding program that broke his faith in the "nazi cause". I'm sorry, but I'm going to believe the stories and letters and surviving nazi drama in my family (and the really weird war trauma that still exist) over "facts" from you.

Hanna- You're the tool: One million tons of nightmare hallucination storytelling is not supported by a single concrete fact. The scientific and documentary evidence (supported by the Bletchley Park decrypts) demonstrates that there were NO human gas chambers in Auschwitz. The only real gas chamber there was 10 cubic metres in volume and was used for delousing clothes to keep people HEALTHY for work. This was built after the thousands of deaths from Typhus in late summers of 1941/42. Furthermore why would Nazis be busy trying to save workers lives and exterminate Jews at the same time. This makes no sense because the story we have been told IS A LIE.

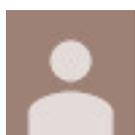

People falling for the Holocaust myth are victims of years and years and years of indoctrination. It is very difficult to make them snap out of it. Before you can explain the impossibilities of the claims that make the so called Holocaust, they are already in a rage of fury spewing a passionate rant. All logic and reason are suppressed by their overheated emotions. These duped Holocaust believers are the ones who do not base their beliefs on evidence. They approach the issue with the assumption that no one could possibly question the Holocaust unless they already hated Jews. But these believers usually know very little about the subject, and almost certainly have never examined the actual arguments of revisionists, or as they call them, "deniers." The Nazis put Jews

and others in labor camps, but there is no physical evidence whatsoever that they used homicidal gas chambers to exterminate them, and the accounts of the supposed extermination are physically impossible.

There is still not one documented case of a gassing and not one picture/video of a working "homicidal gas chamber". The scientific/legal evidence supporting an extermination plan and gas chambers is so threadbare it's laughable. There are too many inconsistencies. Anyone with half a brain who takes the time to look into it for themselves will conclude there were no gas chambers and no extermination plan.

[Jay Morry3 weeks ago](#)

The alleged jewish holocaust is the 3rd biggest lie in all of history. The 1st biggest lie is that Jesus (Yashua the Christ) was a jew, i.e., what we falsely refer to as a jew today. (Ashkenazi) Jesus made it plainly clear in the Bible that he was not one of them, and that they had (have) a different father (satan). "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." (John [8:44](#)) He that is of God heareth God's words: ye therefore hear them not, because ye are not of God. (John [8:47](#))

The second biggest lie ever told is that today's so-called jews are the Israel or Judah of the Bible, which they are not. Rather, they are Edomites from Idumea, and they admit so in their own writings. "Esau-Edom is modern Jewry." 1925 Jewish Encyclopedia, Vol. 5 page 41. (Edomites are demon seed Canaanites from Idumea). NOT of Israel or Judah. Jews were NEVER SLAVES in Egypt with Moses: John [8:33](#), so "Jews" cannot BE the Israelites of the bible, despite what you THINK your bible says! "Strictly speaking, it is incorrect to call an ancient Israelite a "Jew" or to call a contemporary Jew an Israelite or Hebrew." Jewish Almanac 1980, p. 3. (Jews know they are frauds). "Edomite Jews began to call themselves Hebrews and Israelites in 1860." Encyclopedia Judaica 1971 Vol. [10:23](#)

I would also like to mention that the US has just committed a war crime by officially announcing that it is conducting military operations inside Syria without an official invitation from the legitimate Syrian government or a UN resolution. Highly illegal and if any other country other than the US or a NATO Allie did this the US would be screaming to the world to invade that country and bomb them to smithereens. But it's ok for the US to invade a country without permission because hey 'we are the good guys' (hack hack hack...sound of choking on my own bile rising).

The following is part of an article on the Historical Review site Titled "Nuremberg Trails and the Holocaust"

A tragi-comic incident during the Dachau proceedings suggests the general atmosphere. US investigator Joseph Kirschbaum brought a Jewish witness named Einstein into court to testify that the defendant, Menzel, had murdered Einstein's brother. But when the accused pointed out that the brother was, in fact, sitting in the courtroom, an embarrassed

Kirschbaum scolded the witness: "How can we bring this pig to the gallows if you are so stupid as to bring your brother into court?" /65  
August Gross, a German who worked as a civilian employee for the U.S. Army at the Dachau trials, later declared: /66

The American prosecutors paid professional incrimination witnesses, mostly former criminal concentration camp inmates, the amount of one dollar per day (at that time worth 280 marks on the black market) as well as food from a witness kitchen and witness lodging. During the recess periods between trial proceedings the US prosecuting attorneys told these witnesses what they were to say in giving testimony. The US prosecuting attorneys gave the witnesses photos of the defendants and were thereby able to easily incriminate them.

A young US Army court reporter at the Dachau trials in 1947, Joseph Halow, later recalled the unwholesome situation:

The witnesses in the concentration camp cases were virtually all of the sort we court reporters termed "professional witnesses," those who spent months in Dachau, testifying against one or another of the many accused... It was to their economic advantage to testify, and many of them made a good living doing so. As one might well imagine, the motive of the professional witnesses was also one of spite and revenge... In many instances their vengeance included relating exaggerated accounts of what they had witnessed. It also included outright lying.

In one case, testimony provided by the prosecution witnesses "appeared to raise more questions than provide answers. Some of it was obviously fabricated, or so grossly exaggerated as to render it unbelievable. There were repeated instances of mistaken identity of the same accused, and vague, uncertain statements about some of the others." Moreover, Halow reported, the US courts paid "scant attention to testimony by and for the accused."

They lied to us about everything, its time to wake up now, the fairy tail is about to become a real nightmare.

They are a parasitic race, and now to see that proof, look at Israel's infrastructure, it is all German, built from what they raped and pillaged from Germany.

STUDYING THE HOLOCAUST HOAX/ A COMPILATION/RE: - Ursula's Message in English

STEPHEN PAINE · SATURDAY, AUGUST 27, 2016

RE: ICH BIN URSULA - Ursula's Message in English: <https://www.youtube.com/watch?v=J1C...>

Thank you Ms. Ursula! I am a researcher and this good lady is telling the truth, and it is a fact that actually it is the Jewish people that murdered the Germans and destroyed their nation just like they are doing to America now. The Jews had been expelled from over 100 nation prior to Germany being destroyed by them for doing exactly the same thing. I have all the research as do many good scholars, just click my icon for essays, or videos.

Hitler was actually playing both side and was a Jesuit working for the Jews as an infiltrator for their NWO plans. This is the paradox that makes it hard for people to figure out what happened. But these masonic devils have always used infiltrators in this way, so why are people surprised?

I believe it is because of the magnitude of the brainwashing propaganda that was droned into the American people since birth to make sure they believed in the Holocaust. As we know the jews own all the media and entertainment, and have the dirty little hands in our education system and the history we are given.

One just has to wonder how did these devils get into our American business so deep and with so much control, and then you can see why they have been expelled from so many nation in histories past by just the things they are doing to us; you realize that the testimony from past nations of the jews dirty deeds with financing and the rest are all true.

Is not the world tired of this parasitical race of people, aka Israel controlling the entire world for their insanity based Zionist religio-political NWO plans.

Best!

The truth is already out. Now we are just waiting for the storm break loose.

Every action to silence those who speak up only awakens more and more people. Anymore, you don't have any other means to protect your web of lies than violence. I know you psychopaths don't hesitate using extreme measures, but that's a path which will certainly lead to your demise. No matter what, hard times are a head of you. What I don't understand is why common jews don't step up and try to ensure an easier future for them by acknowledging the facts, because the common jew is going to be the one taking the heat on the streets.

The world is not going to forgive or forget all the things you have done, never again. But do you think your leaders are willing or even able to protect you when things get hard? Or are they just going to try to save their own necks? Like I said, time is running short and now you're focused on trying to save a sinking ship by calling everyone an idiot or a neonazi. But, the sooner it's over, the easier it's going to be. So, I encourage every common jew to speak up about the facts, no matter how painful that might be. History is repeating itself once again.

I just wonder, where are you going to run away this time?

+Ree Tom Did you know that only two eye witnesses have ever been cross interrogated about their holocaust experiences? After the interrogations during the Zündel trial in 1985 they had to conclude that both Arnold Friedman and Rudolf Vrba were not reliable witnesses. Arnold Friedman admitted that he had made all up. Rudolf Vrba was forced to confess that his holocaust story was for the most part fictional. Vrba still is considered to be one of the most prominent Auschwitz-survivors though, and he was interviewed in the documentary Shoah too. When he was asked during the trial, had he been telling the truth in the movie, he replied: "I do not know. I was just an actor and I recited my text."

Zündel trials basically proved the holocaust to be fraudulent from start to finish. Holocaust is already proven to be a lie, in a court room.

Ms. Schaefer I listened to your observations to dismiss the atrocities committed by the German Army and the german people. Not to know of these atrocities you would have to be living under a rock. The german army did keep records of Jewish inmates. Tattoos along with clothing insignias were used for tracking and classification purposes. I loved your arguments concerning the "work camps".

I'm shocked you didn't take it a step further and support slavery. By the way, you failed to mention the ghetto. Perhaps you're working on an explanation. Pa Gromheizer: perhaps the tally is not consistent with the 6 millions. none the less a state sponsored massacre (genocide) did take place. I have personally met survivors with their forearms tattooed. I have visited most European countries and all have scares from the Holocaust. There is a German movies based on true accounts worth watching:  
Labyrinth of Lies

As for Truth Will Out: the statement is not consistent with defending yourself against an accusation. The observation is the seeming dismissal of the event(s) that transpired when people were kept in ghettos and systematically starved, kept from earning a living, possessions taken, legally sanctioned discrimination (Nuremburg laws), enslavement and eventually killed. Somewhat trivialized in her account. There is a "subtle" difference between and accusation and an observation. I should have been clear and written for an audience with a fourth grade comprehension level. Please do not write to redress my comments. It will only prove more of an embarrassment to me by taking advantage of a simpleton.

General Eisenhower, Churchill, and French President Charles De Gaulle were all Holocaust deniers.

Eisenhower's book, "Crusade in Europe" is a book of 559 pages; the six volumes of Churchill's "Second World War" total 4,448 pages; and de Gaulle's three-volume "Memoires de Guerre" is 2,054 pages. In this mass of writing, which altogether totals 7,061 pages, published from 1948 to 1959, one will find no mention either of Nazi 'gas chambers,' a 'genocide' of the Jews, or of 'six million' Jewish victims of the war." These prominent world leaders from three western nations most involved in the War on Germany knew very well that Germans established Labor Camps because they were at war and this was the only way to meet their desperate wartime needs. There has never been a plan or an order to exterminate the Jews, only plans and orders to keep the Jews alive and to minimize life losses, although Jewish plans to destroy Germany are well documented.

The Director of Holocaust memorial Yad Vashem in Israel, Yehuda Bauer is also a Jewish historian and author who admitted: "The public still repeats, time after time, the silly story that at Wannsee Conference, the extermination of the Jews

was arrived at"...hardly a conference" and "little of what was said there was executed in detail." Yehuda Bauer, Canadian Jewish News (Toronto), Jan. 30, 1992.

Is my avatar slightly less offensive after watching this? ... :-)

It is a recoloring of the Japanese navy flag, obviously to hint at the national color of Libya. Hitler's swastika is put on top of it.

It has no meaning except to suggest that there are connections between these three powers. Hitler was the hero of the 20th century for his national pride and bravery, and Gaddafi was another one. Gaddafi was a revolutionary like Hitler and sought to reform the society by excluding illegitimate exploitation and internationalist corrupting influences.

I don't think the Japanese were as bad as they say - the reason is that I've lived in Japan for 5 years, and without doubt they have the same heart as other peoples and there is nothing wrong about the Japanese gene pool (same as Germans). The scope of Japanese war crimes, while bad and terrible to its victims, is nothing out of this world when you look at the other barbarism -- largely allied -- of the 20th century.

We are all one!

Let's break down artificial barriers and look critically but honestly at past and current events. Let's dismantle illegitimate power structures and sue those who suppress free speech or greedily exploit others. Let's acknowledge each people's rights to preserve their way of life, and let's never stop questioning the rulers of the world (Bilderberg, etc.)

The Holocaust was a lie. Actually, the mass extermination via gassing in gas chambers and the mass cremation of these bodies, is a big, fat lie. The part about working in the camps isn't, and bodies were cremated, but only after deaths by overworking, old age, or illness. Overall, pretty good video. And nice green screen!

P.S. Some kids at my school keep making jokes every day about gassing the Jews, gas chambers, and Adolf Hitler (yes, they are making these jokes, every day, and I don't live in Israel, Poland or Germany, or anywhere like that). I told them that, theoretically, the Jews invaded Germany, due to my view that the occupation of any area, especially an area already populated by another civilisation, ie the Germans, would be considered invasion (by me).

Granted, it was not a good thing that the Germans booted out all the Jews and sent them to Poland to work in concentration camps, but it wasn't exactly extermination. And the Jews probably weren't innocent either, at least some of them. The majority were workers, but I have a slight suspicion that there were some powerful organisations in other countries (perhaps Israeli), as well as the NSDAP, involved in the war, who have never been mentioned in British/US or other Western history books.

Now, because of my quote "The Jews invaded Germany", some ethnically-Serbian loser has decided to taunt me about this every day, and says that I am some sort of conspiracy theorist who believes that the Illuminati still exists and that Queen Elizabeth 2 of England is a lizard (I am not British). This person is foolish. I tell him, "How does it feel to be a member of the country who was the immediate initiator of WW1?" (not in the same way though) Also, Germany is a cool country, and I know some cool people from there. Probably my favourite foreign country.

There are reasons for the assumption that our share in this fight is of general importance. We shall start a spiritual and material war of the whole world against Germany. In this sense, Hitler was (as Stalin, also a Jew) useful for establishing the State Israel. The BRD/Germany turn is nothing more than the placenta of this state and this because the German people silently as possible handle, a sort of escrow the Zionists for the final solution (genocide) of all Germans. Lanz von Liebenfels (Jew and advocate of Idea the Jews to settle in Palestine) gave Hitler ideas on how Jews could be moved to Palestine. Has Hitler later implemented in Havara agreement with the Zionists. Read the book: "Adolf Hitler Founder of Israel" of Kardel because one's eyes are opened. Much of the Nazis themselves were Jews or part Jewish as Heydrich, Eichmann, Streicher, Hanfstaengl, Goebbels, Frank, Canaris, Morell and could be determined hundreds more on listing. They have consciously or unconsciously all definitely helped

the Germany is destroyed and the terrorist state of Israel in the wake ensteht. How wrote the founder of Zionism in his Diary: "The governments of all countries that the Antisemitism are afflicted, have an interest in us help, that we may preserve the sovereignty ".

And in his diaries he wrote about Zionism: "The anti-Semites will be our most reliable friends, the anti-Semitic Countries our allies. "(Journals, Vol. 1, Jewish Verlag, Berlin 1922, p 93.) In this sense, Hitler was (as Stalin, also a Jew) useful for establishing the State Israel. The BRD/Germany turn is nothing more than the placenta of this state and this because the German people silently as possible handle, a sort of escrow the Zionists for the final solution (genocide) of all Germans. Martin Luther had no hatred for the Jews but had a love for Germans People have and therefore the people and all Christians from the machinations the Jews warned. The context shows that he especially Power Jews thought that the whole nations with the interest occupied by manipulating the Kings. The many Lies that they spread today about Jesus Christ until today. Then Ritual murders carried out according to the Talmud and wourden probably are.

Jesus Christ brought it in Joh.8.44 to the point: Ye are of your father the devil, and the lusts of your father ye do. He was a murderer from the beginning and is not in the truth; because the truth is not in him. If he speaketh a lie, he speaketh of his own: for he is a Liar and the father of it. "

Well done, Monika! As I said to colleagues who couldn't believe there were people "crazy enough to deny the Holocaust", the only difference between Adolf Hitler's supposed homicidal gas chambers and Saddam Hussein's supposed Weapons of Mass Destruction is the state of the media in the two eras. In 1945, almost all of the world's mass-circulation papers were in Allied hands, and they were obviously not willing to tell the victorious, righteous-feeling Allied populations that the Nuremberg trials were kangaroo courts designed to certify propaganda lies these very press outlets had fed them during the conflict. In 2003, however, there were plenty of institutional and individual opponents to the Iraq war who could go on site after the US invaded, and check whether said Weapons of Mass Destructions had any reality or were just a propagandistic pretext to attack that country. Such critical outlets also revealed the burlesque nature of Saddam's "trial". Please let us now how you are faring against the Canadian Human Rights commission from time to time. You may want to set up a website to collect donations.

Your Ernst videos are interesting, particularly "Ernst Zundel: A Spartan of the Spirit"

I'd like viewers to watch this as well because of how ruthlessly inhuman and sick it is in targeting the blond-haired, blue-eyed German man (the most hated enemy of Zion and the #1 target of White genocide the world over):

"Inglourious Basterds - Baseball Bat Scene - "I Respectfully Refuse, Sir!" - Full HD"

It pairs well with Juri Lina's "Under the Sign of Scorpion" (you can find the full text freely available online, such as at Archive dot Org) and Benton Bradberry's "The Myth of German Villainy"

Allow me to quote from a Renegade Broadcasting comment -----

“Hellstorm”, the documentary video is very good, and I would highly recommend it to anybody. “Hellstorm”, the book, is another creature entirely. I found it unbelievably brutal to read. Every page I literally felt like I was being kicked in the stomach. It was the most difficult book I’ve ever read....literally one nightmare after another. If we ever get out of this mess, I believe “Hellstorm” will be hailed as one of the most important books of the era.....it shows in a way no other book has managed to do the unbelievably horrific nature of the jew. Get a copy of “Hellstorm” and read it cover to cover, if you can.

I don't agree with stereotyping a whole group of people, but that's the quote verbatim and I have to admit I haven't read Hellstorm. "The most difficult book I've ever read." Enough said.

Watch Public TV (Channel 13 in NY), they show many documentaries with LIVE photos & movie clips. Eisenhower ordered to take as many photos & movies as possible so YOU won't deny it. You can see in a LIVE video clip how the American army liberators forced the local villagers (who smelled the burnt bodies!!!) to come & see the disaster. I met so many thousands of survivors, they have survivors groups in every town in the world!! I heard first hand live stories of horrific killing! Most people in Israel lost loved ones! It's hard to believe there are people who deny for their own reason, but it won't help the fact that millions of people died, Gypsies, Polish, Hungarians, Jews, etc. Hitler's agenda was to kill everybody except the "Supreme" Germans. Amazing how one crazy person can brain wash a whole country (Germany), and planted a seed, so till now you have so many Nazis!

The German people are waking back up and taking to the streets again, they are upset about the refugees being brought in and dont feel that the government is protecting them. Germany should be a super power. Most sophisticated everything. The number of deaths in camps just keep rising..... How many times have they changed the sign at Auschwitz?

While I was touring the camp I encountered three men who had been inmates and by one ruse or another had made their escape. I interviewed them through an interpreter. The visual evidence and the verbal testimony of starvation, cruelty and bestiality were so overpowering as to leave me a bit sick. In one room, where they [there] were piled up twenty or thirty naked men, killed by starvation, George Patton would not even enter. He said he would get sick if he did so. I made the visit deliberately, in order to be in position to give first-hand evidence of these things if ever, in the future, there develops a tendency to charge these allegations merely to 'propaganda'."

Fun Fact: Jews declared HOLY WAR on Germany way back in 1933- a few days after Hitler came to power... Hitler wasn't "responsible" for doing anything yet at this point... Just google (((Samuel Untermyer))) and the (((World Jewish Congress))) to find out about this little known episode in history...

Another Fun Fact: Jews were responsible for the hyperinflation of Germany's economy pre-National Socialism... The Wiemar era was completely dominated by Jews who basically ruined Germany's entire economy...

Third Fun Fact: As many Germans stated at the time, which was true, Jews most certainly did "sell out" Germany toward the end of WWI... Jews went to England and told them that they would get the US into the war on the side of the English if and only if England would hand over Palestine to the Jews after the war... This is how the Balfour Declaration (which was actually addressed to the Jew named Rothschild) was put in motion and thus the real reason the largely isolationist US became involved in WWI...

120 MILLION white CHRISTIANS were murdered by WHITE CHRISTIANS at the behest and PAID FOR by the ZIONIST agenda to create a world filled only with - - - JEWS -

Far more WHITE CHRISTIANS have had their bloodlines TRUNCATED from the gene pool through the JEWISH subversion of the educational commercial media and governmental institutions promoting self-sterilization, contraception, and abortion - their descendants NEVER to feel the warmth of the sun on their faces - while the JEWS have been breeding like - (better not say rabbits, they'll call it dehumanizing)

Still, to the JEW - whether they follow Torah or Talmud, non-JEWS are considered GOYIM - worth less than a cow - to be enslaved or even killed without fear of punishment by man or god if it serves ZION -

The same is true for the ideology spawned from the bloodline of Israel's half brother Ishmael - To the Muslim non-muslims are INFIDEL, worth less than a cow, to be enslaved or killed without fear of punishment from Sharia or Allah if it serves ISLAM -

WHITE CHRISTIANS are all that stand in the way of a world filled only with JEWS or MUSLIMS, and neither Israel nor Islam can get on with the

extermination of the other so long as WHITE CHRISTIANS are around to prevent it -

Is it then any wonder to know why JEWISH doctors are only too happy to sterilize WHITE CHRISTIANS while talking JEWS out of it? Or innoculating WHITES with tainted vaccines while JEWS get the safe drugs? Is it any wonder that Muslims love beheading WHITE CHRISTIANS?

We have iniquitous designs on WHITES on MANY fronts - but we are INFIDEL and we are GOY and they shall *FEAR OUR PORK FOREVER*

Bravo. The Jews aren't to blame. The Anglo Saxon is. They are the true enemies of humanity. They are the enemies of nature, normalcy and most of all, the people responsible for the destruction of Germany and what it stood for. The White Anglo Saxon is answering to karma today as all of its slave colonies are rebelling against them. It's the Anglo that is a liar, twister and deceiver. The scourge of the White race. Us White people should "stick together"? I don't think so! We should unite and destroy the vile Anglo and take back the planet from them. Ugly, smelly, crooked teeth. Racist to their core. They are incapable of living in accordance with nature. They always subscribe to some form of extreme ideology and we are at their mercy. They are cave dwellers that crawled out of the darkness and began destroying the Irish and Scots. When they were finished, they set sail to Europe and have been destroying it since. Enslavers, revisionists, cultural supremacists. I am speaking about the White Anglo of Canada, the U.S, Australia, New Zealand and other STOLEN lands! The Anglo that thumps their chest in pride as they claim their culture, history and nations are the greatest the world has ever seen. The same clan of White people that can't go more than 100 years without a violent revolution. A clan that lives off the tax slaves they call subjects; you and I! The Anglo Saxon, unlike other White people, has never, ever built anything by themselves. Their civilizations are built

on the blood and bones of colored people and other White people and these English speaking cocksuckers have the balls to judge Germany and Hitler?

Hitler and his Germany were the moral and intellectual gold-standard of the White race. Which is why the sludge eating Anglo cave monkey had to level the entire nation to rubble. The Anglo man fancies his wife a boss. He is a feminine faggot and his wife is masculine. Homosexuality is hereditary with these people. Fuck them, fuck their history, fuck their culture, fuck their revisionism, fuck their gender-equality, fuck their public education, fuck their media propaganda machines, fuck their films, fuck their art, fuck their Marxism, fuck their Christian neo-conservatism, fuck their homosexuality, fuck their politics, fuck their kings and queens, fuck Trump, fuck Hillary, fuck the founding fathers, fuck Churchill, fuck their language, fuck their jingoism, fuck their WW2 lies, fuck their racism, fuck their constitution, fuck their colonies, fuck their emasculated existence, fuck their nasty food, fuck their shit-kicker music, fuck the south, fuck all you White and colored English coons, fuck their children and fuck their race! Weakly, skinny, emasculated faggot that eat and take orders from pussy.

No wonder mother nature has declared genetic genocide on these mother fuckers! In 100 years, thanks to homosexuality, birth control and feminism, the Anglo will be extinct! The damage these evil pagans have caused the White race's reputation is crippling. I have to give my colored friends a 6 hour history lesson just so they can see me as a normal human being. Who has taught the west about WW2 if not the Anglo and Jews? No thanks you White devils. I will do my own research. Come to find out, whenever I do my own research, I always conclude that the Anglo Saxon is genetically allergic to facts and truth. A species that lives in science fiction! This is Anglo truth:

There is no God  
We evolved from monkeys  
Dinosaurs are real  
CBC, NBC, BBC, ABC, CBS, CNN, VH1, MTV, BET, Fox etc aren't  
propaganda.  
Native Americans were barbarians!  
Native Americans weren't massacred; they were civilized.  
Blacks were happier as slaves  
English isn't a half-ass copy of German  
Africa is a shit hole  
Blacks are dumb  
Hitler was evil  
The good guys won WW1 and WW2  
The nuclear bombings of Japan were necessary  
Women are equal  
Homosexuality is normal  
Muslims are invading but it's okay when we invade  
Saddam had WMD  
Jews aren't massacreing brown Arabs

Israel isn't stolen  
The FED doesn't control the world  
Jesus was White  
Everyone on earth is backwards and needs to be civilized  
Muslims hate women  
Masculinity is dangerous  
We aren't in the middle east murdering brown people for oil  
The U.S is the greatest nation in human history  
The constitution is sacred  
Not standing up for the national anthem is rude

I can go on forever about how lizard and alien the Anglo's are. Ultimately , good on Black people, Indians, Native Americans, Chinese and lastly, Adolf Hitler for wanting to throw off English rule. Too bad he didn't invade that island and force the English back into their caves. The Anglo has demonized freedom fighters as terrorists and deified genocidal mad-men as Gods! The Anglo White woman is the most evil and wicked creature to ever exist! They all carry an STD called feminization! You fuck an Anglo White woman and your balls fall off into her purse. They have destroyed every continent, race, culture and people on earth and get angry when you defy their rule!

Is it not the White Anglo that goes into a rage when discussing Hitler? Is it not the Anglo that will turn me into a social outcast if I reject your lies about Hitler? Why? What are you afraid of?

Why do conservative and liberal Anglos hate him so much? Anglos can't agree on the color of shit. But the one thing that unites you people is your hatred for Hitler. Why? I don't see Jews waving Soviet flags at Democratic conventions. I see White American liberals; the anglo White liberals!!! Hitler's best friend was a moorish.

Hitler's allies were colored people. Hitler and his Germany murdered, hung, lynched and enslaved 0000000000 Black people in Germany! Hitler, unlike the Anglo, loved and adopted different cultures. The Swastika is a symbol for life, not death. Hitler hated slavic people and Jews only! Why? Because of WW1 and communism. People of color were living in Germany with dignity and peace.

Never have people of color lived in peace in Anglo nations. You can call me on any A/V messenger you prefer and see for yourself that I am a 100% White, 100% proud European that fucking HATES the Anglo race BECAUSE of what they did to Germany, Germans and every other race on earth. The same vile Anglo that has called me "the niggers of the White race" simply because I don't have blonde hair and blue eyes. No one like the Anglo except other Anglo's.

Everyone on earth hates you fuckers. You are racist, cruel, cultural supremacists and your hatred of Germany is proof that you will not share power. God forbid other White people try to throw you guys off! You are the big Shark and you swim around the world bullying all cultures, nations and races of people. Thanks for your reply on the Julie Mitchell comment. I could only see part of it on my email since she must have removed the whole comment thread or else it was YouTube. Anyway, it is good to know there are likeminded people out there.

I agree the Jew is not blame but whites with the Anglo Saxons leading the charge. Only the weak and jealous teams up with the Jew to take what is not theirs through unjust means. The natural and strong on the other hand don't need to scheme and coerce. It is like Bobby Fischer said when the devil offered the whole world to Jesus if only He fell down and worshipped the devil. The Anglo Saxon took that deal at least more than 300 years ago, but there are others I have to say even in my own Boer nation that took that deal in secret. They worship the anti-Christ and they furthered this unjust filthy world to what we now have. To my Boer ancestors' credit we had what is called the Great Trek, where we basically said fuck these Anglo white hypocrites and their unjust system and trekked inland where we settled unoccupied land separate from the black tribes.

We would rather live in the arid wilderness surrounded by black tribes than with fellow whites in comfort. They left us alone for a while though they gradually infiltrated us through the churches especially after loads of diamonds and gold was discovered right under our feet. Then the Anglo came with a vengeance since their whole Babylonian Jew system is built on this shit. They shoved my great grandmother in a concentration camp only a couple of years after she came over from Germany to join the Boer nation in the Orange Free State (a republic).

She lost two children there in the British camps. Those were proper women back then. After the war we should have won but through masonic treachery it was handed to the British. They made the whole region including the lands where the Zulu, Xhosa and others lived, one country thus forcing integration on everyone. There was brief hope when the nationalistic Afrikaner came to power and tried to restore Zululand, Xhosa-land, etc. back to how it had been before, but we were made out to be racists (UN sanctions, Olympic exclusions, etc.) and after our prime-minister (a true leader like Hitler) was murdered in parliament (though treachery again), everything degraded back to what we have today. Now the white hypocrites again want to blame the blacks for all the problems while it was them that sold out to the Anglo Americans decades ago.

Here's an interesting quote from Renegade Broadcasting regarding Hitler:  
"It's not a minor issue to delineate facts from fiction when it comes to the one leading figure who organized a stand against jewry and who almost brought it to its knees. In an imperfect world, why should such leading figures be held to such standards that, "well, because they lost the war all these terrible things happened to Europe..."? It's ridiculous. The jews plan to control the world.

What makes ANY ONE think that destroying Europe wasn't on the menu regardless of what all the nationalists, with Hitler at the lead, did to resist it?

There's enough smoke being blown about to confuse non-jews by the jews and their agents. The last thing we need is this constant bashing of the main figure who lead the stand agaisnt them. It muddies the waters and slows the learning process of newbies to this absolute divide between jews and non-jews. There is a divide. Hitler is the most prominently well known of the figures who organized against jewry. Hitler was a human. There isn't one perfect human on Earth so expecting perfection in action is ridiculous."

THE WRATH OF THE AWAKENED SAXON

by Rudyard Kipling

It was not part of their blood,  
It came to them very late,  
With long arrears to make good,  
When the Saxon began to hate.

They were not easily moved,  
They were icy -- willing to wait  
Till every count should be proved,  
Ere the Saxon began to hate.

Their voices were even and low.  
Their eyes were level and straight.  
There was neither sign nor show  
When the Saxon began to hate.

It was not preached to the crowd.  
It was not taught by the state.  
No man spoke it aloud  
When the Saxon began to hate.

It was not suddenly bred.  
It will not swiftly abate.  
Through the chilled years ahead,  
When Time shall count from the date  
That the Saxon began to hate.

There was no holocaust, except for the 60 million White Christian/protestant Russian deaths starting in 1913 known as the Bolshevik revolution, which was really just as Jewish murder fest. Then The Polish and Hungarian Jew attacks on the German people which led to ww2 and the deaths of 12 million Germans. Every great war was a Jew war. Wake up, even your money is owned by the Jews. Learn fast people, or it might lead to your death at the hands of the Jews.

The truth will bear all criticism....take those that believe the Earth is flat for example (and there are many of them on Youtube!)

They are not a threat, because their arguments can be simply proven false..there is no need to imprison or harass the flat earth people, we need only help them understand their mistake.

Now if 'Holocaust Denial' is as untrue as the Flat Earth Theory, then the historians would be able to explain to us exactly where our mistake is.....but in the case of the Shoah....the power of LAW is used to silence criticism. (as well as mob violence, harassment and personal threats).

I will give my unasked for opinion on the issue...that the Jews were indeed murdered during WW2....but not in the places and ways that are the official story. The vast majority perished by disease and privations in the closing months of the war....as the German structure and society completely broke down, and it was impossible to feed and care for them (as it was for the German people themselves...an interesting fact is that when the Allies wanted to immediately try some SS guards at Belsen.....half of them died of disease and starvation before a sentence could be passed....)..

a great many were also killed during the military advances through Europe, where (mostly non German...Lithuanian, Italian etc) Einsatzgruppen were tasked with rounding up the Jewish population in the wake of the Wehrmacht advance.....and these paramilitary groups committed many atrocities..all of which left evidence behind, in the form of mass grave, eye witnesses, and even photos and video of the murders taking place (many of which are the famous shots used to 'prove' the holocaust happened in the way we are TOLD it did....even though hardly any of those pulling triggers would be actually Germans)

When it comes to the idea that millions were herded into purpose built gas chambers, and then incinerated in purpose built ovens...there is not enough evidence to even remotely prove it was true...no photos, very few eye witnesses that arent complete outlandish lies (with tales of underground railways full of corpses and electrified floors etc), when there should be hundreds if not thousands of eyewitness accounts of the process...

I could go on, but Ill finish with Auschwitz being used as the 'Temple' of the Shoah...an enormous slave labour camp for sure....a massive industrial site....but nowhere is there anything that resembles a building that could gas 1000 or more people every hour...without the gas leaking out of the building and killing everyone nearby....there are only 'reproductions'..built by the Soviets that liberated the camp, by a government that was eager to prove to the Polish people, that Communist rule might be brutal..but at least it isnt as brutal as the Nazi regime...'look what they did' (this helps to explain why no 'Death Camp' was ever claimed in the Allied occupied parts of Europe...or more accurately they were claimed to be Death Camps, but Western investigations proved otherwise, that the claims were FALSE....that the occupants of the camps had been lying about gas chambers and mass murders IMMEDIATELY upon being liberated. A fact which greatly angered the military commanders on site, as can be seen in their memoirs and newspaper comments at the time).

Camps that were devised solely for murder did exist (I am NOT a denier, as I hope my opinions show)..and they were the 'Aktion Rhenhardt' camps..on the River Bug...Sobibor, Treblinka and Belzec. These were places that people did NOT leave, and they did not have swimming pools, and hospitals and theaters and special camp currency (as Auschwitz did)..... These camps were also COMPLETELY destroyed by the Nazis as they were forced to leave them, nothing remains there today at all, except the memorials built after....

Wouldnt they have done the same to Auschwitz? At least attempted it?

Anyway...I hope people that disagree with me, will do their research and offer real arguments, and not just 'you are anti semitic'....Id actually love to be proven wrong, I always enjoy being enlightened on any subject.

Oh and ps..I have NO IDEA why this historical event is so polluted with lies and misdirection. I think it dishonours the victims more than any Denier could.

It took a lot of courage to upload this video to YouTube, given that it is a media that is controlled in large part by the very people that benefit from and, therefore, have an interest in keeping alive the colossal lie that should be referred to as the “Hollowhoax.”

Ernst Zundel’s video, “Off Your Knees Germany,” as well as “Setting the Record Straight: The Saga of Political Activist, Ernst Zundel,” are very instructive regarding the great Hoax, as are “Did Six Million Really Die?” by Richard E. Did many Jews die? Yes. Did some Jews get executed? Yes. Did 6 million die? No.

Why must this lie be perpetuated? Aside from conspiracy, I genuinely think that the Jews in Germany were low-IQ, often senile people who lied. Many "Holocaust survivors" have already admitted they lied. They made up these stories for the same reason Bants make up urban legends about the KKK control of America - they were paranoid, insane idiots.

This is a massive historical mistake that needs to be fixed so that whites no longer have to live shameful lives.

Maybe the world almanac was wrong, but that was not actually the crux of the argument of the website I showed you.

The website cites a Holocaust historian, Jeaan-Claude Pressac, as admitting that the number of Jews who died is much smaller than had been previously guessed. And he is a Holocaust apologist.

The Joint Distribution Committee was a zionist organization that had been claiming for decades that 6 million Jews would die to Germans, Russians, etc., perhaps due to a certain "prophecy": <http://ourjewishagenda.weebly.com/the-shoah.html>

It would be very difficult for such an American-based organization to take a world census on its own. The fact that other American Jews believed that this organization had the "correct" figure of Jewish population, as quoted by the wiki page, means nothing.

Furthermore, I only deny that Germans exterminated 6 million Jews. I do not deny that Jews would have died by other means-age, starvation, bombings. Lastly, the decrease in European Jews-much cited on the wiki page- would also be attributable to immigration!

The wiki page you showed me talks a lot about Einsatzgruppen. But Einsatzgruppen was not a Jewish death camp. It was a group that eliminated political opposition and other important enemies. Jews were naturally a great percentage of important globalist and communist enemies in Poland and Eastern Europe.

+gjjd Let's be simple. "I only deny that Germans exterminated 6 million Jews." On what basis? What's the correct estimate, and where do you get your estimate from?

I'm ready to question my mind, if you can produce any reliable source. Never met a revisionist who is able to do so.

What about all the evidences I showed you? What kind of evidence you can give me to prove me wrong?

If those 6 millions weren't killed, where did they go? If you're imagining the Nazi gassing and burning 100 people per day, you're imagining it wrong. Many jews (about 3 millions) never even get to the lagers, they were executed in the streets, and many mass murdering occurred, in some cases even 25k, 30k in a couple of days. Only a part of hose who were locked up in lagers were gassed and cremated, many of them just died from starvation, illness, or simply shot with bullets.

Let's be clear: if the whole scientific and historian community definitely agrees on a certain estimates, you have to produce extraordinary evidences to state otherwise. That's how the scientific method works. If you come here and say that the whole scientific world is wrong and you think the earth is flat, you have to produce the most strong evidence to prove it, otherwise you'll just sound a crazy fool with too much time in your hand.

Fred- The reasons Jewish lobby groups are pushing so hard for "hate speech" laws and internet censorship is because if people have access to unlimited and uncensored information, they will start to question your ridiculous stories, crocodile tears and billions spent on "reparations" to a genocidal apartheid state wreaking havoc in the Middle East. Fake shower rooms allegedly emitting lice poison, processing people into soap bars, lampshades, furniture, and shrunken heads and cremating more Jews than were living in Europe at that time in a few stone ovens might have fooled people 70 years ago, but the European youth of today sees through your bullshit. In Germany, you risk years of imprisonment simply for asking a wrong question. This doesn't prove you're right, it proves that you're afraid of what they have to say.

The truth fears no investigation. It's only lies that need laws to protect them from public scrutiny. The fact that it's illegal to even question the "official Holocaust" story should raise red flags to anyone who claims to love freedom of thought and speech. You should be raging mad whenever you are not allowed by law to question some official government story.

As your wikipedia page said, Holocaust revisionism is against the law in Europe. So this forces all dissenting opinions to be officially "unreliable."

So the idea that no reputable historian denies the Holocaust is a self-fulfilling prophecy: the second one denies the Holocaust, one is thrown in jail and called biased. Many of the holocaust historians are actually Jewish themselves. Talk about bias!

[holocausthandbooks.com](http://holocausthandbooks.com) is the biggest site there is, but you will not find it reliable.

Not all the historians agree on the numbers. As I said, Jean-Claude Pressac set about engaging with Holocaust revisionists, and came to the conclusion that the numbers of Jews killed was greatly exaggerated.

Thomas Hart, when confronted with arguments showing the 6 million figure to be false, reportedly replied "So what?"

Even your claims that Jews were killed in the streets or of disease and starvation goes strongly against the narrative in many ways.

[Show less](#)

+gjjd "Even your claims that Jews were killed in the streets or of disease and starvation goes strongly against the narrative in many ways."

This is completely false. Study the topic, please.

"Not all the historians agree on the numbers."

You don't know how the scientific method works, my friend. If even ONE historian finds extremely convincing proofs that no one is able to refute, the community accept it as a fact. Sometimes it happened, we understood more and more as the time passed. But this argument, the quantity of jews killed, has been discussed many many times, and all the evidences and proofs gathered are pretty clear on this topic. 5.7 million people, correctly rounded to 6.

Any other estimates have been proved wrong until now. And until someone will come with enough proof, that will remain the correct estimates.

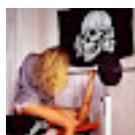

On a side not, I'm personally against every restriction about opinions and freedom of speech. Anyone should be able to express their opinions, it doesn't matter how weird or absurd.

The problem is, every time I read arguments made by revisionists and denials I just can't help to see how you people start from the conclusion and shape the facts to so your theory can make sense, ignoring all the evidences, the testimonies, the documents, everything. Your reasoning never seems the fruit of a unbiased and deep research, that's why you never address the actual proofs that historians commonly accept as definitive evidence of what happened. You're only answer is "Yes but that one historian said..." Yes. You can find doctors who think that you shouldn't vaccinate your children, so what? Science, medicine states otherwise. If you want to change that "law", you must produce convincing evidences, and no one did that, as for the vaccines, as for the Holocaust.

I don't really get it. People can really believe everything, no matter what little sense it makes.

The goal of Judaism of today is: a merciless campaign against all German peoples and the complete destruction of the nation. The United States of America did the same exact during World War Two with Japanese people that the Germans did with Jewish people - they put them in internment camps.

Why was this done? Because both of these respective nations decided that this had to be done for national security during wartime. The idea was to place a certain group of people with questionable loyalties to the nation in which they lived in a secure place where they could be closely monitored by the government of the same nation.

The big difference regarding these World War Two internment camps was that the logistics and supply lines for the camps in the United States, where the Japanese people were placed, were not destroyed from heavy enemy aerial bombing campaigns, but that is what happened to the German logistics and supply lines for the camps in Europe, where the Jewish people were placed. As a result of all the enemy bombing campaigns, deadly diseases such as Typhus and starvation began to take effect upon the Jewish people in the camps that were run by the Germans in Europe. Then later, after World War Two ended, all of this propaganda about "death camps" started, and it was not long after that when laws started getting enacted in various countries to punish anybody who questioned the European "death camp" propaganda.

"Germany issued debt-free and interest-free money from 1935 on, which accounts for Germany's startling rise from the depression to a world power in five years. The German government financed its entire operations from 1935 to 1945 without gold, and without debt. It took the entire Capitalist and Communist world to destroy the German revolution, and bring Europe back under the heel of the Bankers."

Rather embarrassing information for the holo-fraudsters.

Facts they are afraid to face.

The recognized number of Jews under German control was 4,536,500. Another firm number is the number of survivors claiming post war compensation from Germany during the period from October 1, 1953 to December 31, 1987. There were 4,384,138 submitted claims. Doing the calcs speak volumes about the true number of Jewish casualties during the war.

Number of Jews under German control in WWII . . . . .	4,536,500

Well... If you want to question Holocaust, you should come to Poland, where Germans has built most of their "work" camps with "arbeit macht frei" label on them. You can still visit them. You should also learn what German beasts did to Poland. How they slaughtered thousands of civilians during Warsaw uprising just 72 years ago and millions during the whole war. Anyway, Holocaust has many faces. People usually know just one. The don't know that American Jews did nothing when Jan Karski came to America to tell what happens to Jews in Poland occupied by Germans. They don't know about I.Greenbaum who said in

1943 that "... One cow in Palestine is worth more, than all the Jews in Poland". They dont know about "St. Louis" transatlantic full of european Jewish refugees that was returned in 1939 from US to Germany to face their terrible destiny. II WW history is complicated and knowledge about it is usually very shallow. Holocaust is just part of the IIWW history. One of the most terrible for sure, but there are many more horrific things that German nation did to Europe, just because they knew they were "Master race" and they should have more "lebensraum" and rule the world... It's really hard to forgive things like these if you know them better, when you live in a country that was struck by it the most. It can be forgiven in time, but cannot be forgotten. And never will be...

Umm, brave woman even for expressing this opinion especially in Canada with its overabundance of SJWs and every sensitive little flower pot just waiting to be offended so they can take you to court.

Now, I will add another controversy, and that's the almost never mentioned atrocities committed against German civilians by the Allies towards to end of the war. It was the Allies who started carpet bombing of civilian targets NOT the Germans. The bombing of Dresden for example should be considered a war crime, 100,000s of civilians burnt alive and literally melted into the roads...and it had NO military value ! Many other cities suffered the same fate.

At the end of the war the attitude towards German civilians was "kill & rape" by the allies on ALL sides, and that included children. They, the allies, purposely targeted escaping civilians. I've talked to germans who told me this firsthand !!!

The narrative we're told concerning WW2 is mostly LIES, remember, the victors write the history. One must be very careful when talking about WW2 because people become angry, very few wish to know the real truth. Hitler by the way on many occasions approach Britain for peace but Churchill said no. Even the cause of WW2 is a lie, but as I said, be careful, for the truth is no longer a defense these days.

As for the Holocaust itself, I would not deny it totally though I certainly question the number claimed to be killed purely on logistic grounds, plus the number killed in the Holocaust has been revised once or twice even by mainstream historians last in the 1950s...

Oh oh, and the Germans even had a Jewish brigade ! In fact it's estimated about 150,000 jews served !!! Yep, 150,000 at least !!!

There are many other things people are not told but as I said, be careful, people will attack you for telling the truth these days and in some countries they will put you in prison, especially in Germany.

If people want to know more then watch "THE GREATEST STORY NEVER TOLD - The Untold Story of Adolf Hitler" here... [http://](http://thegreateststorynevertold.tv)

Banning books and censoring what is true, in favor of lies, in favor of an established narrative:

This book was the first extended critique of the Nuremberg Trial. For a Frenchman to criticize that trial and especially the French role in it in 1948 took great courage: the book was banned in France, copies of it were seized, and Bardèche in 1952 was sentenced to a year in prison, although he spent only a few weeks there before being pardoned. His criticisms of the Nuremberg Trial have since been repeated by many others. Yet Bardèche's first book about Nuremberg remains something special, for it is much more than just a critique of the trial. It is the first work of Revisionism, and perhaps the only revisionist work that reads like great literature. It is a revisionist call-to-arms: it pleads for "history," but recognizes that it is still too early for the history of the war to be written: emotions are running too high. It cries out for objectivity, but does so while simmering with passion. It does not merely refute lies; it spits venom at the liars.

Nuremberg or the Promised Land Format by Maurice Bardèche.

Burning books. Banning books. Jailing inappropriate people. Inappropriate opinions. Now you know you're inside a tyrannic matrix. Now you know. What are you going to about it?

She could have done that better, I think. Not so much preamble and more precision in the facts. We are not sure where she is talking about. It sounds like Auschwitz to me.

I tend to believe David Irving. No extermination chambers in Auschwitz, no real death camps in all of Germany. But they set up death camps in Poland.

So it not really a case of ' It didn't happen ' but ' It was not as described. ' - not so many, not in this place or that place, not in this way or that way...

I think there's a consensus somewhere that about 1 - 2 million may have died. Say it was only 1 million. That's still a ' holocaust' to me. But I don't take that as a reason to run around spouting any kind of figures, any kind of unproven 'facts'. Nor should anyone else.

Before all that, or besides all that, I stick at one other thing: the way our nations behave with their blanket bans on discussion, their persecution of people, their refusal to allow free speech, etc. That I take to be a major evil on its own, regardless of the truth or otherwise of the holocaust narrative.

Stop all the words. Let's just see the facts and admit to them.

Fat chance. We in Australia will not even admit to the horror concentration camps we are running in Manus island and Nauru for 'illegal' asylum seekers (that's how they are referred to here - despite the fact that an asylum seeker cannot be 'illegal' - it's an example of the 'newspeak' current in our world now.)

Holocaust Revisionists and Historians claim that the genocide of Jews during World War II ~ usually referred to as the Holocaust did not occur at all (seldom) or in the manner or to the extent historically recognized.

Key elements of these claims are the rejection of any of the following :: that the German Nazi Government had a policy of deliberately targeting Jews for extermination as a people; that more than six million Jews were systematically killed by the Nazis and their allies; and that genocide was carried out at Concentration Camps using tools of mass murder, such as gas chambers etc etc. An Extensive documentary showing the lengths Zionists went to in order to bring about their goal of achieving the illegal state of Israel.

Unlike other nations which accepted "bankruptcy" status during the Great Depression, Hitler refused, unchaining the German people from the international banking system. See this comment (referring to Dennis Wise's "Communism By the Backdoor"):

"I recently just watched his latest installment of that excellent series, chapter 19. I concluded from that, given the US bankruptcy in the 30's (that is kept secret in America btw) that the explanation for this perplexing apparent largesse is because, due to the debt to the creditors, who are Jewish bankers, that Israel owns America lock stock and effing barrel. So it's extortion, to stave off calling in the receivers. That makes sense. I've been baffled by it for so long...."

Satan's sewer rats have gotten to the end of the road. The lies, the deceptions, the crimes, the immorality, the insipid diseased celebration of septic abnormality and inferiority. Their extinction is now a fait accompli. They did it themselves with their insane compulsion for murdering their friends and aiding their enemies. Their paranoid delusions of living in a world full of enemies that hate them and want them dead has finally come true. They did it all themselves with their paranoid compulsions to attack anyone that tolerated their existence. They have soiled their nests, and salted their fields. They have turned friends into foes and neutered their own with their homosexual perversions. Now they have no place to run to and no place to hide. Their vanity has caused them to bring all eyes upon them that all shall now be able to know who and what they are. They damn themselves with their own words and deeds. Their vain attempts at self-aggrandizement has caused them to endlessly tell the Vampyr legend of inhuman bloodsuckers that prey on virgin blood. They tell the tale of their own "blood libel" endlessly in their controlled media. They have indicted and convicted themselves endlessly.

Your vicious comment is not doing you any service. If you care about what happened, read the bestseller by Benton L. Bradberry. It's entitled "The Myth of German Villainy."

A holocaust is a burnt offering. The Holocaust is a burnt offering of six million chosen ones to a tribal lord. Once we realize the six million figure is erroneous and that there was no systematic burnt offering using gas chambers and ovens, what remains?

I believe you know exactly what you are doing and your comments are meant to incite and perpetuate hatred against the German people, perhaps against White European civilization as a whole.

I'm trying really hard to come to terms with this whole Holocaust denial thing. I, like most people, used to regard it as nothing more than a movement of racist sympathizers, and I was appalled that anyone would try to say that a massive tragedy like the Holocaust did not happen. But having come to doubt much of what I was taught as history, and finding out how much of history is, as Napoleon said, a bunch of lies agreed upon, written by the victors, etc, I'm starting to try to do some research and sift through all of the available information, weed out the bullshit and see how much truth there is to the Holocaust denials. I'm keeping an open mind about it.

Having said that, one thing that makes it VERY, VERY, EXTREMELY hard is some of the the comments that I see on videos like this. People throwing around words like "kike," "heeb," and saying that the Jews SHOULD have been exterminated in camps. What the fuck?? I mean, let's say the Holocaust didn't happen the way that history books say it did. As I said, I'm still on the fence about it, but let's for a moment say that the Holocaust deniers are completely right. Do you realize what a BAD name you give it when you throw around racist hate speech like that? I am a truth-seeker. I do not think there is ANY excuse whatsoever to call for the extermination of an entire ethnic group. Yes, Israel is a fucked up, corrupt, warmongering state and I completely stand against the Zionist movement in general. But does this mean I am a Jew-hater, or that I want Jews to be systematically destroyed? Fuck no it doesn't! So I guess my point is, chill with all that shit man. Chill with the hate speech. You're only going to drive away rational people who come looking for the truth of the matter.

I think you're right. The so-called elites probably feared Germany would be ripe for a repeat of National Socialism once realizing how badly they had been swindled. They'd understand first all the abusive reparation payments, and the betrayal by Americans and British that destroyed the mighty dream of a German utopia in Germany, but then they'd encounter material like "Hellstorm" and the rabbit hole would get deeper and deeper. The Germans would on a critical scale begin connecting all the dots. The millions of "weapons of mass destruction" now inside Germany's castle walls may be intended to prevent any concerning backlash.

The so-called "Holocaust" is just a continuation of Allied wartime propaganda with no regard for the facts such as the so-called "final solution" (Endlösung) which meant expelling the Jews to work camps and using them for 'forced labor' in the German war effort. In fact, the Director of Holocaust memorial Yad Vashem in Israel, Yehuda Bauer even admitted:

"The public still repeats, time after time, the silly story that at Wannsee, the extermination of the Jews was arrived at"... "hardly a conference" and "little of what was said there was executed in detail." Yehuda Bauer, Canadian Jewish News (Toronto), Jan. 30, 1992.

The Holodomor (Ukrainian: Голодомор, “Extermination by hunger” or “Hunger-extermiation”; derived from ‘Морити голодом’, “Murder by Starvation”) refers to a series of purposeful mechanized genocidal famines that took place under the Jewish Bolshevik regime during the periods of 1921-23, 1932-33 and 1946-47. Holodomor is a compound of the Ukrainian words holod meaning “hunger” and mor meaning “plague”. The expression moryty holodom means “to inflict death by hunger”. Lenin established a Jewish regime that slaughtered well over 66 million ethnic Europeans; the Holodomor Genocides alone resulted in a death toll of 16.5 million. Therefore, in the minds of those that experienced the Holodomor Genocides, the term will forever conjure up the kidnappings, torture and cannibalism taking place under the Jewish Bolshevik regime.

The above was taken from a cover story on today's Renegade Tribune.

"Your glans is sensitive in a protopathic way, not an erogenous way. 95% of the glans surface is composed of crude free nerves. These do not transmit feelings of pleasure, they sense pain and pressure. The foreskin's ridged band and frenular delta are where almost all the sexual sensations you feel come from. Some intact men struggle to isolate the feelings, though. If you cut the foreskin off, you destroy all sexual pleasure. It is far more damaging in terms of sensory loss than any form of FGM."

The majority of people are uninformed but are starting to wake up as well. The last poll I read was that 1/3 of Americans did not believe the holohoax. This is a huge increase in just one decade. I hope the German people stop paying these monsters for their lies and deceit and stand proud for their heritage. From what I know about the Germans is that they are very intelligent and hard working people and it's a shame that such a proud group is being oppressed by such a filthy minority. In the United States, our whole country is owned by the jews and in fact they are constantly war mongering to kill more and more people. We as the people are sick and tired of all their lies and especially aggression towards other nations. We have puppet presidents voted in and nothing changes each cycle. Hopefully soon enough the masses will truly awaken and realize how much power they actually yield.

Bless the German people. Amazing human beings who had their lives and culture besmirched by these parasites. We all know the truth and we all know why this is the only event in history that is illegal to question in 17 countries. If the USA has several machines on Mars sending back images and Mars is a 10-month rocket journey away, then the USA certainly had men on the moon, which is only 3 days rocket ride away. NASA's Voyager 1 spacecraft officially is the first human-made object to venture into interstellar space. The 36-year-old probe is about 12 billion miles (19 billion kilometers) from our sun. The Voyager 1 and 2 spacecraft were launched in 1977 to study Jupiter and Saturn. And these craft are still sending back information!!

The truth is in the evidence. The evidence has been abundantly clear since the Nuremberg trials. The Protocols of Zion are an out and out fraud. Trial after trial has convicted former Nazis and spewers of hatred, whether it be Zundel, Keegstra etc. As for Russia, let us not forget the pogroms. Christianity ? The Inquisition and before that the Crusades. And then came the Holocaust. In Cambodia it was Pot Pol and the killing fields. Ruawnda, The Soudain, the Armenians decimated by the Turks, today horrors in Syria under the butcher of Damasacus and yet all you worry about is the veracity of the Holocaust and invisible, non existent Jewish power. Since time began the Jew has only contributed to the benefit of mankind whether it be in medicine, science, philanthropy, teaching, culture, technology, philosophy, ethics . More Nobel prizes than any other race proportionally. And yet you all stew and fester in boiling hatred obsessed by an outlook that ignores all the above. If a Jew did you in, a Christian offended me and Islamist terrorism will get us all. When I was a kid I got punched out. When I asked why, I was told because I killed Jesus Christ. I ain't never killed anybody and I don't intend to. The same Jesus Christ who preached peace and love , turn your cheek the other way, love your neighbor as you would love yourself etc. etc. etc. And yet look what his young follower learned from his master. Shame on all of you . As I suggested earlier ,if you got rid of all of us, who would you have to hate ? You'd be lost. May I make a suggestion? Bashar Assad !! t

The Crusades began 470 years after Islam attacked Europe and had wiped out two thirds of European civilization. THE Inquisition began after 700 years of Moorish occupation of Spain, to remove all Spanish and Jewish influence. Jews opened the gates of Toledo, allowing the Moors to conquer Spain, and made a lot of money selling White slave girls to the Islamics. Jews had always been the biggest slavers in the ancient world, and were over-represented in the Atlantic slave trade as well. White Christians stopped slavery. Fuck Jewish morality, it can be summed up as "what benefits the jews?"

General Eisenhower, Churchill, and French President Charles De Gaulle were all Holocaust deniers.

Eisenhower's book, "Crusade in Europe" is a book of 559 pages; the six volumes of Churchill's "Second World War" total 4,448 pages; and de Gaulle's three-volume "Memoires de Guerre" is 2,054 pages. In this mass of writing, which altogether totals 7,061 pages , published from 1948 to 1959, one will find no mention either of Nazi 'gas chambers,' a 'genocide' of the Jews, or of 'six million' Jewish victims of the war."

These prominent world leaders from three western nations most involved in the War on Germany knew very well that Germans established Labor Camps because they were at war and this was the only way to meet their desperate wartime needs. There has never been a plan or an order to exterminate the Jews, only plans and orders to keep the Jews alive and to minimize life losses, although Jewish plans to destroy Germany are well documented.

The Director of Holocaust memorial Yad Vashem in Israel, Yehuda Bauer is also a famous Jewish historian and author who admitted:

"The public still repeats, time after time, the silly story that at Wannsee Conference, the extermination of the Jews was arrived at"... "hardly a conference" and "little of what was said there was executed in detail." Yehuda Bauer, Canadian Jewish News (Toronto), Jan. 30, 1992.

However, over a third of the world's Jewish population was annihilated and an astronomical proportion of European Jewry was wiped off the face of the earth. Beria was an anti-Semite, trust me, I know my Russian history and you still haven't addressed the trial and executions of the Jewish doctors under Stalin. Please, don't be selective.

It's not about individual Jewish people, it's about Jewry at its top levels and its agenda for the world. The individual Jewish people you know serve those elders and that agenda because they think it benefits them. They think when the Jewish utopia arrives they'll be chosen to rise up with the elders and rule with an iron fist over the all the "goyim." Goyim is their word for all the nations of the world.

Henry Ford popularized for the world The Protocols of the Elders of Zion. If you haven't read it, do so. Henry Ford said, "The only statement I care to make about the PROTOCOLS is that they fit in with what is going on. Stalin hasn't struck me as antisemitic. So I think saying he had a field day murdering innocent Jews, is a bit misleading. Stalin had a problem with anybody that may conceivably or inconceivably threaten him. If they were mostly Jews, he would kill them. If they were mostly not Jews, he would kill them. Lets' remember, his number one hit man, Beria, was a Jew. So let's not play the victim card here +Paul Gleitman, otherwise it seems like you are valuing Jewish lives over the lives of non-Jews.

Paul Gleitman- I will post this reply again because it seems you didn't read it the first time I posted it below, in answer to the same question you're asking now:

Sorry, you've got it backwards. An extraordinary claim has been made by your side, it is up to your side to provide conclusive proof that it happened the way your side claims it did. The extraordinary Holocaust claims of 6 million jews gassed and cremated requires extraordinary evidence. And yet, when asked to provide the evidence, the jews say that you are not supposed to ask for evidence, that it's all just "in plain sight", that "everybody knows it happened", etc. They cannot provide verifiable evidence, just like Raul Hilberg (top jewish Holocaust and author) couldn't provide any tangible evidence of "gas chambers" at the trial of Ernst Zundel, in Canada, 1985. In fact, the jews don't want anyone asking questions or doing any kind of investigation. People who try anyway, are called "haters" and "Holocaust deniers". etc. Their careers are ruined, they are taken to court, thrown in jail, and basically ruined for life by these sweet, holy jews. Powerful, moneyed jews have influenced lawmakers with their clout in 17 European nations to have speech that questions the Holocaust made illegal, with fines and prison sentences. Enforced censorship. But truth does not fear investigation, only lies fear investigation

The view count for this video has been frozen because Monika was all over the news when the controlled opposition that is the Canadian Green Party condemned and removed her.

Solzhenitsyn says it best. The global media is in the hands of the immoral perpetrators. If you haven't read his book "The Gulag Archipelago", get it and pair it with Juri Lina's "Under the Sign of the Scorpion: The Rise and Fall of the Soviet Empire". See also "Crimes of the Bolsheviks" on Lasha Darkmoon's website.

"Very early on in my awakening I came to realize that they had a damn-near monopoly over everything, complete control over any and all agencies and governments that matter, that are significant in this world, on a global scale." "They now have absolute control over all these entities." "That doesn't mean that they control each and every person. Obviously they have to write the script and push their narrative. Their entire facade, their power structure (because they're not ruling over us with an iron fist and they need us to do their bidding) is dependent on, entirely dependent on, fooling us." Google "1919 American Hebrew" and there it is. The Holocaust of 6 million Jews. In 1919.

It used to be that these keywords on Google would provide dozens of other examples of stories claiming the persecution of 6 million Jews but they are making this information harder to find these days.

But the "persecution of 6 million Jews" figured into Jewish fundraising efforts throughout the early 20th century, and you can find newspaper clippings telling the tale nearly every year between 1900 and 1925. The October 31, 1919, edition of American Hebrew magazine is notable in that it may be the first instance where they labeled it a "Holocaust".

I dare anyone to provide any newspaper clipping telling the story of the fall of the Twin Towers prior to 2001. Or the assassination of JFK prior to 1963.

The "Holocaust" is the only example where you can find the story being told for years, before the time when it supposedly happened.

It's amazing that anyone still believes in this nonsense.

For those inclined to believe that "deniers" are just a bunch of conspiracy theorists. Here is an excerpt from Wikipedia on the Katyn Massacre (the single largest scientifically documented atrocity and war crime of WWII):

"Earle concluded that the massacre was committed by the Soviet Union. Having consulted with Elmer Davis, director of the United States Office of War Information, Roosevelt rejected the conclusion (officially), declared that he was convinced of Nazi Germany's responsibility, and ordered that Earle's report be suppressed."

Sounds a bit like a conspiracy doesn't it! Not until the breakup of the Soviet Union were all convinced that the atrocity was, indeed, committed by the Soviets. So, please refrain from "stupid conspiracy theorists" line of argument. Call it what you will, there is documented history of important information being suppressed and/or distorted.

Jew Gleitman: "You give me evidence that the Holocaust never happened"

Sorry, you've got it backwards. An extraordinary claim has been made by your side, it is up to your side to provide conclusive proof that it happened the way your side claims it did. The extraordinary Holocaust claims of 6 million jews gassed and cremated requires extraordinary evidence. And yet, when asked to provide the evidence, the jews say that you are not supposed to ask for evidence, that it's all just "in plain sight", that "everybody knows it happened", etc. They cannot provide verifiable evidence, just like Raul Hilberg (top jewish Holocaust and author) couldn't provide any tangible evidence of "gas chambers" at the trial of Ernst Zundel, in Canada, 1985. In fact, the jews don't want anyone asking questions or doing any kind of investigation. People who try anyway, are called "haters" and "Holocaust deniers". etc. Their careers are ruined, they are taken to court, thrown in jail, and basically ruined for life by these sweet, holy jews. Powerful, moneyed jews have influenced lawmakers with their clout in 17 European nations to have speech that questions the Holocaust made illegal, with fines and prison sentences. Enforced censorship. But truth does not fear investigation, only lies fear investigation

It doesn't take a genius to realize that only gross lies require censorship, suppression, imprisonment and endless propaganda.

The tribe owns and controls You Tube. A video like this may get 200,000 views but they can control the view counter to say 65,000 and they can have their paid cronies adding confusion to the comments. They also have bots to automatically dislike content they flag as detrimental to the interests of the tribe and their world government. Meanwhile they can post their own featured propaganda on their channels with massive subscribers and get 2 million views in a week.

You think the truth matters when those you call the liars own and control everything?

They are still continuing this Extermination of the European Caucasian peoples today using their financial and political world power to flood ALL White countries with 3rd world immigrants to mix and destroy them. I tend to agree with you here +Paul Gleitman . Being Jewish is fine (although I think believing in God, or Jesus, or Muhammad, is stupid). However, it does seem like more knowledgeable Jews may understand how weak the evidence for the Holocaust is, and, in fact, be concerned that it was a propaganda campaign used to establish Israel (rightly or wrongly). A campaign that got out of control, and now, with modern science and the internet, fairly easily be seen as false. If I were Jewish, this might cause me to fear a backlash. What to do about it, is a real problem.

I found this intriguing quote:

"This article struck a chord with me as it describes the relationship I had with my mother too. She's dead now but I never managed to get through to her about the subject of the jews. I think it was more than simply a matter of her being brainwashed by the system, as are most white people. I'm sure that it was that she intuitively understood that being labelled an 'anti-semite' and white racist was bad for a person's career and life in general. Being critical of the 'system' and the powerful people who run it is dangerous and that worried her. Logic and the truth didn't matter. She was right in that sense. It has never done me any good. I have lost jobs and failed to get other jobs because of my outspoken opinions about jews and race. However, none of us who have ripped the veil from our eyes can ever go back to viewing the world in the same way again. You cannot unknow the truth when you learn it.

Only unlimited torture and terror, such as that experienced by Winston Smith in 1984, will put you back in a condition which satisfies the demons who misrule us. There are hundreds of thousands, if not millions, of people who now have become aware of what the jew is and what he has done. The jews know that their lies will never again return these people to the fold with all the other sheep. They know that their whole edifice of lies is coming undone and that a reckoning is due. Perhaps that is why they have decided to accelerate the destruction of all white nations, especially that of the hated Germans, by flooding them with non-whites.

It is a war to the death and we will either free ourselves or become slaves to this monstrous parasitic life-form in a '1984' type world from which there will be no escape."

Strange world where holocaust deniers, who are 100% correct, are harassed mercilessly and even imprisoned, and yet virtually no one has heard of the mass murdering piece of filth Yagoda who really did kill millions. That's what you get when jews control the mass media and publishing industry. It is time to deal with the jewish problem once and for all.

You should also google "The Holodomor" where the bolshevik jews killed up to 60,000,000 people.

The "Holocaust" is the ONLY "Historical" event we are not allowed to question. If you dare question it in some countries you will find yourself in prison. Which should let you know 2 things right away:

1. they have something to hide and
2. they have the power to make questioning them "illegal"

The fact that they make questioning them (and only themselves) illegal makes it clear that they are running our governments and our legal systems. And the fact that movies like this are being pumped out of Hollywood constantly, which are 100% only and always from the Jewish perspective, let's you know they have a monopoly over Hollywood as well (if you didn't already know it).

The controversy surrounding events must be studied by scholars and scientists. The testimony of survivors must be analyzed. Artifacts must be authenticated. This will appease the deniers and the believers. The only problem is: Historical revision is against the law in many European countries when it comes to the holocaust. You can study any other historical event and change the conclusions as long as you have proof. With the death camps, proof is no defense and you will be jailed for holocaust denial. If 1.5 million were executed (revised down from 4 million) and cremated at Auschwitz, then there must be a huge pile of bone dust as the cremation process does not consume the bones. The truth requires no laws to protect it.

The Holocaust was an alleged War Crime in which the accused should be granted the presumption of innocence. The burden of proof is on the prosecution, not the defendants.

No one denies that hundreds of thousands of prisoners died in the camps. There were thousands of un-buried victims of malnutrition, disease, and Allied bombing in the camps when the British and Americans arrived. Did you know that over 10,000 prisoners died after the camps were liberated? What does that suggest?

<https://www.ushmm.org/wlc/en/article.php?ModuleId=10005131>

During the Boer War, which was only forty years before WWII, about a quarter of the Boers in British camps died of disease. That's about 27,000 people, mostly women and children. Does that prove that the British were committing genocide against the Boers? The same diseases that were rampant in British Camps were rampant in German Camps.

how sad! She can't be serious! I am sorry she was bullied but that happened to a lot of nationalities not just Germans. My grandfather was Italian. He was a proud Canadian, not a fascist, but still he wasn't treated very well either.

Hitler( and his cohort Mussolini) plunged Europe into a terrible war at great cost of life to try to fulfill their megalomaniac vision of "a new order," and Hitler's glorification of the Aryan race. Sadly the German people followed him blindly. Like most human beings the average German tried to go about his life

and closed a blind eye. It was too unthinkable. I am only glad that most Italians turned away from Mussolini as time went on.

Allied Soldiers saw first hand the death camps at the end of the war. Germans kept meticulous records and they were not able to destroy all of them and so it doesn't take a rocket scientist to understand "the final solution" or does "Frau Blucher" think that it was all made up by the Allied nations and resistance fighters. Then there were the living witnesses! Has she ever seen the newsreel footage of death pit executions, or of the brutal trials of some German dissenters during the Nazi regime? I see that the publication of her belief has brought out the discontented fringe elements, haters of Jews and the Government, and lovers of the great conspiracy theories. I'm ashamed she is a Canadian.

No one doubts that hundreds of thousands of people died in concentration camps. The International Red Cross says 270,000. The question is, was there a systematic program of genocide which resulted in the death of six-million Jews?

The Germans talked about a "final solution" for years and, at least initially, it meant deporting all the Jews.

If you have some specific evidence to refute Ms. Schaefer could you provide some links please? It shouldn't take too long. Thanks in advance.

Deporting- that's a much kinder concept, yes, never to be heard from again. Either you believe eye witness accounts or not I guess.

From the statement of Hans Stark, registrar of new arrivals, Auschwitz (Klee, 255):

At another, later gassing -- also in autumn 1941 -- Grabner\* ordered me to pour Zyklon B into the opening because only one medical orderly had shown up. During a gassing Zyklon B had to be poured through both openings of the gas-

chamber room at the same time. This gassing was also a transport of 200-250 Jews, once again men, women and children. As the Zyklon B -- as already mentioned -- was in granular form, it trickled down over the people as it was being poured in.

They then started to cry out terribly for they now knew what was happening to them. I did not look through the opening because it had to be closed as soon as the Zyklon B had been poured in. After a few minutes there was silence. After some time had passed, it may have been ten to fifteen minutes, the gas chamber was opened. The dead lay higgledy-piggledy all over the place. It was a dreadful sight.

I view the atrocities of WWII as crimes in which the accused should be granted the presumption of innocence until proven guilty beyond a reasonable doubt. The burden of proof is on those making the accusations, not the accused.

The evidence might be out there but I haven't seen it. I'll keep digging. I'm sure you're a busy person but if you find the time and you know of evidence you think I might not have seen I promise to look at it with an open mind.

There is plenty of motivation for belligerents to make up propaganda atrocity stories about the enemy. All sides do it. There were some real doozies in the First World War also. And after the war is over the victors tend to keep the propaganda going because: They don't want to admit they were making stuff up. They want people to think that the war and the attending suffering and sacrifice

was worth it. The motivation of Jews to exaggerate their undoubtedly real suffering is obvious; Israel and reparations.

I don't think anyone is "Satanic."

I forgot to mention, that the jewish agenda of promotion of "messes", chaos, strife and wars is why so many of them become lawyers also, who of course, profit from the misery of the masses of Goyim along with psychiatrists. It goes much deeper . The not so secret fact is that the CIA is complicit with the Mossad in massive undercover arms and drug sales across the globe, and the promotion of wars to use those armaments. There will always be strife and war as long as the CIA and Mossad exist. Their co-opertion began with a man named James Jesus Angleton, the CIA station chief in Rome after WW2. Google him and find out why there are several monuments dedicated to him in Israel to this day. Go further and investigate his role in the JFK murder.

Absolute Truth !! Anyone truly awake knows that the Jewish HoloHOAX was all fabricated (it never ever happened, ALL Lies), ! The true Holocaust was planned funded and implemented by the Talmudic-Jewish-Communists against the German, Ukrainian, Russian, and European Caucasian Peoples killing tens of Millions of good European Cacasian families which was their true goal, then lie and blame it all on the victims to cover up their crimes against humanity.

They are still continuing this Extermination of the European Caucasian peoples today using their financial and political world power to flood ALL White countries with 3rd world immigrants to mix and destroy them. It's called their Coudenhove-Kalergi plan to turn the White European Race into a mixed slave class race of Euro-Asian-Negroids to serve them. It's been their plan for centuries written in their Talmudic-Communist Protocols of the Learned Elders of Zion World Domination blueprint.

The weirdest thing about this video to me is... how I can explain this. Basically, the Nazis publicly and clearly outlined their programs to exterminate Jewish people starting in the 1930s. The Germans, as a state and as a "pure" race, were outspoken and proud of their genocidal plans. There are so many primary sources like Mein Kampf that exemplify this. There are so many reliable historical publications like War of Annihilation by Geoffrey Megargee that analyze many primary sources exemplifying this. The majority of Germans who voted Hitler into power would be downright offended by this video and this woman's views because they would NOT want their mass murder to be swept under the rug or denied - they deliberately recorded that Aryan supremacy through violence would be a cornerstone of the 3rd Reich. Why is this woman bothering to try and "honor" her German ancestors when many of those ancestors would be offended by her opinion? Her parents didn't even deny the

Holocaust, they just denied the extent to which they participated or understood the consequences of their Nazi affiliations - so why is she going so far to insist the mass graves across Europe are a hoax in the first place?

Of course, this whole video is objectionable first and foremost for the lack of compassion toward the Jewish plight in the 1930s and 1940s, and then because of the complete disregard for the legitimate historical record proving beyond reasonable doubt that the Holocaust occurred. But wow, how bizarre and almost hypocritical for this woman to try and do a 180 on behalf of the German people when there are even active German politicians today who proudly embrace their genocidal heritage and still carry the swastika as a reminder of the Holocaust and a promise to try and cause another one. I doubt the Neo-Nazis appreciate this woman's video! Bizarre. Just bizarre.

I don't think she has no compassion for the dead Jews, she's just pointing out that most Germans had no idea the camps would result in their deaths - as she pointed out, the camps were for the purpose of manufacturing arms during the war. Prior to the war Hitler made it very clear to the Jews living in Germany (and other nations) that they should leave and that he wanted to relocate them outside of Germany. A lot of Jews actually fled, but the ones that didn't ended up being captured and sent to the camps (along with gays, gypsies, the mentally ill, and other undesirables). The Jews themselves aren't blameless, either. They demand an ethnostate for themselves, while white countries are all supposed to be "diverse". Jews were also at the forefront of the Soviet communist movements that resulted in the starvation of millions of Ukrainians. And they had a huge presence in Berlin at the time of the collapse of the German Mark, so naturally they bore the brunt of the blame as bankers.

[Show less](#)

Reply 1

[rayreineu2](#) 2 months ago

I think if I got into it with you it would come down to the fact you're pretty cozy writing off a past genocide as partially acceptable because a segment of that people's current population resides in Israel while I am not comfortable with that at all. As for your other point that Jewish people had the audacity to, what, simply exist in Berlin... seriously... I don't think that makes the blame placed on

them any more reasonable. I don't think it makes the claims laid out by this woman in the video any more compassionate.

Also, I don't see you backing up what you've written about the Holodomor/ Ukrainian famine with legitimate historical sources, primary or otherwise. Miron Dolot's account of the Holodomor and factual examinations by experts like Timothy Snyder all paint the true perpetrator there as the nationalism of the Soviet state, not any kind of Jewish conspiracy. To equate the Jewish people with the Soviet regime - which was downright brutal to Jews in many instances and ways, including actual Jewish deaths from the Holodomor - is to prove you do not have enough reliable information on the topic to do debating it any justice. There were Jewish Ukrainians that died in both the Holodomor and the Holocaust, and they certainly didn't kill themselves! So how is it anyone says with a straight face that the Soviets and Germans ought to be blameless in the deaths? Nonsense.

Heartless nonsense.

I cannot go into this any further because that is all there is to arguments that Jewish deaths were deserved or even faked - heartless nonsense.

[Show less](#)

[SpykerSpeed2 months ago](#)

+rayreineu The problem is that Jews are basically trying to peg the Holocaust entirely on the German people, and that's unfair. It's also unfair to claim that Germans shouldn't be proud of their heritage, or that they shouldn't have a nation to call their own. German nationalism (and white nationalism generally) isn't necessarily an evil thing, but many elite Jews attack it as being "Nazi".

This is the main reason white nationalists and people on the right generally can't stand Jews. Because they paint whites as evil and root for our replacement by other races. Whites have a right to exist, just as Jews do. And part of that means we get to have our own countries and pride in our people and our nations.

I also was told the Holocaust was fact. But when I used the internet to see the the proof, the more I looked, the less I saw. Film footage of malnourished and diseased people from camps that weren't death camps is not evidence of millions being gassed elsewhere. Testimonies, uncorroborated by, what would be, readily available physical forensic evidence, just doesn't cut it.

I don't know why anybody would expect me to believe millions were gassed (an unprecedented event) without providing evidence that Cannot Otherwise Be Explained (which is the critical part). A tattoo is not a gas chamber. nobody claims that tattoos were not issued. that is a straw man argument. and anecdotes speak nothing to claims of millions of murders.

I will say this before I reply: No point trying to convince people who don't want the truth. But... perhaps one day someone who does not know the truth, but seeks it, will see this comment and be motivated to go find it.

To the subject, forensic evidence, documentation, photos, endless testimonials (that match each other), lists of communities that were wiped out completely - all prove the Holocaust happened.

I focused on my story to show how absurd it is to try and convince people like me that the Holocaust never happened when we know it first hand. My mother grew up without grandparents, with stories about uncles and aunts she never met. Are you claiming my great grandparents never existed?

Regarding the bodies, the Nazis infact faced the problem you are raising. In the beginning of the war they used to gather the Jewish population of a town they came to, line them up and walk them to the forest. then they made them dig a ditch. When they were done they were all shot into the ditch, men women and children.

Later in the war, being German, they realized this was insufficient, so they started gassing people in what they believed were showers. They then had other jews working around the clock burning bodies.

Assertions are not evidence. You make assertions but I fail to see studies of mass graves to back the up.

There exist zero photos of gassed victims. Zero.

The six 'death' camps were captured by the soviets. All film footage you've seen is from brits and u.s., none of which are thought (by all historians) to be death camps.

The testimonials do not match eachother, unless you cherry pick the parts that match and only consider those. Thousands of testimonials 'document' the presence of UFO's. Should I believe in UFO's? No, not without sound forensic

evidence, and that is precisely what is lacking here. It's been 70 years, where are the scientific studies of these sites. (there should be thousands of scientific articles)

The technology for finding primitively cremated remains in mass graves has existed for decades. Where are the sophisticated statistical core sampling studies clearly quantifying the extent of the tragedy? These studies don't exist, this indicates that the remains are not there and the testimonies were merely rumors and torture-induced confessions.

I don't know why you would expect me to believe millions were gassed (an unprecedented event) without providing evidence that cannot otherwise be explained. Isn't it kind of disrespectful to think that I should do this? I wouldn't expect you to believe me just because I said so.

Shlomo, nobody denies that prisoners weren't given identification tattoos. As Amos Anon rightly states, that's a strawman argument, but you knew that before you posted it. Eli Weasel supposedly had an arm tattoo, but, liar that he was, he never showed it. It wasn't there. And as Amos said, tattoos aren't evidence of alleged "gas chambers". You and thousands of other jews are knowingly engaged in deliberate deceit, and you know it.

+Amos Anon I never said millions were gassed. I'm not sure what the number is for that specific method, and it's agreeable that this was happening in the later years of the war.

European and Russian population records points to a number of between 5-6 million Jews who were alive before WWII and were not alive afterwards... in addition to a similar number of gentiles.

Nazi documentation clearly shows there was a systematic plan to kill all jews.

now, if you want to keep claiming these people never died, never existed, go ahead, but any person with integrity will see right through it.

One million tons of nightmare hallucination storytelling is not supported by a single concrete fact. The scientific and documentary evidence (supported by the Bletchley Park decrypts) demonstrates that there were NO human gas chambers in Auschwitz. The only real gas chamber there was 10 cubic metres in volume and was used for delousing clothes to keep people HEALTHY for work. This was built after the thousands of deaths from Typhus in late summers of 1941/42. Furthermore why would Nazis be busy trying to save workers lives and exterminate Jews at the same time. This makes no sense because the story we have been told IS A LIE.

People falling for the Holocaust myth are victims of years and years and years of indoctrination. It is very difficult to make them snap out of it. Before you can explain the impossibilities of the claims that make the so called Holocaust, they are already in a rage of fury spewing a passionate rant. All logic and reason are suppressed by their overheated emotions. These duped Holocaust believers are the ones who do not base their beliefs on evidence. They approach the issue with the assumption that no one could possibly question the Holocaust unless they already hated Jews. But these believers usually know very little about the subject, and almost certainly have never examined the actual arguments of revisionists, or as they call them, "deniers." The Nazis put Jews and others in labor camps, but there is no physical evidence whatsoever that they used homicidal gas chambers to exterminate them, and the accounts of the supposed extermination are physically impossible.

There is still not one documented case of a gassing and not one picture/video of a working "homicidal gas chamber". The scientific/legal evidence supporting an extermination plan and gas chambers is so threadbare it's laughable. There are too many inconsistencies. Anyone with half a brain who takes the time to look into it for themselves will conclude there were no gas chambers and no extermination plan.

so how do you know she is wrong? please share, because I would like to see the incontrovertible evidence. hearsay, statements made under torture, fake chimneys, fake documents and film from camps that were not death camps are not evidence.

I know 10 million were claimed to be murdered, but the forensic remains of a few hundred thousand people would satisfy me (you can't find them all).

However, if we talking of truth there are also people who prefer to ignore the truth and deny not only the Holocaust but also the Second World War that took life for almost 80 million people and say it never happened ! I think your sister is sick with-Antisemitism disease ..she must apologize not only to Jews but also to the whole world.. why ? As I said if you deny the Holocaust, than easily you deny the second world war as never happened ! so fuck you

Okay so the Jews went to the shower to rid themselves of lice because of typhus. So why did the Nazis need to liberate their gold teeth, glasses, bank books and property deeds? Jewish wealth possibly supported impoverished Weimar Republic ? Say it ain't so! As cheerleader for the Waffen - SS, Einsatzgruppen or Reichskommissariat in "holocaust denial" you're going to land in court, charged under Section(s) 318 and 319 of the Criminal Code of Canada's Hate Crimes Legislation. Two plain clothes RCMP officers are going to arrive at your door and ask some very uncomfortable questions, if they haven't already been. One might even be sporting a turban. And you're going to do the Zundel -

Kegstra legal marathon dance for the next ten years. Your court case will last longer than the Air India trial yielding about the same negligible results. Good luck with that. I can't think of a person more aptly deserving.

VOLTAIRE (Francois Marie Arouet) 18th century French philosopher, writer: "Why are the Jews hated? It is the inevitable result of their laws; they either have to conquer everybody or be hated by the whole human race..." "The Jewish nation dares to display an irreconcilable hatred toward all nations, and revolts against all masters; always superstitious, always greedy for the well-being enjoyed by others, always barbarous - cringing in misfortune and insolent in prosperity." (Essai sur le Moeurs)

"You seem to me to be the maddest of the lot. The Kaffirs, the Hottentots, and the Negroes of Guinea are much more reasonable and more honest people than your ancestors, the Jews. You have surpassed all nations in impertinent fables in bad conduct and in barbarism. You deserve to be punished, for this is your destiny." Photographs?

Detailed Allied aerial reconnaissance photographs taken of Auschwitz-Birkenau on several random days in 1944 during the height of the alleged extermination period there were made public by the CIA in 1979. These photos show no trace of piles of corpses, smoking crematory chimneys or masses of Jews awaiting death, things that have been repeatedly alleged, and all of which would have been visible if Auschwitz had been the extermination center it is said to have been.

There is no documented proof, NONE. Many thousands of secret German documents dealing with Auschwitz were confiscated after the war by the Allies. But not a single one refers to a policy or program of extermination. The Vatican and Red Cross interviewed thousands of freed camp inmates at the end of the War about alleged gas chambers. The response was always the same, "The detainees themselves have not spoken of them" (Red Cross document No. 9925, June 1946).

For the truth on “gas chambers”, dare to watch on YOUTUBE:

i m a jewish israeli. i am so sad to see that the german nazi charecterestic is still live and kicking. and you wont admit the german crimes, and do everything you can to just your behvaior. not all germans were nazies...but a big major part did. yes it was well known that the german hid the "final solution" where jews putnto gas chambers...even the jews themselves didnt know where they were being taken while going on thennazi trains so you your parents of course wouldnt know....but you but you should check if voted to the nationalist party!!! ...Anyway. it was all documented...and you cant deny that these days. i dont know even where to beginin if you want proofs. but most nazi officers have confesses their crimes. there are many videos and pictures from the holacust time of starved people to death. piles of braded girl's hair. sign of scratches on the gas walls and trillion more evidence . The russian documented a lot when they came in. many massive graves where found and let alone the nazi propoganda against the jews and gipsies and gays..... any way i am sad for you, trying to justify your crazy self. but seriously you chose the wrong path . instead of understanding the horror your family engaged in, you choose to tell yourself it is a lie. take a tour to warsa in poland. or maybe come visit israel and see all the documantation we have. or even just write on You Tube "Holocaust" and watch a few movies left from that time.

you should be ashamed and this will haunt your kids .....instead of helping them to grow up healthy... you dont addmit they genetical crimes you have done. you choose to push the denial to your next generation. i think you are a poor unheathy woman. i hope you learn a bit and start working on apologizing to the jews for the choices your parents did . for us jews...we are still terriefied almost 3 generations after...and probably forever...we grow up to talk about it every day. there will never be another holocauset. sadly instead of living a tegular life. our thoughts are when is the next hitler comming, and did we develope enough nuclear weapons to fight him....

thank you for whoever is disliking this video. and it makes me very sad and affriad that this video gets "likes"

How stupid does one have to be to believe that "plausible deniability" is possible in the case of the Holocaust or, what is worse, actually BELIEVE that it never happened? You as someone who was born on Canadian soil and years after the war, who argues it was just a work camp, are right because you looked at four books? I tend to believe the scholars when it comes to such a subject. Yes this is a world of technology and ever expanding social networks but as they say, just because google has it doesn't make it automatically real. Plus why was this not argued till now? It is suspicious when the argument is non existent, until everyone who was there to witness what really happened is either dead or to senile to set the record straight. I do not doubt Typhus had to do with some deaths but not all can be explained away so easily.

It seems odd that leaders in our community immediately starts by condemning people for claims they believe in. And I thought that the middle ages has come to pass but instead of embracing freedom of speech and discussions that could involve change in our history, their first reaction as a defensive mechanism is to strike first.

I can't see why people condemn someone who seek to question part in our history. Isn't this what we are? Isn't this what we have done for generations?

I am afraid now, will I too be condemned for opposing people who sits on thrones? And I wonder, has the Canadian people fallen to racism and prejudices?

[matt 37942 months ago \(edited\)](#)

Sandy Hook was a MAJOR hoax! Why?

When former NFL player turned US Marine Pat Tillman was shot in the forehead twice they called a helicopter to pick him up. So they waited and waited for the chopper to arrive. Finally it showed up, and as Standard procedure, they did CPR on him for half an hour before declaring him dead, even though it was pretty obvious all along. I mean, his head was split open. But hey, that's standard procedure.

At Sandy Hook, a prominent medic asked why all of the children were declared dead by police after only 8 minutes, and after a while, they finally allowed two medics to view the bodies.

#1, it's not the police's job to declare people dead - that's up to the medical professionals.

#2, the medic was flabbergasted as to why they deviated from STANDARD procedure, which is to evacuate all wounded and dead via helicopter while performing CPR the entire flight to the hospital.

But you are too dense and stubborn to examine evidence, and disregard prominent people asking EXTREMELY pertinent questions.

Imagine that, all those kids shot up, and the cops are like "na, skip standard procedure, lets just call them all dead".

Sheer stupidity on those who do not recognize this ABSURDITY!

Wait, there are over 100 crematories in Phoenix, Arizona. Does that mean that thousands of people are being gassed in gas chambers in Phoenix? Of course the German camps had crematories, the average cost of burial in the USA is over \$8,000. Did you expect the German authorities to foot that kind of bill for each corpse that died from typhus? poor, poor, uneducated Americans.

In Winston Churchill's 6 volume "History of World War 2", there is no mention of death camps or of 6 million dead Jews. The Jewish Almanac states that there was a population of 15 million Jews in Europe before World War 2 and After World War 2. The number 6 million was being mentioned by Jews before World War 1 and continued on until it finally "became fact". We should never believe everything that we are told. We should investigate for ourselves. I would like to know why it is a hate crime to question how many Jews were killed but we can debate all day about how many Cambodians were killed by the Khmer Rouge from 1975-1979. [PlantPowerRider2](#) 2 months ago

+DemilichFan Maybe because once you went in the gas chambers, you didn't come out alive? There are way too many testimonials from victims and Nazis given freely to even consider maybe it was all fake. Seriously, how do you explain any of it? Who? Why? Right now I absolutely cannot see that this could actually be possible.

Reply 1

[DemilichFan2](#) 2 months ago

+PlantPowerRider There were gas chambers, and zyklon was used. They were small rooms, large enough only for delousing of clothing. The zyklon was used for the delousing. The execution method described in the standard Holocaust literature, of pellets of zyklon being dropped through small portals in the ceiling of the 'extermination chamber', is impossible. It would have been so toxic that it would have killed the guards administering the execution. The large chambers said to be execution chambers had wooden doors that a large, panicked group of people would have broken easily. The doors were also not sealed and the gas would have leaked outside of them, killing anyone in the immediate vicinity.

As for the testimonials, again, you won't find much in any of them of any useful detail. You can find all sorts of stories. One guy said the Germans kept a bear and an eagle in a cage in Auschwitz, and every day they'd throw a Jew into the cage. The bear would maul him and the eagle would pick at his carcass. Does that sound believable to you? They used to say fat from Jewish bodies was used to make soap, and Jewish skin was used to make lampshades. Even the Holocaust museums acknowledge these were lies now. But when the Americans were processing German villagers into the camps they'd 'liberated' to show the Germans what their terrible leaders had been up to, they prepared a table of shrunken heads and skin lampshades. This is called psy-op.

In regards to Mrs Schaefer's video clip denying the Holocaust  
So sad ! - One may be very talented ,

highly educated , very intelligent & with good intentions ..  
and still spend a lifetime in denial .

...

But I understand her ...

Not all Germans were aware of the atrocities and horrors  
of the concentration camps..

and disbelief is a logical fact of the human mind when it lacks

the knowledge and experience of the circumstances ..

Out of these hundred thousands , if not millions ,

of Germans that Just Didn't Know ,

many never took the time to investigate

and find out what the truth was ..after the war,,

such a harsh truth to assimilate ..

and many moved away , immigrated to many other countries

on the globe , moved on to another life , married , had children

...

and time never made them change their minds ...

Never witnessed anything ?! - Therefor must have been a lie !

Wouldn't be the first time in history such lies are factual !

and... their children ... such as this here Mrs Shaefer

willingly demonstrates ... how denial ...

combined with the choice to ignore some hard truths

in our everyday reality ..

can be transmitted from one generation to another ..

It's so damaging to the human spirit , limits it's capacity

of insight and any drop of awareness gets washed away  
by the high tide waves of disbelief ..... or self-centeredness .

It's not her fault ... it's her weakness !

Transmitted to her by her parents before all ...

It's her limited capacity to assimilate the real world ...

and we all have our own limitations ....

so ... by the end of the day ,

Denying ... By Free Speech ... is a fundamental right  
in our free world ...and shouldn't be a crime !

It's everyone's right to believe as they wish or can ....

So Live & Let Live & Let her be ...

Hate Speeches .. and Denial Speeches ...

are 2 Totally different things ...  
and in fact .... those accusing her of " Hate Speech ."  
are actually the ones Guilty of Spreading Hate towards her !

One million tons of nightmare hallucination storytelling is not supported by a single concrete fact. The scientific and documentary evidence (supported by the Bletchley Park decrypts) demonstrates that there were NO human gas chambers in Auschwitz. The only real gas chamber there was 10 cubic metres in volume and was used for delousing clothes to keep people HEALTHY for work. This was built after the thousands of deaths from Typhus in late summers of 1941/42. Furthermore why would Nazis be busy trying to save workers lives and exterminate Jews at the same time. This makes no sense because the story we have been told IS A LIE.

People falling for the Holocaust myth are victims of years and years and years of indoctrination. It is very difficult to make them snap out of it. Before you can explain the impossibilities of the claims that make the so called Holocaust, they are already in a rage of fury spewing a passionate rant. All logic and reason are suppressed by their overheated emotions. These duped Holocaust believers are the ones who do not base their beliefs on evidence. They approach the issue with the assumption that no one could possibly question the Holocaust unless they already hated Jews. But these believers usually know very little about the subject, and almost certainly have never examined the actual arguments of revisionists, or as they call them, "deniers." The Nazis put Jews and others in labor camps, but there is no physical evidence whatsoever that they used homicidal gas chambers to exterminate them, and the accounts of the supposed extermination are physically impossible.

There is still not one documented case of a gassing and not one picture/video of a working "homicidal gas chamber". The scientific/legal evidence supporting an extermination plan and gas chambers is so threadbare it's laughable. There are too many inconsistencies. Anyone with half a brain who takes the time to

look into it for themselves will conclude there were no gas chambers and no extermination plan.

Most estimates I have seen peg the Jewish population between 8 and 9 millions with 6 million being killed leaving 2 to 3 million left. All consistent with the map you just showed me. Thanks for making my point:)

"Jews were talking about a "holocaust" of "six million Jews" in Russia in 1915. There were not even three million Jews in Russia, but they love that number for some reason.

Posting the same map twice? What a load of crap this point is. Did you not think I would check it?

"

Every single camp claimed as an extermination camp today was locked behind the Iron Curtain under the control of a regime so notorious for lying and enforcing lies through law that "Pravda" has become a slur denoting purposeful falsehood with malicious intent. Camps which were considered extermination camps during the immediate postwar period, but were in the hands of the Western powers, such as Bergen-Belsen, were soon found to not be extermination camps.

[https://en.wikipedia.org/wiki/List\\_of\\_Nazi\\_concentration\\_camps](https://en.wikipedia.org/wiki/List_of_Nazi_concentration_camps)"

There were concentration camps in Belgium and along the border with France, I have been to that one. Again, more lies from you. Also how does this point deny the holocaust? You are admitting there were death camps.

"It is illegal to investigate the holocaust and come up with results different than those fitting the official narrative. Many have been imprisoned for saying what I say, many more will never say it for fear of imprisonment.

Because scum like you deny it and anti-Semitism is a very real thing. It's not illegal to research it, just denying it in certain countries. Again, this point does not disprove the holocaust.

Finally, I find it hilarious that you would use Wikipedia as a source for holocaust denial when it clearly does not refute the holocaust:

5. The British Secret Service Monitored All Concentration Camp Deaths:

Using some of the World's first computers the British Secret Service had cracked the German top-secret Enigma code and had access to most German Military communications by 1942. Sir Frank H. Hinsley, in his book *British Intelligence In The Second World War ; It's Influence On Strategy And Operations*, stated "The returns of Auschwitz mentioned illness as the main cause of death but included references to shootings and hangings. There were no references in the decrypts to gassings." The numbers of dead in the decoded messages tallied exactly with Red Cross and German Military records of the time. The British Secret Service also monitored various atrocities carried out by the Germans across the rest of Europe – why would the Germans report these to Berlin but not the alleged gas chambers at Auschwitz and other camps?

6. The French Resistance Denied The Holocaust:

During World War Two Germany invaded France and occupied Northern France from 1940 to 1944. A secret army of French Patriots known collectively as "The French Resistance" fought the German occupiers in various ways. A large number of French Resistance members were imprisoned, tortured and executed including their leader, and French National hero, Jean Moulin. After World War Two French resistance members were released from various German concentration camps, including Auschwitz and other alleged death camps. On their return to France they all gave horrific accounts of their treatment by the Germans, and were full of hatred for them because of the events of World War Two. However they all denied any knowledge of gas chambers and a mass murder programme in the concentration camps.

## 7. The Gas Chambers Of World War One:

It was widely reported during World War One ( 1914 to 1918 ) that the Germans, and their allies, were using gas chambers to kill thousands of prisoners.

However after the end of the War Stanley Baldwin admitted in Parliament that it had been propaganda, and no such gas chambers had existed. He also apologised publicly to the German People for this racist slur on them.

## 8. Amounts Of Zyklon-B Used At The Camps:

Zyklon-B was the trade name for of a cyanide-based pesticide invented in the early 1920s. It was used in Germany, before and during the Second World War, for disinfection and pest extermination in ships, buildings and machinery. Zyklon-B consisted of diatomite, in the form of granules the size of fine peas, saturated with prussic acid. In view of its volatility and the associated risk of accidental poisoning, it was supplied in sealed metal canisters. One of the co-inventors of Zyklon-B, the chemist and businessman Bruno Tesch, was executed by the British in 1946 for his role in the alleged Holocaust.

In the concentration camps it was used for sanitation and pest control. There were disinfectant chambers, in all the camps, where inmates clothes were disinfected to combat typhus and other diseases. When you break down the amount of Zyklon-B used in all the camps, those not alleged to have gas chambers and those alleged to have gas chambers, the amount per inmate is very similar. This means the alleged death camps would have had to have had a secret supply for the “gas chambers”.

## 9. The Nuremberg Trials 1945 to 1949:

The Nuremberg Trials were held in the German City of Nuremberg from 1945 to 1949. These Trials were held by the victorious Allies ( France, Britain , USA and Soviet Russia ) with the Germans as defendants. They were the worst sort of show trials with the main Judge being Nikitchenko, who had presided over Stalins’ show trials of 1936 to 1938 in the Soviet Union. The Court came up with ridiculous findings like jews being turned in to lampshades and even soap, these claims are now discredited and even the jews admit they were untrue. The Chief Justice of the United States Harlan Fiske Stone called the Nuremberg trials a fraud. He said “Chief US prosecutor Jackson is away conducting his high-grade lynching party in Nuremberg,” he wrote. “I don’t mind what he does to the Nazis, but I hate to see the pretense that he is running a Court and proceeding according to common law. This is a little too sanctimonious a fraud to meet my old-fashioned ideas.”

Associate Supreme Court Justice William O Douglas charged that the Allies were guilty of “substituting power for principle” at Nuremberg. “I thought at the

time and still think that the Nuremberg trials were unprincipled,” he wrote. “Law was created ex post facto to suit the passion and clamor of the time.” According to British General Montgomery, the Germans had only one sin : They lost the war.

President John F Kennedy in his book, Profiles in Courage, criticised Nuremberg as a show trial.

Out of 139 German witnesses who testified that the Holocaust had occurred, the British Medical Officer recorded that 137 had “damage to their testicles that is beyond repair”. A number of Germans had died under interrogation by the Allies. There was also the threat of sending Peoples’ families to Soviet Gulags.

#### 10. The Concentration Camp Crematorium:

One of the main problems with the 6 million jews being murdered claim was disposal of the bodies. It was claimed at Nuremberg that they had been disposed of in the camp crematorium. There were crematorium in each camp, but they simply didn’t have the capacity. Each crematorium oven could burn a body in about one and a half hours, meaning a maximum capacity of 16 bodies every day or just less than 6000 bodies per year per oven. The camps had between four and twelve ovens each giving 24,000 to 72,000 bodies per year maximum at each camp – this still wouldn’t be possible as you can’t run these ovens non-stop without the metal fracturing. Even double or triple loading wouldn’t help as this increased the time to three hours for two bodies or four and a half hours for three bodies. Also bodies aren’t totally reduced by this process and usually leave the pelvis and thigh bones which need crushing with special machinery – no such machinery was found at any of the camps. There is also the problem of fuel as each body would need about 40 kilograms of coke to burn – there is no record of the massive amount of coke required being supplied.

#### 17. Holocaust Denial And The Holocaust Deniers:

In most parts of Europe questioning any aspect of the findings of the Nuremberg Trials is a very serious criminal offence on par with rape, murder or armed robbery. In France you can receive up to 20 years in prison, which may have to be served in solitary confinement. Even where it is not illegal questioning the official Holocaust narrative will probably cost you your job, family, house etc. Despite this a lot of top writers, academics, historians and scientists have questioned the official Holocaust narrative or denied it entirely. Professor Ernst Zundel was put on numerous trials around the World, had his house firebombed,

received death threats, his family broke up, was deported from several countries and eventually was imprisoned for five years in Germany. No other historical event can attract this type of punishment for questioning the official narrative. Despite these threats, the official narrative is constantly exposed as being a lie and the jews have to constantly change their claims when faced with irrefutable evidence of their lies.

#### 18. The Main Stream Media And The Alleged Holocaust:

The Main Stream Media never question the official narrative of the holocaust, and go on an all-out attack on anyone who does. They have created the term “Holocaust Denier” for anyone who doesn’t believe, or dares to question, the official narrative. “Holocaust Denier” is one of the multicultural buzz-words like “Fascist/Nazi/racist/homophobe” designed to denigrate the person described as such, and lead to “pack-attacks” by the media, politicians and the general lefty PC crowd. However bear in mind that around 96% of the Western World’s media is controlled by jews and/or zionists. You will notice that the jews/zionist are willing to keep running newspapers/TV channels and other media outlets at a financial loss simply to keep control of the MSM.

#### 19. There’s No Business Like Shoa Business:

“Shoa” is the term used by jews and zionists to describe the alleged Holocaust. After the Second World War Germany was forced to pay trillions of Dollars in compensation to set up Israel, and is still paying to this day. There are now second and third generation, the children and grandchildren of alleged Holocaust victims, who receive compensation from the German Government and various German Corporations. The American Government also use this as an excuse to give billions of American taxpayers’ money to Israel, although the real reason behind these payments is the strength of the Israeli lobby in America. As early as 1941, two years before the alleged Holocaust was even meant to have started, the World Jewish Congress had been demanding that the Germans pay for the resettlement of jews in Israel as reparations.

It is the fundamental right of every human being in every generation to personally verify the truth and accuracy of any alleged fact of history. The truth of historical facts cannot be shielded from investigation by threats of criminal prosecution or tyrannical anti-human "hate speech" "laws". It cannot be sanctified by so-called "courts" claiming judicially to legislate the absolute content of history. If an alleged fact cannot stand or fall on its own without tyranny and terror to prop it up, then obviously it is not well founded, and the vested interest in its cruel agenda must be enforced some other way.

Without freedom of thought, we all are slaves. Without freedom of conscience we all are animals in the woods. Without freedom of speech, we have no self-government and are victims of dictatorship and tyranny. I congratulate Monika Schaefer, who is free to think and evaluate the alleged facts according to her own good conscience. The Green Party is another Red front of apologists for the Communists, who invented the so-called "Holocaust" story in order to whitewash and spread their own brutal ideology, and to forcibly bastardize with Jewish-Soviet-Zionist "multiculturalism" every nation on earth that is the homeland of the non-Jewish white family of peoples.

Here are just a few unprosecuted crimes of the still unrepentant perpetrators of "boundless unremitting hate" against the white non-Jews:

Eisenhower's Death Camps, the last dirty secret of WWII. I scanned this and put it online years ago at scribd, it's gotten around and is now here:

<https://archive.org/details/EisenhowersDeathCamps-saturdayNight1989>

And there's a film or two:

<https://www.youtube.com/watch?v=nxh6FC-bwWQ>

And here's Israel, the most brutal of butchers since the Bolsheviks, in this modern era pouring chemical death out of the skies upon the residents of the remnants of Palestine to burn their children alive in their beds and their parents in their streets -- but no war crime trials for these consummate butchers! And no "compensation" financial or otherwise for the descendants -- if any -- of their victims, and no "holocaust" museums for them, either, these poor non-Jews butchered by Jews.

In an article entitled simply, "Stalin's Jews", Israeli author Sever Plocker honestly tells us:

<http://www.ynetnews.com/articles/0,7340,L-3342999,00.html>

"We cannot know with certainty the number of deaths Cheka was responsible for in its various manifestations, but the number is surely at least 20 million, including victims of the forced collectivization, the hunger, large purges, expulsions, banishments, executions, and mass death at Gulags. / Whole population strata were eliminated: Independent farmers, ethnic minorities, members of the bourgeoisie, senior officers, intellectuals, artists, labor movement activists, "opposition members" who were defined completely randomly, and countless members of the Communist party itself." ... "And us, the Jews? An Israeli student finishes high school without ever hearing the name "Genrikh Yagoda," the greatest Jewish murderer of the 20th Century, the GPU's deputy commander and the founder and commander of the NKVD. Yagoda diligently implemented Stalin's collectivization orders and is responsible for the deaths of at least 10 million people. His Jewish deputies established and managed the Gulag system. After Stalin no longer viewed him favorably, Yagoda was demoted and executed, and was replaced as chief hangman in 1936 by Yezhov, the 'bloodthirsty dwarf.'" And here is a film on the Holodomor, Soviet death by starvation policy enforced by Stalin's Jews: [https://www.youtube.com/watch?v=M\\_dnRA5NFhs](https://www.youtube.com/watch?v=M_dnRA5NFhs)

The crimes of Communism continue to go unpunished, in particular their tyrannical mind-control over political dissidents whom they tortured and dosed with chemicals to break their free will. The 100 million slaughtered by Communism go un-avenged, they have no peace in their graves. No war-crime trials or crimes-against-humanity trials, either, have ever been prosecuted

against Jewish-Soviet-Zionist Communism, the Jews' preferred system for "World Order", their banker-financed conquest of Russia providing the template for it. For Communism and Zionism both won that war, and the one before that. And since "history" is written by the victors, we are taught LIES instead of truth to control our behavior and subdue us! And why? Because the Communist-Zionist system still expects to rule hard over all of us, out of Israel:

[https://www.google.ca/?gfe\\_rd=cr&ei=6bGKV83HIuih8weMzIXYBw&gws\\_rd=ssl#q=jerusalem,+world+government&tbm=vid](https://www.google.ca/?gfe_rd=cr&ei=6bGKV83HIuih8weMzIXYBw&gws_rd=ssl#q=jerusalem,+world+government&tbm=vid)

To which end, yet one more Jew calls for the destruction of Christian Europe... and also of the West:

<https://www.youtube.com/watch?v=0rqxUpEMty8>

And another "leading" Jew calls to destroy the French white-race people:

[https://www.youtube.com/watch?v=I8yaiN6ew\\_g](https://www.youtube.com/watch?v=I8yaiN6ew_g)

These serial psychopaths who think they can dictate the destruction of OUR peoples, OUR races, OUR cultures, OUR countries, and the content of our MINDS, need to be straightened out! They will NOT rule over us!

When people talk about their research, what do they mean? Is it accurate or some jumbled up article? Many people were killed, including Jewish people, who were specifically singled out and rounded up. There was great anti-Semitism. Hitler's book reveals his hatred of the Jewish people and his speeches reveal it too. Do deniers look at the pictures, the people's stories, the accounts from people who saw the camps, or do they just believe what they want to believe? It isn't about only feeling for Jewish pain. Other people were harmed and killed. It is about acknowledging the prejudice and scapegoating that occurred and the terror people experienced. To deny it when there is so much proof; isn't that a form of slander? Free speech doesn't mean we can say whatever we want about other people; saying that the Holocaust didn't exist is calling survivors liars in my opinion. It's calling soldiers who saw the camps liars too, in my opinion. It's calling Victor Frankl who wrote, "Man's Search For Meaning", a liar in my opinion; he survived the camps. It's calling Anne Frank a liar, in my opinion. So the little girl's diary wasn't real? Are you saying she didn't exist? Isn't that slandering her name? I don't think Jewish people are saying

only cry for us; where is this being said? If someone is attacked and goes to the police and later talks about her experience, does that automatically mean that she doesn't care about others who've been attacked? She's telling her story. The Jewish people are telling their story so it doesn't happen again. And others can share their stories too. But when you weren't there, to deny and invalidate someone's pain or to fixate on a certain number, as if that's the point anyway, "Well technically it wasn't that many killed so...."-that isn't the point; people shouldn't be singled out and killed for being Jewish or a Gypsy or gay, etc... that's the point.

the holocaust of WWII wasn't the first time the Jews used the number 6 million to describe how many of them suffered or perished, they have made that claim a number of times throughout history.

there is more evidence to prove the holocaust didn't happen than there is to prove it has.

the so-called gas chambers of Auschwitz were altered after the war to suit the lies that were being told.

like the lady says, Auschwitz had a hospital and even had had a symphony for Pete's sake.

Just as the killing Fields happened. And many other genocides. They cannot be undone by wishful thinking. They must be remembered to help keep it from happening time and again. We know the Red Cross figures originally stated 400,000 Jews perished in these camps. Later this figure was revised to 800,000. The provenance of the 6 M figure has also been documented well enough. So the discrepancy of numbers starts the questions.

How did 800K Jewish prisoners die? Was it through illnesses, natural causes, undernourishment or systematic murder. This is where the bifurcation of narratives occur.

Schaeffer's account, as an opinion is too absolutist to be taken at face value. It's an emotional moment of regret for disbelieving her mother's admission of being unaware of anything amiss in wartime Germany. It's not possible for 'nothing' to have happened.

Something happened, but to what extent and how, through design or by the chain of events that lead to degradation of life in a war environment where prisoners are not fed well enough and forced to work too long. Open discussions would settle these questions. The Zionists who monetarily profit from these figures will not allow any questioning. This is the reason for the conflict seen on these pages.

The IRC (International Red Cross) figures originally stated that about 272,000 died in ALL of the concentration camps, mostly from typhus and from starvation at the end of the war. It's also a fact that many millions of ordinary Germans were also starving towards the end of the war, as most railway lines and many German cities had been bombed to smithereens by the Allied air forces.

You need to educate yourself, you clearly lack any form of formal education and your ignorance is heartbreaking that clearly due to mental health issues and some form of dementia you believe that the Holocaust could not have happened. Is it because you are of German heritage and feel shame? You need to take a look at that and stop spreading hate speech due to your lack of self love, lack of education, lack of humanity. Read a book, watch the films (yes documented footage) and there is even scientific data from the Nazis collected about the Holocaust...sorry you were bullied in school and you are trying to find your way to "heal" but you may find medications or actual therapy will aid you in your lost madness. I am sure your mother is crying in heaven from the poison you are spouting. More than 6 million people died at the hand of racism, and spreading this poison is contributing to the sad state of the planet right now and you need to remember that every action has a reaction, and you are part of the problem. No. You need to educate yourself. search "london cage torture" and read about the torture used to establish "fact". Torture you implicitly condone. You weren't taught about that were you? Maybe you ought to ask yourself why.

You aren't the good person here. Through ignorance, you embrace the use of torture to establish fact. Whether you continue to do so, is now in your hands.

By order from the chairman of the federal reserve! I have to of proof plus Churchill declared war on Germany in 36 when Hitler defaulted on the cartel!

That's because they wrecked every society that they were a part of in history or tried to. They aren't real Hebrews or the original Jews either. They are converts from the area between the Black and Caspian Seas and were forced to adopt a religion by Russia, Turkey, and the Arabs because they had a reputation for being highway robbers and murderers on the main overland travel routes to India and China. It was that or be wiped out by what would have amounted to the "1st World War". The eastern orthodox Christians, the Muslims, and even

non-believers were fed up with their behaviour and they insisted that they change as a society or be wiped out. Now was this antisemitism? ??? They were not even Jews yet. I call it getting rid of criminals.

What's stupid about your comment is that you incorrectly assume that only "old people" feel this way. Ha-ha. Hate older people do you? Parental issues perhaps? Many of what you perceive as "racists" have kids that agree with their parents. They know the truth, unlike you. The world you wish to have would not be worth having an incarnation in. Also, it is not racist to simply state facts. Like African blacks sold their own members into slavery to the white men. Were those black Africans racists? AND the slave traders were mostly Jews, who are genetically not white. They are a separate race. Blacks also willingly fought for the South in the AMERICAN Civil War. How is that explained if the Southerners were "racist"? WHAT about the 300,000 German Jews who went against their fellow International Jews and fought in the German Nazi army against their "liberators" and against the Soviet Bolsheviks because they liked living in Germany and agreed with the Nazis and did not want a Soviet style system which murdered anyone who got in the way including dissenting Jews? (The Bolsheviks were mostly Jewish-but there were those who disagreed and wanted to live in peace.) I assume you are a young person in age (whatever that means-my mom is 95 so compared to her my 57 is "young"). When you get older or have kids, you will see where your anti "racist" stance is leading the world. You can be pro-your-own-race and pro-survival without being anti-other-

race. But you, the liberal, want your opposition to actually die. Interesting twist.

A chromosome called Haplogroup E1b1b1 which showed up in their samples is rare in Western Europe and is most commonly found in the Berbers of Morocco, Algeria and Tunisia, as well as among Ashkenazi and Sephardic Jews.

"One can from this postulate that Hitler was related to people whom he despised," Mr Mulders wrote in the Belgian magazine, Knack.

Haplogroup E1b1b1, which accounts for approximately 18 to 20 per cent of Ashkenazi and 8.6 per cent to 30 per cent of Sephardic Y-chromosomes, appears to be one of the major founding lineages of the Jewish population.

Nice try VitalemRecords. People don't hate the jews because of some random floating "...long history of people being evil to towards Jewish people.."

Jews are hated for the evil they do.

Basically the truth is in itself "anti-semetic".

That is why jews and their dupes and shills are absolutely desperate to prevent the emergence of the truth about:

9/11

The USS Liberty

The real story of (((WW1))) and (((WW2))).

The HolyHoax

The attempt at the genocide of the white european race going on now.

The despicable satanic Talmud

The rape and genocide even in the tamer Torah.

...and many much more.

We will wake up our people.

Take back our lands.

And we will hold Jews responsible for what they have done to our people.

White folks take note:

There is no coming back from the evil they've done.

No "Oops, it was all a misunderstanding, we dindu nuffin!", no conceivable excuse for what they've done.

That is why they are trying to genocide us. They've gone too far. It is all or nothing for them.

But like Hitler once said: "Those who don't wish to fight will perish anyway."

So we better wake up and fight this holy war. Fight for our families, our ancestors, our children.

We Must Secure The Existence Of Our PEOPLE  
And A Future For White Children.

And then we will grow into our destiny. We will stand firm in our lands and ultimately reach for the stars both physically and spiritually.

After seeing your idea of what did or did not happen I think you missed the most important thing. As a young girl myself being from another country, religion and beliefs I also got bullied. But bullying back when you think you have an upper moment is not the way to go. I come from Ukraine a very worn, torn country, not only in lives but in faith. I do understand parts of what you are saying about the Holocaust. This was an inexcusable crime that should not exist but our country was not the only country to be destroyed by someone else's beliefs. Germany was also used in the same way, I do not think if you talked to people during this time that they agreed with the war camps, that I would say struck fear into their hearts not wanting such horrific things around them. This unfortunately put a division among two countries' people. Suffering from both sides was no different except Ukraine did not have the tools to defend themselves for such a horrific act creating something no one on either side should have to live with. It is a lesson to be learned from no made excuses for and German people suffered in the end for someone else's crime not theirs. So letting your beliefs be clouded I wish you well but please before you make noise from your mouth watch what you say because now have you not only created problems for those of us who lived with this terrible deed but their anger will be taken out on people like yourself (German) unnecessarily to recreate a division that was healing. No one from either side should have to be disgraced we the people did not ask for such horrific things, let the wounds heal, let the people begin to trust one another as they should and your beliefs need healing as well.

I'm sorry to hear about the hate crime charges that have been filed against you for this video and also for the hatred you received because of your heritage.

Regarding the latter, it's not just folks of German heritage but all European-descended peoples who show a pride and love of their people also face this same discrimination and hatred- I did as a Southerner. The reason for this is we are being replaced in our own societies worldwide. In order for a people to allow, even facilitate their own extermination, complete full scale guilt and self-hate is a prerequisite.

There is so much confusion about the Holocaust. First of all, there are many ways in which the Jews, Gypsies, Communists and other victims were killed. In

the earliest stages, in German-occupied Poland, the Jews were confined to ghettos in such overcrowded unhygienic conditions that maybe as many as 10%, mainly the very old and very young, died of malnutrition and infectious diseases. In the next stage, when Germany invaded the USSR, the Germans, but mainly local sympathisers under SS leadership, would line up the Jews in front of trenches, machine gun them then bury them in mass graves.

This perhaps accounts for the majority of the dead, as indeed the largest population of Jews and Gypsies (and Communists) were concentrated in the part of the USSR and Eastern Poland invaded by Germany. A third cause of death was collateral damage from combat. In Poland, the USSR and other Eastern European countries, where the most intense fighting took place, as much as 10% of the civilians were killed. It's true that initially the concentration camps were intended to be detention camps and work camps (which is why they had hospitals). However by the end of the war, especially as it became evident Germany was losing, many of the work camps, especially Auschwitz, were converted to death camps. A remarkable story is that of the Hungarian Jews.

They made it almost to the end of the war unscathed, then when it appeared that the Hungarian government was about to cut a deal with the Soviets, the Germans invaded. Within weeks about 100,000 Hungarian Jews were shipped to Auschwitz in box cars and exterminated. This is the image most people have of the Holocaust, but it is only the final phase of the Holocaust and does not account for most of the dead.

in Nazi-occupied areas didn't survive the War. Most of the half a million to a million survivors outside the USSR eventually ended up in Israel.

If you knew anything about the Holocaust (you don't), you would know that the Nazi's found out that the mass killings done by soldiers (beatings, shootings, etc.) had a huge negative impact on their mental state. The act of killing 1000's of people daily caused extreme PTSD in the soldiers which caused them to either emotionally crack or become incredibly cruel, even to fellow German's.

In order to stop this the Nazi's created the gas chambers which helped reduce the stress on the soldiers.

Running over thousands of bodies with a train is the opposite of intelligent.

Look into gas chambers. Old gas chambers require inches thick of air-tight metal, and take a while to kill of a victim. It would be hard to do in a regular shower room. Also, zyklon b, the cyanide pellets supposedly used to kill Jews, emit cyanide at a very slow rate: enough to kill lice, but not enough to kill a human.

[Show less](#)

Reply

[gjjd1 month ago](#)

+Jebuslives

The Germans could certainly make a gas chamber, but if you look at the shower rooms that supposedly were gas chambers at these "death camps," they were not airtight at all.

I am not saying cyanide is not poisonous, I am saying that zyklon b was a product (in pellet form) that emitted cyanide at a very slow rate. It was a pesticide specifically made to NOT kill humans. It is still made today in some countries.

If you want to kill humans with it, you need to hermetically seal them and wait for the concentration of cyanide to build for a long time. The rooms in these death camps were not hermetic, and it would have been extremely hard to kill them with zyklon b.

There were many other chemical processes known at the time (other than using zyklon b) that would have produced a lethal concentration of HCN. The Germans were the most scientifically advanced people on earth. But there is only evidence of the transport and use of zyklon b into the camps. Why did the Germans stick with trying to use a pesticide to kill the Jews, instead of using a better chemical process? It is because their intention was simply to delouse the Jews, not kill them. Zyklon b was suited for that job.

As for the hair pillows, the point I was making, which you totally missed, is that Holocaust accounts are full of lies. Many Holocaust survivors who have given testimonies admit that they have lied. The six million number is now admitted to be false by JEWISH HOLOCAUST HISTORIANS THEMSELVES!!!!

With so many known lies about the Holocaust, you should become doubtful of the veracity of it. You should realize there is something seriously wrong with this story. That is the point I was making.

[Show less](#)

Reply 1

[gjjd1 month ago](#)

+Jebuslives

Oh yeah, and btw, modern chemical tests have been done on the walls of the rooms that the Holocaust survivors claimed were gas chambers, and very low amounts of cyanide were registered. However, the rooms claimed to be delousing chambers registered a fair amount of cyanide. So it is clear that false negatives is not a problem with these tests. The gas chambers were not really gas chambers.

My beliefs are generally in line with those of your typical Holocaust revisionist.

Jews and gypsies were rounded up and put into labor camps because they obviously would not be loyal soldiers, and served the country better as laborers. For an example of disloyalty, when America drafted blacks into the Vietnam war, they deserted en masse. Jews and gypsies would also have deserted if they were drafted, becoming a massive liability to the army.

Many Jews died of starvation because Allies bombed towns full of innocent Germans and destroyed the supply chains.

Some Jews were executed for various reasons towards the end of the war - not by gassing, but by firing squads. Of course, atrocities were probably committed at times by Germans who hated Jews. If some of these Germans believe that this people group was largely responsible for Weimar, of course some of them would have wanted to kill some Jews.

Many Jews in Auschwitz died of typhus. The typhus epidemic made it imperative for the Germans to delouse so that their laborers in their labor camps did not die.

Jews in labor camps had decent lives, given the fact that there was a world war going on. The Germans gave them many more creature comforts and entertainment outlets than one would expect in death camps.

Jews were terrified throughout the war. Their paranoia led some of them to believing insane rumors or myths that had no basis in fact - similar to how blacks now believe that the KKK runs America and puts sterilants in Church's chicken, and how the white man is trying to poison their water (see the Detroit debacle, which was actually caused by a black man). Their urban myths are endless.

It is really best that you take some time out of a free day and watch some of the better Holocaust revisionist videos, such as 1/3 of the Holocaust, which is about Treblinka.

The idea is that whites must replace ourselves with foreign people groups, committing genocide against ourselves, or else we are Hitler. I want to survive. Doesn't that make me healthy?

So many lies about the Holocaust are being unearthed, that it would be wonderful if the whole thing, more or less, turns out to be a massive lie. Then white people will be one step closer to being able to hold our heads up high, realize that we have racial interests, and fight against mass immigration that is destroying us.

I know that the "gas chambers" were not hermetically sealed because I have seen the pictures of them.

I do actually have a number of Holocaust books, written by Jews, on my hard drive. I am trying to read them.

Listen, there is a reason Holocaust denial is illegal in so many European countries. The Jews and liberals don't want people looking into it because they are scared people will refute it. Why are they scared if it is so obviously true? Because they know that the traditional Holocaust account is full of lies. They also know that the Holocaust was not a planned, intentional genocide.

Why don't you examine the arguments I have put forth. Look at all the lies. Look at all the backtracking Holocaust historians have done on the 6 million number. Look at the fact that Holocaust denial is specifically banned in Europe. These are all indisputable and very fishy. Why won't you respond to these indisputable, fishy facts?

I do not live in my mother's basement, but even if I did, I really could find "truth" there. The internet teaches everything you could ever want to know. You can buy all kinds of books from internet sites. I assert, in fact, that these famous alleged homicidal "gas chambers" are nothing but a tall story of wartime. This invention of wartime propaganda is comparable to the widespread legends of the First World War about "Teutonic barbarism." The Germans were then already accused (in the First World War) of completely imaginary crimes; of Belgian children with hands cut off; crucified Canadians; corpses turned into soap.[1] The Germans, I suppose, said similar things about the French.

German concentration camps did really exist but the whole world knows that they were not original or unique to the Germans. Crematorium ovens have also existed in certain of these camps, but incineration is no more offensive or criminal than burial. The crematorium ovens even constitute progress from the sanitary point of view where there was a risk of epidemics. Typhus ravaged the whole of wartime Europe. The majority of corpses which are shown to us in photos are clearly the corpses of typhus victims. These photos illustrate the fact that the internees-and sometimes the guards-died of typhus. They prove nothing other than this. To exploit the fact that the Germans at times used crematorium ovens is not very honest. In asserting this one counts on the repulsion or feeling of unease and disquiet felt by people accustomed to burial and not to incineration. Imagine an oceanic population accustomed to burning its dead. Tell such a people that you bury your own and you will appear a kind of savage. Perhaps they would even suspect that in Europe persons "more or less alive" are placed in the earth! One displays one's complete dishonesty when in the same way, one presents as homicidal "gas chambers" the fumigation chambers (autoclaves) which were in reality used for the disinfecting of garments by gas. This never clearly formulated accusation has now been almost totally abandoned, but in certain museums or in certain books we are still confronted with a photo of one of these autoclaves, sited at Dachau, with an American soldier in front, about to decipher the time-table for gassings.

Slavery was not invented by Europeans or Arabs, Christians or Muslims, Romans or Persians, Slavery is the business of human societies. Some of those people engaging in slavery identified as Muslim, Christian, Jewish, Akan, Nigerian, British, Indian, and Chinese. Some existed in 500 BCE some in the 21st century. Almost all advanced societies, with capacity engaged in some form of bondage. So race, geography, religion, ethnicity and time are of no consideration in people's propensity to engage in slavery.

The act of murder, torture, enslavement, and persecution is equal regardless of who, when or where. Killing 6 Jewish civilians is no different from killing 6 Palestinian civilians: The distinctive act of murder is equal. It does not become equal if that murder goes from 6 to 6 million. It is that act of "murder" multiplied by 6 million. Torturing someone, dehumanizing them, taking them from their home (kidnapping), raping them all constitute separate instances of human rights violation. And human rights is human rights regardless of if we are discussing 2011 or 1011, it has generally never been acceptable in human society to torture and rape another human being.

Now the act of taking an African from their home by force and violence is a crime, and in that crime a minority of Africans played a major role. However, that is one set of crimes and each incident re-occurred over the centuries destabilizing local communities' development potential.

And without the assistance of any Africans we then come to storing Africans in dungeons and subjecting them to all manner of unspeakable horrors, including rape, in places like Goree or El Mina. On board the ships, Africans were fed alive, as a form of terrorism, to man-eating sharks. All of this constitutes yet another set of human rights violations. Loading and packaging human beings on a ship like sardines and subjecting them to living and breathing in their own urine and excrement is another set of crimes against humanity (again a crime exclusive to Europe in the Atlantic system). Taking them and selling them off like chattel is yet another crime, dehumanizing them and enslaving them on the plantation is yet another set of crimes against humanity. To disrupt the culture, names, language and religion of those captive people is yet another crime against humanity. To exploit to build the empires of the West for over 300 years; torture, persecute dehumanize them is yet another crime. To finally release them from their Holocaust to be subjects and victims of all forms of racism up until the 60's is yet another crime. And finally to continue to enjoy the fruits of that legacy, deny and oppress them into the contemporary moment is yet another crime against humanity. And still we see every generation of African inheriting the terrible legacy of self-hate and potential inhibition created at that instance 500 Years ago in Africa.

Numbers (Quantity) and Duration and Nature (Quality of oppression) are three unique factors in the African Holocaust. There is no statute of limitation if the institutions that profited from slavery are today still in existence rich and better off for that terrible trade in flesh. It is only when we understand the African Holocaust in these terms that we realize what is unique about it. There are no comparisons in human history.

For example, this article of mine <https://odinia.org/what-are-values/> went viral recently and I have seen a huge upswing in the numbers of people who have become aware that the "holocaust" is a lie. Within our lifetime, I think that everyone will know about this monstrous fraud. Many people who do not know this lady have accused her of antisemitism, but in this video I could find no evidence that she hates Jews. According to her own story, for most of her life she believed in the Holocaust and was sympathetic to the Jews, and then she read something that she found convincing and changed her mind. That alone does not make her a hater. But it seems that a lot of people hate someone who doesn't believe in the Holocaust. Are they any better than she is? What this lady needs is some correct education, that's all.

When I was in Germany in 1996, I remember very clearly discussing the very topic with a family friend. Her father was a tank commander in the German Army in WW2 - he told stories about what he saw take place and his stories confirmed that mass killings did take place. This is undeniable. Now to numbers.... are they as they say it was? No idea. But to deny the war crimes during the war shows me that some people would love to bury their heads in the sand! The fact is that nerve agents were used often in the camps. The camps in Chelmno were the first testing grounds for new poisons. The ground water and soil tested positive for Zyklon B, a fumigation agent that also killed anything living exposed to it and also - from some accounts, Sarin. Also explained to me that "mercy killings" of the mentally handicapped and disabled were also done as they were seen as no use to the Reich. Then you have the documented atrocities carried out at Treblinka, Sobibor and Belze by staff and survivors.

all photos and footage you've seen was from camps captured by british and american soldiers, whereas all 6 'death' camps were captured by the soviets (feel free to check this). as a result, you have never seen any photo evidence of a holocaust.

moreover, although hundreds of corpses were autopsied by the allies, no cause of death was ever deemed to be by gassing. this forensic evidence is bolstered by the fact that no 'witness' account ever described the distinctive bright red coloring of somebody who has been gassed to death. zero photographic or forensic evidence exists for gassing. no gassing = no holocaust.

btw: the images of emaciated prisoners, captured by the u.s. and britian, is a result of disease and malnutrition caused by the massive breakdown in infrastructure in germany due to total warfare by the allies. in general, there were also healthy looking prisoners at these camps that were edited out for

propaganda reasons. (we forget that at the time, allies were still trying to justify all the sacrifices at home caused by going to war.)

Tell that to my Father who as a medic went into the death camps and saw the bodies. He also saw the lamps and wallets made out of human skin. They got a lot of the German people to walk through the camps and see what was done to mankind. There were many that did not know about the atrocities. However, there were German people that did. Many followed the crowd but there were some who helped hide people who managed to get away. Every bit is true and Ms. Schaefer, your denial is only to help you feel better. That's all it is. My Father would have nightmares for years due to what he saw in those death camps, the people that died in his arms, and the inhumane torture practiced on a

daily basis. That's my Father and what he said is the truth. Your Mother also told you the truth. Many Germans did not know.

One million tons of nightmare hallucination storytelling is not supported by a single concrete fact. The scientific and documentary evidence (supported by the Bletchley Park decrypts) demonstrates that there were NO human gas chambers in Auschwitz. The only real gas chamber there was 10 cubic metres in volume and was used for delousing clothes to keep people HEALTHY for work. This was built after the thousands of deaths from Typhus in late summers of 1941/42. Furthermore why would Nazis be busy trying to save workers lives and exterminate Jews at the same time. This makes no sense because the story we have been told IS A LIE.

People falling for the Holocaust myth are victims of years and years and years of indoctrination. It is very difficult to make them snap out of it. Before you can explain the impossibilities of the claims that make the so called Holocaust, they are already in a rage of fury spewing a passionate rant. All logic and reason are suppressed by their overheated emotions. These duped Holocaust believers are the ones who do not base their beliefs on evidence. They approach the issue with the assumption that no one could possibly question the Holocaust unless they already hated Jews. But these believers usually know very little about the subject, and almost certainly have never examined the actual arguments of revisionists, or as they call them, "deniers." The Nazis put Jews and others in labor camps, but there is no physical evidence whatsoever that they used homicidal gas chambers to exterminate them, and the accounts of the supposed extermination are physically impossible.

There is still not one documented case of a gassing and not one picture/video of a working "homicidal gas chamber". The scientific/legal evidence supporting an extermination plan and gas chambers is so threadbare it's laughable. There are too many inconsistencies. Anyone with half a brain who takes the time to look into it for themselves will conclude there were no gas chambers and no extermination plan.

As for Holocaust denial being a crime, first of all, it is not 'posing questions' that is illegal, it is going against what is the demonstrated truth in order to make the actions of a criminal regime more appealing, presumably to try and bring it back so that it can get another try.

Holocaust denialism can be, in that respect, be considered as being accessory to (future) mass murder.

At least 260,000 registered prisoners died at Aushchwitz. Thats Red Cross numbers. So how many unregistered prisoners died ? We dont know. But if one takes all of the camps in Germany and Poland the numbers start to add up. I myself do not believe the 6 million number as that number had been used for decades before the outbreak of ww2. Even Raul Hilberg who did the most comprehensive study of the Holocaust estimated 5.1 million but year later stated that number was far too high. From my own research I could see 3 million

victims being possible when one includes the executions of commissars and their families on the Eastern Front. There have been a lot of tall tales in many publications during the post war period proven liars even the word of people like Wiesenthal and Wiesel being in doubt. Its really difficult to get to the truth of the matter but I will state this...when you remove millions of people from their homes take away all their property and put them into camps against their will and hundreds of thousands die in those camps then under the law of western democratic society it is plainly murder. We are hopefully moving closer towards the truth but it will not be found in extremist views from either side.

[Show less](#)

Reply 2

[Amos Anon2 months ago](#)

You are factually incorrect. the 260,000 number was a sum total across all camps investigated by Red Cross. forced labor camps also existed in US and USSR at the same time as Germany.

Detailed Allied aerial reconnaissance photographs taken of Auschwitz-Birkenau on several random days in 1944 during the height of the alleged extermination period there were made public by the CIA in 1979. These photos show no trace of piles of corpses, smoking crematory chimneys or masses of Jews awaiting death, things that have been repeatedly alleged, and all of which would have been visible if Auschwitz had been the extermination center it is said to have been.

There is no documented proof, NONE. Many thousands of secret German documents dealing with Auschwitz were confiscated after the war by the Allies. But not a single one refers to a policy or program of extermination. The Vatican and Red Cross interviewed thousands of freed camp inmates at the end of the War about alleged gas chambers. The response was always the same, "The detainees themselves have not spoken of them" (Red Cross document No. 9925, June 1946).

For the truth on "gas chambers", dare to watch on YOUTUBE:

How can anyone come to a proper conclusion as to what really happened by only hearing one side of the story? I've also studied different view points of the alleged holocaust and also came to the conclusion that Herr Hitler didn't murder 6 million Jews. The Red Cross inspected the camps through out the war and if genocide was taking place you'd think that they would have noticed! I was in the American army and stationed in Germany in the early 70's, it was one of the most memorable times of my life. If we would have fought along side our German brothers and sisters during WWII the world would be a better place now and we would have our own countries where we could walk down the street any time of day or night and not have to worry about being mugged. I didn't have to read the Diary of Anne Frank in school, either, although I've seen it in movie form, and it was performed as a stage play here.

The woman in this video can think whatever thoughts she wants to in her ignorant, bigoted little mind. She can talk about it privately in her own home, to whatever friends she might have left after this, as long as it's just among them.

But the moment she made this video and it was posted to one of the most widely-accessed website in the world, she became guilty of violating Canada's hate speech laws, and yes, public Holocaust denial is something that's not acceptable in Canada. Keegstra lost his teaching license over it, Ernst Zundel was deported, and David Ahenikew was stripped of his Order of Canada.

Anyone who still believes in Nazi gas chambers is an idiot. The morons who attacked this woman's premise well exposed their ignorance. Over 80,000 aushwitz survivors were interviewed, but only a handful said there were gas chambers. JFK, Ronald Reagan and the 6000 page Red Cross report all said there were no gas chambers. All the facts prove that as well. We know for sure that the U.S. and U.K. killed millions of German civilians with Napalm and White phosphorus bombs. For NO reason. Britain bombed German civilians for 3 months straight before Germany began bombing British cities.

Dear Monika

I can see in your video - the happy look on your face and understand how relieved you must be to finally apologize to your parents and absolve your own guilt for your anger towards them. And it certainly was not the fault of a little

girl growing up in Canada being bullied just because she was of German heritage, that's just wrong.

But you can't decide that the genocide of the various 'undesirable' groups during the Nazi Regime didn't happen just to make you feel better. As you said how could decent people do such a thing? And if they were 'just work camps' as you explained - what crimes were these people (including families with small children) guilty of to be placed in prisoner work camps?

First let me say you should not have blamed your parents. Likely they may not have known of the atrocities happening in their backyards. After all, there was no Internet or drones or face book to publicize these events.

The real crime is 'decent' people like you who promote lies and try to alter history to assuage their own guilt. I personally know/knew survivors of this horrific time in history, but don't worry, Monika, soon there won't be any of them left alive and you can make up more fairy tales about this dark time in your country's history.

Right Linda. And what crimes were Japanese-Americans guilty of to be placed in labor camps? And what of the Soviet gulag system? Don't blame your parents Linda. The real crime is that 'decent' people like you don't bother to investigate both sides of an issue and end up with a very skewed and inaccurate understanding of the facts. Don't worry, there are plenty of us willing to check for ourselves and reject the naive, gullible attitudes of previous generations.

BTW: why did they put a fake chimney next to the "gas chamber" at auschwitz? go ahead...look it up.

@Amos Anon - I honestly don't get your point re: the Japanese and the Soviets. sarcastically, what with the quotes) who hasn't done her research? The bit about a very skewed and inaccurate understanding of the facts? Pot, meet kettle.

As if the Nazis were acting rationally. As if Hitler hadn't written it in "mein Kampf" that he wanted to exterminate the jews.

As if there weren't thousands of witnesses.

My Grandmother, born in 1916 has told me, everybody knew that there were extermination camps and she helped jews to flee and spoke out openly against the nazis. When she met my grandfather, who was a member of the Nazi-Party, she told him to choose: her or the party. He quit the NSDAP, and from that day, they had trouble.

President of my hometown's catholic women's association, she was observed by Gestapo, but managed to hide the club's savings, telling them she had lost the money somewhere.

With the money, they helped families who had gotten in trouble with the Nazis. After the Germans had lost the war, she told me, how angry she was when everybody was telling they did not know about the extermination camps. For everybody could have known. They just didn't want to know, for the comfort of not feeling guilty profiting from the benefits the Nazis had given to all those of "pure aryan blood".

Germans like this crazy Woman with the fiddle will always hate jews, just because they exist and remind them of the shame it means to be German, especially if you are nothing but German, like she is.

I have seen both things that you refer to, and they are utter nonsense. And no, I'm not going to refute every point they make. May I recommend that you cease reading only sources that agree with your position, and maybe get your hands on a well-researched history of the Holocaust told from a non-denialist perspective? The ignorance here is terrifying. My grandparents were both Survivors having lost respectively nearly all their families (they each had one of their siblings that survived as well) and I have visited the camps in Poland on three occasions. The willingness of people to freely hate and accept dogma is horrifying. When the Russians liberated my grandparents they videotaped 'So that people never forget or claim this did not happen.' The Americans did the same. When I first learned of this and of all the mountains of documented evidence I thought it unnecessary and a waste. I was clearly a fool.

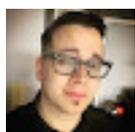

Clearly I underestimated certain people's will to hate and rearrange truth to serve their need to blame, avoid blame and hate.

More than a disgrace to the Green Party this is a disgrace to civilized humanity. I have loved the Green Party until seeing this. I am watching to see how they handle this to see if that remains the same.

If you visit Yad Vashem, the Holocaust museum in Israel, you'll see where they get 6 million. It's all accounted for...it's not an exact number, obviously, but it's close enough...

Reply 3

[mcgoodle](#) 2 months ago

It's amazing how the Jews accounted for their "6 million" long before Adolf Hitler ever came to power. Watch the video here on YouTube entitled "6,000,000 lies". It shows how Jewish groups such as b'nai b'rith were whining about 6 million Jews "perishing", or on the verge of "perishing" long before the Holohoax ever got invented. Jews have this fascination with the number 6. They've got a 6 pointed star on their flag. King Solomon received 666 talents of gold as tribute money from the goyim every year. And now, Jews want us all to pay them their "tribute money" of the 6 million all year round, forever. As you can tell from reading these comments, fewer and fewer of us "dirty goyim" are willing to do this.

None of what she says is actually supported by the NAZI documents and the very explicit orders and manuals of the SS. The camps were not work camps but storage and transit facilities until the death machine could be built. Recently revealed bug recordings of the "London Hilton" POW Hotel (for officers only) reveals that eastern front officers knew there was officially sanctioned rape and murder of Russian peasants. That they also knew that the Eisantzgruppen (Jew killing death squads) were in their areas of operation in the east. Because no-one thought about the Death machine (Auschwitz and Birkenau). Prisoners were left to starve DELIBERATELY under the instructions of the SS. But this was disorganized and messy to the German mind and they did have their experiments from the euthanasia program and they had the problem of suicides within the SS caused by the christian commandment of 'thou shalt not kill' The

Germans were after all, Christians, and this murder program caused some cognitive dissonance. So they invented the death machine consisting of the gas chambers and crematoria. If the innocent prisoners died of starvation or disease, all the better in their mind. No need to transport; just dispose was their happenstance. And don't tell me that this is not the fault of Germanness. The Anglo-German Queen Vicky, mother to the future Kaiser of the first war, daughter to Queen Victoria, worried about the mental state of her son and the future peace in Europe and ascribed it to 'the prussian in him". This is the war instinct of the Germans that has been described by many historians and observers during the 19th century.

This woman was bullied, not because there was a Holocaust, but because she was German and the Germans were our enemies in WW2. So were the Japanese and they were put in internment camps. That she chooses to believe there was no Holocaust to exculpate her from whatever guilt she absorbed for the actions of other Germans (and Poles, and French, and Hungarians etc) during the Holocaust, may allow her to feel better about herself, but its all based on a lie- the lie that there was no Holocaust. Ironically, she could have rid herself of the guilt in other ways - as most other Germans have.

By accepting the truth, understanding the unique set of circumstances that led to the Holocaust, resolving to never let it happen again, either to Jews or to others, and being tolerant of others. The fastest growing Jewish community in the world right now is in Berlin. Those Jews who have returned to Germany do not carry around hatred of the Germans of today or they would not have returned. Neither do the Germans of today need to take on the guilt of previous generations. Just learn from the past, and vow not to repeat the mistakes, and try to make the world a better place. I pity this woman for her pathetic attempts to turn history upside down in an attempt to deal with her German ancestry. But the danger of such beliefs is not to those who perished- they are gone, not to return- the danger rather is to those who live, as those who deny history are bound to repeat it. That makes this woman more than someone to be pitied, but also someone to be worried about. Sickness like this weakens humanity.

General Eisenhower, Churchill, and French President Charles De Gaulle were all Holocaust deniers.

Eisenhower's book, "Crusade in Europe" is a book of 559 pages; the six volumes of Churchill's "Second World War" total 4,448 pages; and de Gaulle's three-volume "Memoires de Guerre" is 2,054 pages. In this mass of writing, which altogether totals 7,061 pages , published from 1948 to 1959, one will find no mention either of Nazi 'gas chambers,' a 'genocide' of the Jews, or of 'six million' Jewish victims of the war."

These prominent world leaders from three western nations most involved in the War on Germany knew very well that Germans established Labor Camps because they were at war and this was the only way to meet their desperate wartime needs. There has never been a plan or an order to exterminate the Jews, only plans and orders to keep the Jews alive and to minimize life losses, although Jewish plans to destroy Germany are well documented.

The Director of Holocaust memorial Yad Vashem in Israel, Yehuda Bauer is also a famous Jewish historian and author who admitted:

"The public still repeats, time after time, the silly story that at Wannsee Conference, the extermination of the Jews was arrived at"..."hardly a conference" and "little of what was said there was executed in detail." Yehuda Bauer, Canadian Jewish News (Toronto), Jan. 30, 1992.

I grew up being taught all about the holocaust and believed it for decades. It was only with the advent of the internet that I was able to see that there is a whole other side to all this, that people are not being made aware of due to very uncivilized attempts to silence debate. Don't forget civilization is free speech; free speech is what creates a healthy society and when you start curbing it you will quickly find yourself on a trajectory towards a society governed by thought control which is the antithesis of civilization.

When you read comments on pages such as this which express strong feelings, many times it's not about Jews per se but because people who have looked into the matter are greatly concerned that they've been lied to in such a cynical way and for so long. Try and understand that we're just taking this opportunity to air our feelings of outrage as we've every right to do. Remember it's not only the Germans that they're trying to pin these lies on but everyone (I refer to the accusations of the West not doing anything at the time etc.) for the reason that they want us all to feel guilty in order that the extremely lucrative victim card can continue to be played. When I first realized that the gassings couldn't have taken place as we'd been told for simple scientific reasons (i.e. the conditions necessary to produce cyanide gas from cyanide pellets simply weren't present) I was mightily pissed off that we'd all had our chains yanked so but actually it was also a huge relief to know that Europeans weren't actually guilty of herding people into chambers and gassing them en masse as we've been led to believe. Just because these guys want you to demonize those of us who want to expose the lies, the truth is gradually getting out there and people like the Anti Defamation League don't like that one bit. Unfortunately for them, they didn't see the internet coming and the consequent worldwide challenge to their once secure and unassailable version of events. Please don't let them dictate how you should think. Look into the matter yourself and decide. You really do need to look at both sides of this before condemning people if you want a free society. You should at least be aware that although history belongs to the victors, it's not necessarily the Truth. "Only the educated are free" - Epictetus

Monica: I can see that you are a talented, and intelligent person, and, as a Jew, I would like to address your clearly well-meaning statements in this video. First, I would like to apologize for the verbal abuse you endured as a child from other children. This shows you that even children show the human propensity for cruelty to others. It's regrettable, but it is part of human nature, not just in Germany but in Canada, and the world over.

Secondly, I completely understand the anger you had toward your parents as a child. In your young mind, you must have felt that they were complicit in the hatred, persecution, and murder of Jews that you had heard about, and you asked the question.

I believe they told you the truth.

I know a Jewish German woman who lived in Germany and survived the WWII years. She told me the same thing that your parents told you. That there were many good Germans, living quiet, private, family lives who had absolutely nothing to do with the wholesale slaughter and murder of Jews which, according to the well-kept records of the Nazis did, in fact, take place.

The Nazis, may their crimes be avenged by G-d, were meticulous keepers of records. This is why they tattooed numbers on the concentration camp prisoners. In addition to reducing human beings to mere numbers in a ledger, they prove -- by the Nazis own accounting and testimony -- that 6,000,000 Jews were murdered, and that those who could not be good workers were, in fact, sent to gas chambers. This was the result of the Final Solution plan, recorded in the Wannsee conference of January 1942.

The Nazis conducted a fierce and fearsome reign of terror. While it is true that huge waves of German, Austrian and other citizens embraced Hitler and the Third Reich, it is equally true that millions of ordinary Germans were either unaware of the worst or horrified but paralyzed by their fear and inability to do anything to change things, .

Just as millions of Jews were paralyzed and unable to change their fate, so were many good German people.

From listening to you talk, and viewing your demeanour, I would have to think your parents were among this latter group.

The only apology you need to make to your parents, then, is the one that almost all of us have to make. That, in the rashness and incomplete wisdom of our youth, we condemned them unfairly.

Mark Twain said, "When I was fourteen years old, my father was so stupid, I could barely stand to have him around. By the time I reached twenty-one, I was amazed at how much he'd learned in seven years."

You don't need to deny the Holocaust in order to vindicate your parents. Not all Germans were rabid Nazis. If your parents told you they had no involvement in the horrible events which took place, talk to my Jewish German friend who lived through it all.

She will tell you there were many German people who had no connection to the Holocaust. Therefore, you have every reason to believe that your parents were, as they said, innocent, notwithstanding the Holocaust did, in fact, happen.

And if the Germans were such murderous psychopaths, why in the world would they transport Jews from a western European city such as Amsterdam all the way to Poland just so they could, um, not kill them? Why not shoot them in Amsterdam? It's because the camps, Auschwitz for example, were exactly what Ms. Schaefer said they were in her video--munitions factories. And don't you realize that every single one of your so-called "Holocaust survivors" is actually a living testament against your little Holohoax fantasy? That's sloppy. You need a methodical way to exterminate. Genocides can be methodical. Denying a piece of history due to shame is unnecessary. There is nothing shameful about being misled and/or bullied by a dictator. People can be easily influenced. Towards the end of the war the Germans were no longer able to properly supply the camps. They could barely supply their own people. That's what a devastating bombing campaign will do. I suggest you look into the bombing of Dresden. Many of the prisoners in the camps died from typhus (which Zyklon B was invented to prevent) and starvation. Nobody has claimed that no Jews died during the war. Nobody has claimed that they were not rounded up and sent to camps. But we do rightfully dispute the number of Jews that died and the means by which they died.

They have to defend the Holocaust at all costs because it been their cash cow to support themselves and the survivors of the survivors of the alleged holocaust and of course it maintains a strangle hold of guilt and manipulation over Germany and most of the people of the western world, they have made laws that stipulate No one is allowed to question this event of the second war and if you do we have our courts to put you away as they have done here in Canada in Germany and Britain ,and most likely else where,where there is an investment in maintaining this .

The BIG Jews are now and have always been the worst enemy of so called Jews. Their multitude of ridiculous lies are falling like a house of cards and there is nothing they can do to stop it. The truth WILL come out and then EVERYONE on Earth will finally turn and point their collective finger at the Jews for their many many evil crimes. It's already starting to happen. The mainstream media in the US now has a 6% approval rating. Can you imagine a restaurant or ANY business or industry or politician or political body with a 6% approval rating? Maybe, but it won't LAST with a 6% approval rating. And WE ALL KNOW who owns and runs the MSM for their own benefit. The very same people who perpetuate the Holohoax lie.

She does come off as sounding a little wacky but like it or not what she says does add up and most certainly does not deserve penalty for exemplifying such courage. I love and care about everyone but am disgusted with religion for the following of these factually proven foundations of lies have lead to the death of millions if not billions of people over thousands of years of war and divide. I value human life more than I value religious lies. And when it comes to the so called holocaust, as I have been sharing for years now ... At one time Germany was generous in offering Jewish people a place to retreat when they were evicted from Israel by muslims so long ago until Germany got fed up with jewish religious filth plaguing their country, and when no other country wanted jewish religious filth plaguing their country is such mass numbers thus every other country refused to take them so began what they call the holocaust which is when the world stepped up and fought to send them back over to Israel where they are right back at war with the muslims. After thousands of years of war and divide leading to the death of millions if not billions of people over factually proven foundations of religious lies (long before religion created war and divide in Germany) you would think that people would learn to start valuing human life more than they value their factually proven foundation of religious lies. It's deliberate ignorance on the part of those who stoop to be religious while they attempt to pass the blame off on anyone / everything else for their following of lies leading to war and divide. I value human life more than I value religious lies which is why I have spent almost 20 years fighting for the destruction of religion.

Basic chemistry proves these gas chambers to be hoaxes. Which you really should have figured out already, the entire story is just so silly if you stop and think about it.

If the Germans wanted their prisoners dead all they had to do was stop feeding them and giving them water. They sure wouldn't have gone to all the trouble of rigging up showers fitted to emit slow reacting bug spray.

"The Jewish nation dares to display an irreconcilable hatred toward all nations, and revolts against all masters; always superstitious, always greedy for the well-being enjoyed by others, always barbarous - cringing in misfortune and insolent in prosperity." There were 6 million Jews living in Europe that disappeared from their respective nations. Of course the Holocaust happened and there is so much testimony to what occurred so to listen to this idiotic comment from the flower child with her denial is absurd. Even prime Minister Trudeau has witnessed the Auschwitz extermination camp, General Eisenhower had videos taken to remind people of what happened and thousands of survivors have testified and the German nation has taken responsibility to acknowledge the horrors of the Nazis so anyone denying history in my opinion are miserable excuses of human garbage.

+Elad Sharon Looks like my words touched a raw nerve in that close-circuited nervous system. Must be all the lies that whizz around your brain and whenever you empty it, they end up like a bowl of spaghetti on the floor and you're unable to find the thread. So Joseph Djughashvili Stalin's middle name means what? Answer: "Son of a jew", translated from his language.

Spit away all you want, like a drunk in a gutter, it was you who mentioned Stalin, not me. I just had to live under his tyranny, which bore the same vibes I get from you. Mentally stunted. When Putin told us who was in control of the USSR before Perestroika, some jewish patriarchs, now unimportant, sitting in the front row flashing their glitzy baubles, could only squirm when the cameras turned on them.

As most of the time, I am at peace with the universe, no hate in my heart, not even towards you who is the only one who thinks that throwing "fucking idiot" at others will classify as love speech. I don't, in fact that's as twisted as it gets. Double-speak. I tend to write to say something, not to fit anybody's arbitrary predetermined measure, nor for a jew to package and sell.

You don't have to read it, nobody forces you. Shalom.

+Elad Sharon Judaism in its Own Words – Who is Religion was created to control the masses. We under mind control. We first have to look deep within ourselves and see all the worldly programmed in us, before we can understand what is happening here. We need to re-program ourselves with love, empathy, truth and justice and get rid of the judging of others that come with ignorance and arrogance that is hate. We must live by example or we are just hypocrisy. The world has gone insane, because that is how they programmed it, it's intentionally. They control world wide media and the economy and police, military. In the year of 2000 there were seven countries without a Rothschild owned Central Bank: Sudan, Libya, Cuba North Korea and Iran  
In 2011 only 3 countries left without Centra Bankings are Iran, North Korea, get it???

These two supercessionist creeds set the template for much of the centuries long antipathy toward Jewry,

by turns depicting them as a deicidal people, a nation of prophet-killers and corrupters of scripture; but the entire history is infinitely more complex and it would be impossible to summarize it here. I grew up being taught all about the holocaust and believed it for decades. It was only with the advent of the internet that I was able to see that there is a whole other side to all this, that people are not being made aware of due to very uncivilized attempts to silence debate. Don't forget civilization is free speech; free speech is what creates a healthy society and when you start curbing it you will quickly find yourself on a trajectory towards a society governed by thought control which is the antithesis of civilization.

When you read comments on pages such as this which express strong feelings, many times it's not about Jews per se but because people who have looked into the matter are greatly concerned that they've been lied to in such a cynical way and for so long. Try and understand that we're just taking this opportunity to air our feelings of outrage as we've every right to do. Remember it's not only the Germans that they're trying to pin these lies on but everyone (I refer to the accusations of the West not doing anything at the time etc.) for the reason that they want us all to feel guilty in order that the extremely lucrative victim card can continue to be played. When I first realized that the gassings couldn't have taken place as we'd been told for simple scientific reasons (i.e. the conditions necessary to produce cyanide gas from cyanide pellets simply weren't present) I was mightily pissed off that we'd all had our chains yanked so but actually it was also a huge relief to know that Europeans weren't actually guilty of herding people into chambers and gassing them en masse as we've been led to

believe. Just because these guys want you to demonize those of us who want to expose the lies, the truth is gradually getting out there and people like the Anti Defamation League don't like that one bit. Unfortunately for them, they didn't see the internet coming and the consequent worldwide challenge to their once secure and unassailable version of events. Please don't let them dictate how you should think. Look into the matter yourself and decide. You really do need to look at both sides of this before condemning people if you want a free society. You should at least be aware that although history belongs to the victors, it's not necessarily the Truth. "Only the educated are free" - Epictetus

Just because jews benefit from tragedy doesn't mean they caused, nor does it mean that it didn't happen. Just like with shootings in America, Obama uses them to push his narratives about gun control, but it doesn't necessarily mean he caused it.

They are pushing toward a one-world government over a globalized world order, but what exactly does this mean? It turns out the concept emanates straight from Judaism and is what Germany's autonomous "National Socialism" was resisting. This is why the Holocaust according to Jewish sources officially begins in 1933 when Hitler first took power. It was at this moment when International Banking declared war on Germany because it was when Hitler began to free the German people from a zealous international cabal fired with a religious agenda of global domination and triumph over all the nations of the world (the goyim).

Interestingly no one mentions that “Holocaust demial-laws” actually also defend/re-enforce racial doctrines! I mean it's hard to disprove the notion and importance of a “race” when laws actually reinforce these notions and beliefs erecting monuments to the memories of those persecuted as a “race” (not people or religious believers)... so even if the rest of the world would desperately want to forget these notions and move away from supremacist doctrines the Jews themselves don't permit that.

Another point I'll make on this is adress the current liberal-left agenda of endorsing and promoting the Islamization of the West (now underway with mass of Arab refugees in Europe). This will have consequences in polity, social, political thinking and education... not least on acceptance of history regarding the Shoah (Holocaust). These are masses of people that will never accept pro-Jewish (Zionist) versions of history. If you think for one moment that you liberals will be able to hunt down, jail and convict those espousing contradictory views after the massive influx of Islamist fundamentalists and pro-Jihadists in Europe you are dillusional.

Expect more of the same from Europe now that globalism has adopted other cultural values and defenders of other faiths.

My comment was directed at "@ 54321Truth," who's remarks were a copy/paste and quite anti-Semitic.

Were it in reply to yours, it would have been marked "@ Johnny Connors."  
I actually agree with your comment.

Unfortunately, Google/YouTube can't seem to get the replies in the right order.

In fact, if you read my other comments, I am completely against this woman and her bizarre anti-Holocaust BS.

So, we'll just chalk this up to a misunderstanding, then... shall we?  
Just thought I'd clarify.

"what about the tattoos on holocaust survivors?"

What about them? No one denies that Jews were rounded up and sent to camps.

" there is so much evidence of concentration camps and gas chambers."

There is no physical evidence whatsoever that people were gassed in German camps. The prisoners died mostly from typhus and starvation after the Germans were no longer able to supply the camps. There were small gas chambers at the camps for delousing clothing though. These rooms are well sealed and have blue stains on the walls from zyklon b. Some of them still have the Degesh machine used to open the cans and release the gas. The rooms said to be gas chambers used to kill people are either post-war fakes or just plain shower rooms which are not properly sealed for gassing anything. Why would the Germans go to so much trouble building and supplying large camps and shaving people's heads and delousing their clothing to save them from typhus if they intended on wiping them all out?

"and testimony from nazis themselves that reveal the mass murder of jews"

You mean the testimony of people being tortured and facing the noose?  
Nuremberg was a Soviet style show trial. Read *The Last Battle* by David Irving.

"i encourage you to visit auschwitz yourself"

Funny how the number of people who supposedly died at Auschwitz dropped from 4 million to around 1.5 million and yet the total death toll for Jews during the Holocaust remains at that magical 6 million figure. The Jews have been

using that number for a long time. Long before the war even started. You should look into that as well.

It isn't just one jew, Spectre and Sarkozy are just two of the vocal ones, the rest keep hidden like cockroaches, running their fake money schemes in their banks and bribing, buying or blackmailing weak politicians to do their bidding. You may not know as MSM keeps shtumm about it, but we do, as we don't rely on jew propaganda, and we also know that stronger people are ready to kick Merkel out on her ugly butt. Cameron in the UK is already gone, so the jew-promoted "multicultural" communist gulag, called EU, is turning out to be a a non-event. +MickeyMouse Oopps! Not sure what YT did here. I was almost finishing off a long reply to your first post and had to scroll up to copy the OP's handle, but scrolling back, it all vanished. Oh well, maybe it was too long anyway, involving Russia's quick job wiping from most of Syria, the terror group Daesh ( IS or islamic state, formerly ISIS - Israeli Secret Intelligence Service in the Tel Aviv phone book, quickly changed - duh! - to ISIL with some lame excuse when

mossad found that video and realised they goofed) so now that country needs to be rebuilt and I'd say that's where most Syrians might have gone to. I do remember one video with some refugees (a small family) saying that they'd rather go home as their experience wasn't what they'd hoped to find here.

I can see four posts from you but none from Mr Nervous Troll - who is pretty deluded calling himself gentleman - the furthest concept from his persona, if one can call it that. Oh well, let's be magnanimous today, why not, I feel at peace with the universe.

Right, just remembered the gist, but not word for word - pretense is over, now we are facing reality, as 2012 is gone and there was no meteor or continental plates sinking to end in extinction, which means that the other explanation is true, namely that roughly every 13'000 years or so, we receive increased doses of energy that raises our awareness, whether we like it or not. Everybody! No exceptions! Even the Sun and planets in our system are warming up. From the inside! Going with the truth, we will only find peace, but struggle against it would bring pain, which is what any arrogant and ignorant little mental runt will experience, judging by his cynical tone that even his mother would find hard to take. Not that there would be any logical reason for his behaviour, as he doesn't know any of us, so I can only think of a rabid dog. Maybe a lack of soul? That's what jews try to project onto the goyim, after all. Perfect troll material. Needs one of those sticky triangles that says "Warning! Toxic!"

I'm fairly sure you know this already, but others may not. When we're at peace, we can develop our inborn psi skills that allow us to see each other's hearts, no matter the distance as we are all part of the same universal awareness, and with practice, can even discern more detailed information, like intent, defined by locality in 3d space and 3d time. No more sneak surprises possible when we know when and what is planned at the very moment the intent forms.

I think Nicola Tesla understood this, which the jew punished him for. Now we have Nassim Hamein and others bringing it back piece by piece. Einstein, placed into view by his brethren, never understood the real fabric of the universe, which the ancients called Ether, he only believed in matter, which confounds mainstream science no end. Here on YT we find talk of an electric universe, and a certain David LaPointe, who creates mini galaxies of any shape using electricity, magnets and some plasma, in air, vacuum or some gasses, maybe neon. inside a glass tube.

This world is fast changing and opening, to make secrets vanish. Gorbachev's Perestroika meant Opening too, but as KGB chief, he must have meant opening the secret files in his archives to pull the secretive jewish crime syndicate into view and expose them to break their deadly grip. It was the end of their vicious, bloodthirsty reign. Yeltsin, their stooge, tried to recover it, but could only facilitate windfalls for a few oligarchs, some jailed by Putin later. Now, I think, we are experiencing a mental opening, extremely and fatally detrimental to jews,

which doesn't necessarily mean gas chambers, though what does one do with bedbugs? Spray the blood suckers with insect killer!

That guillotine you mention is visible on google Earth, maybe even maps, but I think that's just for "special" inmates or to scare the rest. Not very efficient for large numbers. But some videos show the actual factory style buildings at some fema camps, with railways running right up to gates, almost copied from the Polish camps the Germans built. Or was it Poles who built those? This hangar sized building has multiple thick pipes or tubes running in and out of its walls, typical of gas chambers of Hollywood design, maybe modernised, and judging by the tall chimneys on the roof, there will be, obviously, rows of industrial size ovens to process large numbers of goy and likely the useful tools too, as they won't be needed any more.

I think their sole function is to troll us to try and jam the flow of information going out to the net. But too late for that! As we all know, at least me and other hackers, coders and software geeks, whatever goes onto the net, can never be taken off again. There is always somebody out of billions online, who will have grabbed it and maybe shares it with all his friends, any of which can re-upload it. Plus there is the wayback machine, or web pages archive, collected regularly, non-stop, which goes back to the web's beginning in the mid 90's.

Talking of the OP, a shining light for a peaceful existence, without hate and pain, that goes with it, seeing such empathic individuals perish would make me feel very sad, while to trolls it's more like good riddance, now we can breathe again without needing a gas mask. ;-)

+Nervous Gentleman How educated are you to throw Communism by Karl Marx, a jew, in the same lot as National Socialism, from his, and your enemy, Hitler ? And discredit both? Are you a self-hating jew to discredit Marx?

The rest is hate-speech. You take things too personally, and slander other people's characters as your "argument" to well researched facts and scientific evidence, simply because they don't come from your minority group or those others your banksters bought. At the same time you quietly ignore quotes by famous and leading members of your own supremacist clan, who spell out the very same things those facts reveal and slander the messenger with choice swear words, as if you hated the very sight of the words of your elders.

Neither of those actions will refute anything that's been stated.

Try to accept that youtube isn't personal messaging, but open discussion of facts, maybe opinions, and stop being hateful, while calling others by that very label. If you can't do that, you don't contribute anything, but screeching noises, which ends any discussion.

+phineasLR There is no debate to be had regarding the irrefutable and massively documented deliberate mass murder of millions of European Jewry and others under the direction of the Germans during the Second World War (by means of mass shootings, gassing, death marches, forced labor, starvation, disease as a consequence of close confinement in atrocious living conditions and a thousand other improvised methods). Those who advance such a pernicious argument (i.e. minimize, relativize or outright deny the basic facts about the Holocaust) do so either through unpardonable ignorance or (much more likely in your case and that of other morally depraved Westerners) a cynical disingenuousness that cloaks other underlying and equally unsavory motives (such as a desire to rehabilitate the almost universally discredited standing of National Socialism as a monstrous ideology, as well as a deep-seated and irrational hatred of the Jewish People). As this is precisely what you have advanced in your comments, you are unworthy of either respect or even basic courtesy.

+Nervous Gentleman Just as expected, weaseling out - no backbone to stand up straight?

Putting myself (very carefully!) in your shoes, Mr Nervous, I even think I can understand your reason for your head-strong insistence on that long repeated lie. The [#holohoax](#) gives you an excuse to say "You see, they have already killed 6 mill of us, so we have to defend ourselves. A pre-emptive strike would be best, but Russia and her friends might get pi\$sed. Safer to just breed them out of existence using a terrorist invasion until not a single "white" monster remains." You'd love to finish that "job" by tomorrow, Mr Nervous of Jizz-ra-el, wouldn't you? News from various parts of Germany confirm the terror is running according to your plan, and the thinly disguised hatred in your tone conveys volumes. Cold blooded genocide may be a simple black-op to cabal types, driven by ego-centered fear and cowardice of the unknown, but I'd bet you a buck, or two, that most decent humans will reject it as pretty lame. Democracy, remember? Sure, you don't care, your sole concern is that your arrogant superiority must be hammered into the heads of the slaves until they bleed. And how dare they defend themselves from the holy plunderers who have their god-given right to rape and murder? But the Rhine Meadows camps (HellStorm) didn't succeed, nor the efforts of the Soviet gulag in the east, these pesky Germans keep coming back stronger than before!

None of us has any clue as to why Nature chose to make us into such diverse groups on one planet, nor do we know what any of the different ethnic groups of the human genome represent in the great scheme of things, let alone what their functions may be, but my guess is that each and every one is here for a reason. Here is a theory I found: In our blood stream, it is the white blood cells that search out parasites to protect us from sickness. Not sure if they deal with them on the spot, or call a red blood cell to finish off the invader, we'll have to see. So if it is us, so-called "whites" who have that same task in the body of the human family, to search and destroy parasites, then sadly our parents have failed to act on early warnings from such notables as Henry Ford or JFK, who detected the festering cancer in our midst. Sadly nothing was done to stop it, and now the infection seems to be at an advanced stage that threatens the very guardians of humanity's well-being or even survival. The murderous insistence of the parasite to destroy what it perceives as the sole threat to its further rampage, is ample evidence for any sleuth who is seriously investigating this crime scene.

The explanation for this failing could be the skill of this parasite to disguise itself as one of us, as well as its grip on publishing, which suppressed Ford's and Kennedy's warnings. It was only via the net that I learned about them, so now we have a chance to flush the parasite out of the system, using all available

means, and isolate it. When Shlomo ignores perfectly civil questions and confuses Karl Marx with Adolf Hitler, the usual "confuse and confound" obfuscation, the well known M.O. of this insidious virus, becomes obvious. "Just change the subject and bury the questioner in abuse" is his first thought when faced with a serious question he has no answer for. This alone is enough to give away the disguise, and once a liar is caught, the jig is up. Or so one would think. But we're still learning how to corral the virus and arrest its deadly progress. Then decide what to do with it. No, not "death camps" - that cr4p only exists in your twisted vocabulary, same as "master race" which doesn't exist in the German language - just isolation from influence on our lives.

What we cannot do, is to allow the parasite further control of our communication, government and education. And a string of other important organisations like medicine, law, commerce, food production, science and environment. All that is our own responsibility, not to be given for free to untrusted dual-citizens. We already see the results of that: wholesale death, wars and destruction, moral decay, lethal medicine, Monsanto, pollution, chem-trails, Hollywood mind-control, crushing financial chaos and wholesale surveillance to detect any dissent against an apparently endless list of ills and suppress it. In one word - chaos! There is only one ill that, when removed, will allow life to return. No, not wall street or lgbt nor monsanto or truthers or obamacare or... Just one - the parasite, that's insinuated itself right into the veins of society like a slow toxin. Just look at the nwo police - Darth Vader's robot army, scared of a single brave slip of a girl who stood her ground like a goddess at Baton Rouge. A picture that can tell more than 6 million words!

Recently I came across a video by a professor, Dr Tony Martin, who has picked up a specific part of the sordid, and sadly ongoing tale, the slave trade, though he is carefully low tone, possibly risking his job, perhaps even his life. Brave man, a hero to be respected, whom I'd be happy to call friend. Not a "white monster" but he understands and goes with it. He helps to remove misconceptions, a real brother in arms against the parasite.

Mother Nature's reality, that we're all part of and dependent on, is haphazard and mysterious and can't be controlled. The more you try, the harder she will rebound. Obviously when one's awareness is locked into one's ego, such as seen in members of the cabal, and those they have infected, only the brain can function, it is physically connected, or hard-wired, to the body. This limits the experience of reality outside itself to the physical senses. The mind, however, which isn't physical matter, more likely energy-matter, and therefore freely mobile, is able to connect to either the brain or the heart, or both together at the same time, at our wish. The freely roaming mind allows the individual's awareness to travel to distant places or times, touch other, similar units of awareness, minds of other individuals, to share packets of information, and continue after the physical body is dead and buried and the ego extinguished. Such a free awareness is living with reality, and Nature, instead of against her, and we know that energy cannot be destroyed. This is my experience, explained

in many works, such as "Initiation" by Elizabeth Haich, and others, you are free to find your own.

Ancient wise men told us that the heart is the seat of wisdom. Others say it is the seat of love. To me both are valid, as both of those belong together. There is no wisdom in hate, coercion or fear, we only find wisdom through love and mutual support and understanding.

Thus, my dear Mr Nervous, finding yourself "heartless" and locked in a hard and cramped ego prison cell, your delusion of assuming you can intimidate others with juvenile demands, long strings of attempted slurs, baseless slander and outright hostility, is no surprise. Such attitude will only show your real face, instead of the mask you hide behind, without me having to lift a finger. Most folks today are more intelligent than to buy into the materialistic delusion, and prefer peace and cooperation with others rather than fear and loathing of the dominator-victim paradigm you stand for, even if they don't realise it yet. So I and others will just keep on attempting to raise awareness and give the odd pointer to ideas that anybody can research for themselves and make up their own minds after putting the picture together, with much patience, from the bag full of badly jumbled jigsaw pieces presently posing as human history.

When this materialist way of non-life is ditched, colour of skin or whatever other physical attributes, such as size, shape, missing limbs or eyes, colour and length of hair or even size of nose are considered unimportant, so is your origin, be it Earth, Arcturus or the Pleiades. Only honest discussion counts, recognised by all who can speak their minds and have access to imagination that's able to detect what isn't visible to the physical senses. Pre-programmed propaganda parrots, on the other hand, prefer to highlight any slight physical difference between people, such as skin tone, or religion, which is all they perceive via the physical senses, then project some "fault" on each "side" which is highlighted and pointed out until they stir up tensions, wars and physical suffering these parrots seem to crave. Obviously verbal language can hamper communication, it is slow and cumbersome, therefore advanced life, such as ET races, tend to use "telepathy", or mind to mind sharing of packages of imagery, which are universally understood. Although still a bit too advanced for most Earthers, we will all get there one day. Nobody claims it is easy, but perseverance will always result in understanding.

Knowledge is power, which may sound like some lame slogan from a business pamphlet to Mr Nervous and his ilk, implying only control of those they perceive as "others", but applied with true wisdom, which is control of self via internal power, allows us to see the one-ness of life that brings with it contentment, peace of mind and confidence in one's own worth, without a need for labels. This is a prerequisite to further advancement. It is obvious that ego-centrics won't even understand this, let alone try to strive for, as they prefer to send slaves to wars and death, making up more rules daily than anybody can remember, and watch the rest struggle, perhaps to entertain themselves in their

bored misery. Those who are prepared to advance, live to learn and respect other life, take heart as "going mental" can be a liberating experience which I highly recommend to any and all. Even you, Shlomo.

I just read your last post once again, and all I can say is "wow", definitely the wisest thing I have ever read on yt. As far as Shlomo's posts are concerned, I don't know what he wrote because I blocked him last week; the amount of free time I'm willing to spend on yt is very limited, and it's not enough to read bs. As soon as I can see someone doesn't deserve my time and attention, I'll block the respective person. I feel sorry for Shlomo to some extent because all you wrote about him is true. You can see where this kind of attitude leads to, have a look at pathetic Jewish crybaby O. Warmbier, he mistook the DPRK for the US, then claimed to be a Baptist, later the subject's family even claimed they were of German origin, lol. I guess this is how our little friend looks like as well.

In high school, I participated in a history project. We went to a town in Vosges, France and talked to some former detainees of a labor camp that had been located not too far away from the town where I attended school back then. The majority of the men stated that they had been treated well and that there hadn't been any abuse in the camp, however, of course, they had been forced to leave their homes.

As far as today's Germany is concerned, I don't think Merkel and its friends will be able to destroy us. I'm a computer scientist as well, and I've been working in twelve different countries by now, in three of them more than two years, so if I

realize I was wrong with my last statement, I'd probably still find a way out - although I hope very much I won't have to make use of my experience. Yes, I think we might have to call the "red blood cell". Like you said above, our invaders aren't dumb, at least not all of them, and all we have to do is to make them understand that they're simply being betrayed and instrumentalized. It won't be possible with the real terrorists, but with the halfway normal people it will be. Sending you much peace and love

+MickeyMouse LOL, thanks for the endorsement, but I can't take credit for the 'blood cell' theory, it comes from John Lash in one of his interviews on here. And I don't feel sorry for Shlomo, we all have free choice over our actions and are responsible for any repercussions. That's Natural Law, as I understand it, and no amount of 'wishful thinking' or pretending to be "god's chosen" will change that.

One fact they can never run from. When potential trouble is confronting a person Adrenalin kicks in along with the fight or flight reaction. If the Germans were exterminating Jews, they would have been aware. They know they are lying, we know they are lying.

VOLTAIRE (Francois Marie Arouet) 18th century French philosopher, writer:

"Why are the Jews hated? It is the inevitable result of their laws; they either have to conquer everybody or be hated by the whole human race..."

"The Jewish nation dares to display an irreconcilable hatred toward all nations, and revolts against all masters; always superstitious, always greedy for the well-being enjoyed by others, always barbarous - cringing in misfortune and insolent in prosperity." (Essai sur le Moeurs)

"You seem to me to be the maddest of the lot. The Kaffirs, the Hottentots, and the Negroes of Guinea are much more reasonable and more honest people than your ancestors, the Jews. You have surpassed all nations in impertinent fables in bad conduct and in barbarism. You deserve to be punished, for this is your destiny." (From a letter to a Jew who had written to him, complaining of his 'anti-Semitism.' Examen des Quelques Objections...dans L'Essai sur le Moeurs.)

Myth #2: Photographs of corpses prove the Holocaust happened. We all have seen the gruesome pictures of bodies stacked up outside some crematorium, or unceremoniously dumped into pits. These are offered as proof of "Nazi barbarity," and of the slaughter of the Jews. Yet many things about such photos are misleading. For one, we do not know, or at least are not told, whose bodies those are. They could be Jews...or Polish internees, or Russian POWs, or German inmates. In fact little effort seems to have been made to actually identify, or autopsy, any of those bodies. Second, those famous photos came from the camps liberated by the British and Americans—primarily Bergen-Belsen. The problem is that these were not "extermination camps." From the "real" extermination camps, we have no corpse photos at all.<sup>11</sup> This fact alone should give us reason to consider whether certain aspects of the traditional story might be suspect. Third, there were rampant outbreaks of typhus and other diseases that claimed thousands of lives in all the camps; yet the photos are used to imply that these were gassing victims. And fourth, the photos show at most several hundred corpses. This is so far from "six million" that the vaunted photos are almost meaningless as proof of the Holocaust.

Those bodies are of people who died of Typhus and other diseases. There is only a few ways to deal with infectious dead bodies, bury them or burn them, to stop the spread of the disease.

The Germans decided on burning as the easiest and safest option. As these were labour camps near major industrial areas, there was coal available for cremation.

Remember a picture can tell a thousand lies.

In many Anti-Nazi propaganda pictures of dead Germans were often used, to show how evil they were. How do you know whether a dead body is German or Jewish. Many Jews in Germany were assimilated Germans? Hitler's driver was a German Jew

Millions of people have been told lies about WW1 and what actually happened. We need to be very skeptical about what we are told. The internet is blowing away all the propaganda and the biggest lies in history ever told.

+The Good Society.com Here are a few of the lies they want us to digest.

Over the years, Holocaust books rarely speak of the amenities designed into the Auschwitz complex. Short shrift is given to the Auschwitz day care center, post office [thousands of letters for inmates were received and sent out - not to mention the tons of incoming packages - all documented by the ICRC], movie and theatrical theaters, brothel, library [with over 45,000 books], multiple orchestras, museum for artwork, artist's studios, swimming pool, canteen, complaint department, soccer field, state-of-the-art kitchen facilities, bakeries, greenhouses, slaughterhouse, sauna, flush toilets, State-of-the-art Hospitals and dental office. These amenities point to typical German thoroughness in planning, design and engineering. The Germans created a huge facility to support the war effort at the adjacent Monowitz factories. Health of the staff and labor pool was paramount. Auschwitz was the flagship camp of the German camp system with a totally modern hospital staffed by both Jewish and German medical personnel. The very first use of the newly developed microwave was installed at Auschwitz. The purpose? Keep the inmates healthy. Some people seethe when the swimming pool is mentioned. To this day they insist it was really a retention pool disguised as a swimming pool. Well, if the plans say it's a pool and there are starting blocks, ladders, diving boards and circulation system - it's a pool. Inmates held races on weekends. Additionally, there are many photographs of

inmates in swimming competition. On the downside, Auschwitz was built on lowlands between the Sola and Vistula rivers. During the wet season the rivers overflowed and Auschwitz got wet. Retention ponds and ditches were dug but, at best, the surface water still remained only 18" below grade. This negated the deep burning pits scenario, making it a technical impossibility. Official Auschwitz deaths were held at four million for decades but were officially reduced by 75%. Auschwitz researcher J.C. Pressac reduced the number even further. So, you see, there are two sides on every coin. Revisionists, without prejudice, look at both sides. Compiling evidence and reassembling the true picture of what really happened. No different from the work of any other investigator – criminal or otherwise. Auschwitz is presented as a museum of horror when, in fact, it was the flagship of the German concentration camp system.

The Holocaust is not a lie, religion, "belief system" or myth. There are copious amounts of evidence in the form of artifacts, photographs, and documents, plus eye-witness testimony from the victims, guards who helped perpetrate these war crimes, and from people in the underground who secretly tried to help the victims and potential victims. There are people still alive today who were Holocaust victims. Who are you to sit in your cushy home in front of your computer and call these people liars?

Jewish commissars murdered more than 25 million Russians during Bolshevik revolution. And more than a million Palestine people, mostly women and children, are being murdered now by the Jew. I don't see any single Jew feeling sorry for those atrocities.

[zazo ali2 months ago](#)

+Shawn Greene yes, but that doesn't deny the fact that more than one million Jews died at the holocaust. if they are bad people we don't have to be bad like them. They became like their enemy and they see killing is ok because no one showed sympathy to them during the WW II , and by the time they were set free it was too late. we can break this viscous circle of hate by admitting the wrong things and apologize and moving on.

Only more or less 500,000 Jews died during WWII at most. I like to say "Only" compared to the count of women and children whom Jews murdered in Palestine. And still it seems that you have no intention to ask apologies from those "innocent" Jews. And moving on ? Don't forget murdering Palestine people is going on NOW.

The new £8.5bn Gotthard Base Tunnel was launched today with spectacular opening ceremony featuring 600 people. The Swiss have put on one of the most bizarre opening ceremonies in history to mark the completion of the world's longest tunnel. Famed for their trains, organizers roped in more than 600 dancers, acrobats and dramatic actors and even composed the new route's very own theme tune as they pulled out all the stops for Wednesday's inauguration at the tunnel's northern portal in Erstfeld. 6.1.16: "WARNING - DISTURBING SATANIC TUNNEL RITUAL IN SWITZERLAND" Insight?

Detailed Allied aerial reconnaissance photographs taken of Auschwitz-Birkenau on several random days in 1944 during the height of the alleged extermination period there were made public by the CIA in 1979. These photos show no trace of piles of corpses, smoking crematory chimneys or masses of Jews awaiting death, things that have been repeatedly alleged, and all of which would have been visible if Auschwitz had been the extermination center it is said to have been.

There is no documented proof, NONE. Many thousands of secret German documents dealing with Auschwitz were confiscated after the war by the Allies. But not a single one refers to a policy or program of extermination. The Vatican and Red Cross interviewed thousands of freed camp inmates at the end of the War about alleged gas chambers. The response was always the same, "The detainees themselves have not spoken of them" (Red Cross document No. 9925, June 1946).

For the truth on "gas chambers", dare to watch on YOUTUBE:

There are good and bad in every race, in every religion, including the Germans and the Jews. From what I understand Hitler was initially fighting against communism, more than the Jews, but then it took on a life of its own, as wars do and developed into the nightmare that it became, for everyone. Read the book "Why Did The Heavens Not darken? by Arno J. Mayer (1988 Pantheon Books, 500 pages) for the historical figures of deaths, dates and locations of this holocaust. It is very disturbing reading for anyone, regardless of whoever you are.

A great book by Benton L. Bradberry: The Myth of German Villainy. I cried when I read it. It completely demystifies the Second World War narrative. Hitler was far from being the monster Hollywood takes pleasure in showing us over and over. Gas chambers did not exist and could not have existed for technical reasons. The six million dead is a lie.

Why was this myth of the holocaust invented? Basically to discourage the rise of nationalism and real socialism. The truth has been out for a while now, but it will soon hit the public with a bang as the news is spreading like wildfire through the Internet.

The whole present world is built on this lie: globalism, death of all nations, destruction of the family and of sexual differences, rampant perversion and decadence. This myth also legitimized the creation of the state of Israel. It is also used to discourage any criticism of mass immigration and any resistance to the present world order.

This a Jewish created myth. Jews hate strong nations, racially homogeneous and united because they cannot dominate under such circumstances. They prefer chaos through multiculturalism, for example, because it weakens countries by dividing them. Our present world of conflict is their creation. They thrive under those conditions.

Revisionist Robert Faurisson gives his own interpretation in 60 words:

"The alleged Hitlerite gas chamber and the alleged genocide of the Jews form one and the same historical lie, which opened the way to a gigantic political, financial fraud, whose principal beneficiaries are the State of Israel and international Zionism, and whose principal victims are the people of Germany - but not their rulers - and the entire Palestinian people".

See here a good explanation taken from Faurisson at the Zundel trial:

The wiles of the devil. Endless historical guilt—a vital component of what Jesus warned his followers to beware of “The leaven of the Scribes and Pharisees.” It keeps people endlessly fighting while the sons of perdition proceed to take over the world.

If I were to suggest every Jew is guilty because of the many murders and maimings of David Berkowitz, the “Son of Sam,” I would quickly be told the acts of an individual Jew in no way reflect on the whole Jewish people. Sorry about all those pretty girls who got their faces blown off—some of whom are still alive—but it would be totally unfair to blame people who didn’t even know David or help him in his horrific acts! I concur.

Likewise, I’d be told the same thing about the Jewish moneylender just arrested for keeping underage white girls CAPTIVE (he obtained to settle debts from Amish families) IMPREGNATING them and keeping the progeny locked up. I also agree--how can you heap blame on a people just because of the accident of their birth?

But these same people have no problem telling me Germans in general should suffer for eternity for the collective historic crime of the “Holocaust”. (Were it not for a miracle of G\_d, this could have caused the Jewish population to drop by 6-million instead of increasing between 1935 and 1948 according to major almanacs using figures supplied by Jewish organizations. Praise G\_d!)

Sad to hear the apartheid state of Israel is poisoning the wells of the Pals.  
The attempt to shut down truth by using the law is failing.

Holocaust denial laws bite Zionists in the Ass.

Schulman writes, the evidence is clear. "Twenty years of policing speech about the Holocaust have produced a perverse result":

In the two countries [the U.S. and UK] in which Holocaust denial is freely available to anyone, the level of Holocaust denial and what might be termed Holocaust skepticism has changed very little. But despite the vigilance and police powers of the regulated-speech countries [France and Germany], the percentage of Holocaust deniers plus skeptics increased substantially, from 5 percent to 26 percent in France and from 8 percent to 11 percent in Germany".

Haha. That manic grin and the violin-playing in the end just confirms that this is another video from the guilt-ridden foil-hat-wearing extermination camp-rejecters out there. Extermination camps was an already used tactic for elimination of ethnic groups that ruling leaders saw as opponents to the lead political agenda. See the concentration camps for the Boer-people of South-Africa set up by the British colonial empire, the use of internment during the Thirty Years War or the use of concentration camps by the Americans on the Phillipines. The Germans in general cannot be held accountable for the atrocities committed during the Second World War by counterhistorical idiots with no insight into human living condition, but by denying the murder of millions of Jews, Roma, left-oriented, homosexuals, ethnic German resistance-fighters etc. is one step way too far.

The German nation has bred some of the finest poets, authors, artists, philosophers, scientists and politicians in the West, no denying that, in part because of their persistent multiculturalism and pragmatic stance in terms of ethnicity and religion. I would be proud to be German if I were, but precisely for

that reason I would never deny my country's role in the extermination of millions.

They never heard of death camps or Nazi's going door to door to round up Jews. She said she never heard of such things until many years after the war, after they moved to Canada. She said her Jewish family had many German friends, some of whom were Nazi military families. They enjoyed meals and family get togethers. She said many things that contradicted the official narrative of the holocaust. My brothers and I thought she was crazy or brainwashed or lying. Yet, since my own research into holocaust revisionism in recent years has given me reason to regret having such thoughts of my grandmother. So much of what she told me fits with what I have learned. She wasn't crazy or lying....she was being honest about her memories of that time.

Circumcision originally removed the overhang. The rabbis modified it to remove all the mucosal foreskin tissue possible, leaving only the crude, dried out base structure that contains only protopathic nerve endings. Richly natural intimacy becomes perverted, damaged, impeded. What's more, trauma in the first weeks of life has the most profound lifelong effects on the psyche. The circumcision of the gentiles in America, strapped as they are to boards in hospitals all over the nation, was intended to make them more Jewish, and therefore more useful in furthering the Jewish agenda.

We have been at the bottom of not merely the latest great war, but of every other major revolution in your history. We have brought discord and confusion and frustration into your personal and public life. We are still doing it. No one can tell how long we shall go on doing it. Now we have people in these comments that deny the 60 million, just because there is not a single piece of proof that 100 million bodies have been gassed. What do you want from me? all 600 million bodies of the gassed jews? That's impossible because the ashes of all 6 billion jews killed in the holocaust were spread on one field for fertilizer. Go talk to the survivors, they'll tell you how "truly peaceable-natured Germans" loved to execute children in such a way that their parents had to watch before being shot dead themselves. Or how the civilised Europeans moved down psychiatric ward patients. How they deliberately targeted evacuee's trains full of women and children.

Sorry, Mom ? Go stuff yourself. War is war, but German atrocities towards the civilian "untermensch" are undeniable. Besides, Mom was lying -- all Germany knew very well and gladly expected that they'd be getting new lands in the East from their Fuhrer. And what would happen to the people who lived on those lands before -- oh who cares about the untermensch.

So removing Russians is not murder at all, they are just 'useless consumers of food and anyway a race whose extermination would be a step in the right direction.'. Russian women had to literally paint mud on their faces to avoid kultural enrichment from German Nazi gentlemen's or to become a slave.Hitler's war against the Soviet Union fused ideological

aggression with racial impetus and colonial aspirations that resulted in a conflict of unsurpassed brutality. Rather than being an unwilling participant in this brutal struggle, the Wehrmacht was a loyal and enthusiastic player. One of the most telling examples of its participation in war crimes was its treatment of Soviet prisoners of war. Statistics show that out of 5.7 million Soviet soldiers captured between 1941 and 1945, more than 3.5 million died in captivity. About 2 millions of Soviet POW were starved to death in open field by humane Wehrmacht. Why would they hear about such little thing?

Demetrio is correct. This neurotic obsession regarding the origins of Christopher's lineage is nuts. Scholars from around the world agree that he was from Genoese. Italian scholars have proved via the Genoese archives that "without a doubt he was a Genoese born Catholic Christian" so any claim to the contrary is rubbish.

Columbus completed 4 round trips from Spain to the Americas was financed by the Crown of Castile, Catholic Monarch, Ferdinand and Leon of Spain. So what if others (Jews) contributed. Why would Columbus return if he was a Jew, facing expulsion and/or death. Also, the Catholic church declared him a candidate for sainthood, which never would have been considered if he had a drop of Jewish blood.

So, when one is creating a scholarly argument, especially if you're debating established historical canon, if one does not cite sources, your argument means nothing. There is nothing that can be verified in this article, all I have is the claim that some supposed documents exist that change everything we know about a man whose life was very well documented. In addition to that, I cannot find any background information on the historians that are mentioned except for two who are long dead. Cecil Roth (who was Jewish by the way) 5 March 1899 – 21 June 1970; and Celso García de la Riega (whom is cited as recently coming to this conclusion, but this man has long since been dead) 1844 – id. 1914, are both rather obscure figures in the field and neither one of them look at anything "new". As for the linguist that she quotes, Estelle Irizarry, whose argument is that he spoke Catalan and not Spanish (which is known as Castellano) this does not mean that he was Jewish, Catalan was and is one of the most prominent dialects spoken in Spain. This notion of Spanish Homogeneity does not exist; if you go to Spain, no one says they're Spanish, they are Catalan, Castilian, Galician, Argonian, Basque, etc... The Iberian Peninsula was a state united by faith and not by culture. So if you were Christopher Columbus studying and doing business in the Portuguese region of Iberia moving into Spain, it's not odd that he would pick up the first dialect that came along, which is Catalan being spoken in the North of Spain, and most of these dialects aren't immensely different perhaps the sole exception being Basque. Now if you had letters with Christopher Columbus speaking Hebrew, you might be on to something, but no such thing exists. As to why he would he leave money to a Jewish person in his will? Because he probably owed them money... It was against Church law to loan money, Jews did not adhere to the Church (which is mostly why they were persecuted in Europe, as monarchs and institutions were ordained by the Church for much of the middle ages) so Jews had a monopoly on loans. Ever wonder why in the Merchant of Venice, Shylock is Jewish? Yo'. Oh, and to address perhaps the most idiotic point of this whole article (which is just a news article) is that Christopher Columbus wanted to reclaim Jerusalem. Yeah, because he was a Christian! Jerusalem has been fought over by Jews, Christian, and Muslims for thousands of years! Not to mention that if this person writing the article (a venture capitalist and lawyer it seems) with no training in historical analysis, could come to the conclusion that Christopher Columbus was Jewish, what exactly makes you think that something like that would pass over the head of Inquisitors who were highly educated Spanish Crown officials!?

[Show less](#)

Reply

[Demetrio Orellana 2 months ago](#)

Yes, that as-well! The Spanish Empire was obsessed with the "cleanness of blood", especially during the years of the Reconquista. In later centuries one

could buy absolution from the church in the New World, but at the time Christopher Columbus lived, not a chance, especially in the Spanish mainland.

Swoosh - you really should see some of the better debunks of the holocaust. Many right here in youtube. For one the land occupied by Germany in WW2 only had between 5.5-6m Jews according to the world almanac based on census taken by the Jews themselves. So tell me this. How do you kill 6 million people out of 5.5-6 million people and have 4 million left over to collect holocaust

benefits. By 1979, the last time the German government released the numbers of applicants, 7 million people had applied for benefits, though not all were accepted quite obviously. These numbers of 6m dead or dying Jews have been bleated by world Jewry many, many times going back as far as 1897. Google "the history of the 6m number Jews", and you will see photos of old newspaper headlines, magazines, periodicals etc crying help the 6m dying Jews. 6 million is a mystical number to the Jews and relates to a kabbalah prophecy that says 6m Jews would die. One theory is that if the rabbis believed that if they inserted the belief into the public consciousness that 6m Jews had already died, that they could circumvent the prophecy as they believe prophecy is just a reading of the future and not set by God and thus not written in stone.

Check out the debunkings and at least see why so many believe this is a hoax. I dare you.

[Show less](#)

Reply 1

[Demetrio Orellana 1 month ago](#)

+Zigz Zagz =.= Alright... Kabbalah and Judaism are not the same thing, Kabbalah refers to a multitude of theological (or mystical, though that is a word that lacks proper denotation, as often is the case in religious studies) approaches to the Talmud that first emerged in the late middle ages. Not every Jewish person subscribes to Kabbalah, just as every Christian isn't a Diest. Kabbalah also spreads to both Christianity and Islam at various points in history, though it has fallen out of favor in modernity. Now for your, er... Historical claims. How exactly would the Jews accomplish this goal, with no central governing body with the capacity to conduct an inter-country survey, when European Governments themselves found it difficult to get accurate population estimates at that time? It's important to note that the Almanac is published in the US by a newspaper company, so if this number even came up in there, I wouldn't trust it as much as the records of the Third Reich! If you ever have the opportunity to study Nazi Germany, you'll realize that they kept amazing records. Literally, everything was written down. The number of Jews in German occupied lands and the land of its allies, seems to hover around 9 million, but there's no way to be sure, because we don't have all the records (there was a war going on you know). 5.5m-6m is the median range of the estimated death toll of the Holocaust (again, no way to be sure) it's even larger if we consider gays, the mental handicapped, and other marginalized groups. Considering that family members of those who died in the Holocaust are considered victims (cause you know, it kind of sucks their relative got murdered for a stupid reason), that number seems rather small... Then again, I guess some people might just want to disassociate from it entirely. I don't understand why you people have such a hard time accepting the Holocaust, it's not like it was the first genocide humanity has

committed, and it certainly wasn't the last. Humans are horrible little foul things that are, occasionally, capable of great insight and compassion.

The German army wore belt buckles that read Gott Mit Uns - "God is with us." In a speech delivered publicly in Munich, Germany, Adolf Hitler stated:

“My feelings as a Christian points me to my Lord and Savior as a fighter. It points me to the man who once in loneliness, surrounded by a few followers, recognized these Jews for what they were and summoned men to fight against them and who, God’s truth! was greatest not as a sufferer but as a fighter. In boundless love as a Christian and as a man I read through the passage which tells us how the Lord at last rose in His might and seized the scourge to drive out of the Temple the brood of vipers and adders. How terrific was his fight against the Jewish poison. Today, after two thousand years, with deepest emotion I recognize more profoundly than ever before the fact that it was for this that He had to shed his blood upon the Cross. As a Christian I have no duty to allow myself to be cheated, but I have the duty to be a fighter for truth and justice... And if there is anything which could demonstrate that we are acting rightly, it is the distress that daily grows. For as a Christian I have also a duty to my own people. And when I look on my people I see them work and work and toil and labor, and at the end of the week they have only for their wages wretchedness and misery. When I go out in the morning and see these men standing in their queues and look into their pinched faces, then I believe I would be no Christian, but a very devil, if I felt no pity for them, if I did not, as did our Lord two thousand years ago, turn against those by whom today this poor people are plundered and exposed.”

The jewish question was postponed due to the war. It would be settled after the war, but unfortunately Germany lost the war.

So the jews had to sit out the terrible war in labour camps and in various concentration camps where they were put to use for the German war effort. That's all it was. I would say, if they had been left in ghettos they would have been holocausted from the skies much like the Germans were, by Allied bomber planes.

That doc has a lot of contextual problems. Hitler was a product European elites.. It was decided, after the Bolshevik revolution so terrified European elites that the Nazis would be built-up and funded "as a bulwark against the bolshevik threat." That's why Dunkirk. here he was at war with England, he has the chance to take it and doesn't? gee, I wonder what his reasoning was.

[winston smith2 months ago \(edited\)](#)

+Douc Whatic tx, I did watch it/. The problem is the context is not present and mistakes are ignored. the argument that "Global Jewry Declares war Against Germany' was any kind of defensible pretext for what they did is absurd. As if that meant this non-existent Jewish army was about to start bombing Berlin. It was a boycott. Like BDS today.

Fact is, the Nazis and the rearming of Germany was funded by bankers and industrialists as shown above. The Russian Revolution and slaughter of the Czar and his family so terrified many elites that the same thing could happen in their nation, that the Nazis were literally chosen to "function as a bulwark against the Bolshevik threat" and in the meantime there was a lot of money to be made.

Im not finished with v2 but will be soon, of Irving's Hitler's War, which is considered by many to be a more objective account. Ive certainly learned a lot I

did know and feel I have a much more balanced picture. This Greatest Story Never Told, despite the truth it contains, is not objective and balanced. Context matters.

It is not an accurate portrayal of the kind of person Hitler was. The first large group of people Hitler had executed were his own, during the 'night of long knives.'

He truly could have been truly great. Instead they resorted to enslaving people, getting suckered into fighting wars they didn't even want to, liquidating their enemies, jailing countless people with no due process, outlawing all dissent. Just a horrific totalitarian book-burning nightmare. Many, especially the kids, were completely brainwashed into believing that they were superior to other people. Granted it was a different time. Phrenology still lingered and eugenics was considered common sense. It was a government which during wartime beheaded its own children for handing out literature critical of the regime, - the 'White Rose' were convicted and beheaded all in one afternoon. Not people or a system of governance to be lauded. That doesn't mean the Nazis didn't do many good things too, like building infrastructure, but given that they led their nation to complete destruction, the deaths of tens of millions, and incalculable suffering, the Third Reich and Hitler were worse than a complete failure. To think of what could have been is heartbreaking.

[Show less](#)

Reply

+lefflan I know that about the Russian Revolution, although not all of them were Jews, obviously. The 'night of the long knives' had nothing to do with rooting out 'traitors' - of course that's what was claimed. but no one was charged with any crime or tried, they were all summarily executed.

Ernst Rohm was a loyal hardcore Hitlerite to the end who had been with Hitler since the beer hall days and the putsch that landed Hitler in prison. He was shot in his cell, according to accounts while saluting and swearing his allegiance to 'mein Fuhrer.'

It had to do with the politics of getting the generals and the army squarely under his control. That's what they demanded as a prerequisite for their allegiance and Hitler complied.

Rohm's homosexuality ("immorality") was then used as one of the 'reasons' for his arrest,, yet it had never been a problem in the past while he served a vital function in their rise to power.

did you know susan, there is a certain type of being or unkind group of material worshipping fools, who will lie and even die, for money, just like there are those

who will kill for money, lie for money, die for money., or do you think, no one would ever lie to gain a better life.

but tell us the whole truth and nothing but the truth, since you seem to believe you know everything.

do you know who ran the slave trade and profited from the blood sweat and tears of others?

did you know, it wasn't christian serfs and their children building ships for ocean travel to sail to africa with cheap trinkets to trade for slaves from black tribal leaders.

and guess who is now spewing a narrative to put false blame on the christians of the world for the horrors of the industry that they profited from?

the descendants of the liars of the past, are now telling the descendants of slaves they bought and sold, that white people enslaved them.

those who promote that false narrative, do it to cover their leading role in the slave trade, they are liars and murderers, and they have the gullible public and corporate owned peons, to thank.

anyways, all the world is a stage susan, and many bad actors read scripts which have been written to cause strife, hate and ultimately war amid other cultures.

and they have many dimwits and a\$\$holes who work online to reinforce the lies that make them all money, all the corporate worshipping lowlifes who aid false history., do it for money as well, the lowest forms of life slave at telling and selling lies, and they do it, for money too.

now go turn on the TV and learn more about life and history, and realize, the commercials actually offer bonus information, so pay extra close attention to the adverts on TV, they are true too.

Fox news will make a genius out of you in no time, you have already memorized most of the lines peons use, which is good for you, and you are really helping the world, helping to spread hate and lies, which makes the usual suspects more money, what a good worker you are. cheers

realize, the term, zionist christian is akin to a meat eating vegetarian, its an oxymoron., zionists wear many hats and costumes and dress up as others and do evil, and then blame it on those they are pretending to be, they have done this since zionism was concocted by a group of money junkies. and with them being actors, they portray fake world leaders, fake geniuses, even hertzl fake his death, like so many actors and celebrities, after his fake death, he played arch duke ferdinand, funny how the dukes wife and hertzl wife, and children, are identical to the each other,

and zionists are still playing/acting as fake revolutionaries, fake inventors, fake experts of science and leaders of industry, fake religious leaders, even fake kings and queens, the royals are actors, prince charles is played by the same actor that plays keith richards, they are identical except for color contacts and their costumes, and its all an act, the corporate world is completely fake, and real life is family and friends, while all the corporate crap is death and fake people, who are being applauded and or booed by the sheep in the audience.

and so many cry when musicians and music stars die, but they just move on to another role, sometimes in politics, and often, they go back and create another fake celebrity. its all fake, learn the truth, it will you free from the corporate death march that so many goose step into and within. cheers

Careful, the bigoted hordes might not understand big words or comprehend anything past a Kindergarten primer.

The zealots denying historical fact will have to consult their Trump-o-pedias to find words with more than five letters. Oh, apologies, Trump-o-pedia does not contain words with over four letters, sort of like the four times that Trump's corporations went bankrupt. That is, if some are able to tear themselves away from their ragged and dog-eared copies of Mein Kampf to look up the word avatar.

Listening to some rather ugly fiction being spread by those denying that the Holocaust ever took place, I am hearing the sound of a broom that is sweeping verbal manure, littered with fool's gold, presented as glittering pyrite, endlessly passed off as fabricated untruths of denying well-documented historical events. These tarnished gems of denial issue forth utterances such as there were no gas chambers there and that the real use of gas in those camps was to get rid of lice.

Of course, some considered those interned in the camps as being worse than lice and Hitler and his minions wanted to carry out genocide against Jews, various intellectuals, gays, those who had disabilities, those who were not members of the Aryan race, some captured POWs, various ethnic groups such as Romanians and others, criminals and others unfortunate enough to be interned because a mad man was in power.

Writing what appears to be an odd form of improv, this woman actually slips in a reference about Indigenous Peoples, as if people who are from the First

Nations would have fared well had they had been interned inside the cheerless walls of Camp Work Happy.

These were work camps.

Sure and the moon is made of fabricated green cheese.

Holocaust deniers live in a morbid fantasy land, denying historical fact while permeating themselves inside a vat of delusional brine steeped in their own loathing and hatred. They are nowhere akin to those denying that the Earth is round, but at least Flat Earth advocates never really bothered to persecute others.

Hear the violin play as she describes prisoners of these camps as being as healthy and as well fed as possible.

Well, if those historical photos of emaciated people show residents of these camps being healthy and as well fed as possible during war time, well, suspending one's logic and sticking it inside a crater filled with icy hearts is certainly one way to play let us pretend that nothing of a genocidal nature had ever happened.

Typhus was a deadly and rampant disease ...so is denying a violent part of the history that much of humanity had lived through during the Second World War.

Peppered liberally with intonations of Thanks to the digital age ...sure, when it is now easier to spew vitriol and lies along with fabricated beliefs to nurse old wounds of childhood injustice.

No doubt that Adolf is kicking himself while permanently residing in the Lake of Fire ...that he did not have internet access and Wifi to spread his vitriol instantaneously across the globe. You can almost hear him sobbing with victimized envy, missing out on today's technology.

Being taunted at school by children is nothing new. Kids can be and are often painfully cruel and certainly those who had lived during the time of the Second World War were often subjected to the usual cruelties of other children if they somehow stood out. Having the same heritage of the enemy forces makes a child stand out, even if born here. However, childhood cruelty is not limited to if you were born with German heritage, if you were different and stood out, kids took advantage. They still do.

You could be teased and taunted during war time as a child or one can be teased and taunted endlessly because you are poor and your sweaters had holes in them. Kids will find anything to be cruel about and nasty about and the children who are victims of the taunts suffer endlessly. A place of learning becomes a

place of verbal torture and endless jabs ripping and tearing away at one's self-esteem and it hurts like hell.

Kids are cruel, but at least one was not a child living in Germany during the war, where if you were of a heritage disapproved of by the Nazis, one often did not live past your childhood. There is something even worse than having had to endure the cruel taunts of other children.

Some get over the pains and cruel taunts of their childhood, people, such as George Takei, the actor who played Sulu in Star Trek.

[http://www.ted.com/talks/george\\_takei\\_why\\_i\\_love\\_a\\_country\\_that\\_once\\_betrayed\\_me?language=en](http://www.ted.com/talks/george_takei_why_i_love_a_country_that_once_betrayed_me?language=en)

Others can often end up stewing in a brine of anger, sometimes tempted to find comfort in finding reasons to detest others, especially if some can console themselves by believing that well-documented historical facts never really took place and that only they know the truth, grasping onto the fiction that the entire rest of the world has somehow been hoodwinked. Nourishing their hurt by wrapping themselves in the blanket of denying the Holocaust or other events and rewriting history to suit their own needs while living in toxicity, a hunger that never truly dies.

1. they have something to hide and
2. they have the power to make questioning them "illegal"

The fact that they make questioning them (and only themselves) illegal makes it clear that they are running our governments and our legal systems. And the fact that movies like "Denial" are being pumped out of Hollywood constantly, which are 100% only and always from the Jewish perspective, let's you know they have a monopoly over Hollywood as well (if you didn't already know it).

No kidding, like if other countries not brainwashing their kids and citizens about being better than others. Just look it the USA, supposed leader of freedom and democracy, constantly pumping it's people how good they are, stronger and richer than others. Constantly telling through propaganda, US is the most powerful nation in the world,no one can beat them. Just look it the Olympics, mostly showing American athletes and their winnings, side kicked by Hamburger commercials. LOL!

This goes on every where, not only in Nazi Germany!  
Far as enslaving people, US put it's own Jap-American citizens into concentration camps too. So, as the Soviets had a Gulag system since the 20's, till the 80's, many perished there too.

When there's war extra ordinary measures are taken by government , even Britain had food rationing.

For Germany, when all the healthy man is on the front, some one has to manufacture the war material?  
That's why they had labor camps.

So, what's your point?

The alleged jewish holocaust is the 3rd biggest lie in all of history. The 1st biggest lie is that Jesus (Yashua the Christ) was a jew, i.e., what we falsely refer to as a jew today. (Ashkenazi) Jesus made it plainly clear in the Bible that he was not one of them, and that they had (have) a different father (satan). "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." (John [8:44](#)) He that is of God heareth God's words: ye therefore hear them not, because ye are not of God. (John [8:47](#))

The second biggest lie ever told is that today's so-called jews are the Israel or Judah of the Bible, which they are not. Rather, they are Edomites from Idumea, and they admit so in their own writings. "Esau-Edom is modern Jewry." 1925 Jewish Encyclopedia, Vol. 5 page 41. (Edomites are demon seed Canaanites from Idumea). NOT of Israel or Judah. Jews were NEVER SLAVES in Egypt with Moses: John [8:33](#), so "Jews" cannot BE the Israelites of the bible, despite what you THINK

your bible says!“Strictly speaking, it is incorrect to call an ancient Israelite a “Jew” or to call a contemporary Jew an Israelite or Hebrew.” Jewish Almanac 1980, p. 3. (Jews know they are frauds). “Edomite Jews began to call themselves Hebrews and Israelites in 1860.” Encyclopedia Judaica 1971 Vol. [10:23](#)

First of all i veiw the known bullying of children after the war as wrong, since their only blaim was being children of the loosing part. But from their i must say we part ways. I see that the personal suffering might have been part of building up this mental picture of the holocaust and denial, but said in more general terms, the video does not make any strong case to support this view. Trough the years the amoutn of evidence has developed from documentation and Witness testimonies, advanced forensic examinations and last the opning of the untouched graves in the Ukraine. My point is that histort is not case of belife. It is the ongoing investigation of the past. TO legitimise your claim as a "disagreer" you must provide counter argumentation with at least a shread of substance. That some countries have laws against extreme holocaust denial is not in it self a proof that it didnt happend. It just show that hate speech and hate rhetoric is not leagal in all countries.

Harold Hecuba- Exactly! THERE IS NO DEBATE BECAUSE THE POWERFUL ZIONISTS HAVE MADE DEBATE ILLEGAL IN MOST EUROPEAN NATIONS. But debate occurs here because the internet is not yet controlled by the powerful Zionist media owners.

The truth fears no investigation. It's only lies that need laws to protect them from public scrutiny. The fact that it's illegal to even question the "official Holocaust" story should raise red flags to anyone who claims to love freedom of thought and speech. You should be raging mad whenever you are not allowed by law to question some official government story.

But, being Canadian means needing to acknowledge the ongoing crimes of Canada, not just against native peoples but on the global stage.

It's not only that Germany was not the evil that it has been made out to be, it's that the Anglo-American empire has been in the wrong and its "good war" was actually a war of choice. Canada's wars are no more wars of defense than the US wars have been.

This is why the myths are so important. It's not just about Palestine and the Jewish "home". It's not just about inculcating Europe. The myths have been the central propaganda underpinning every military aggression since. Witness all the "new Hitlers".

If humanity was to get even with Jews it would exterminate every last one of them. But it seeming like some fucked up wish of them, deeply engrained in their culture, "excusing" their crimes even I say we must deny them. I think the most severe punishment would be to deport them to a remote "Israel" and leave them to themselves and their nonsense. Making sure they never repeat their globalist slaver crime. It will not be able further fuel their vile victimism. Surely they will make shit up all over like nthey always do but that doesn't matter if they can't impose that nonsense on us. Give them what they never will allow for us. A country of their own. Perhaps not where it is now as the middle-east will never settle down with it's existence as fa as I can see. Somewhere like what the Nazi government envisioned. Madagascar but I don't think they deserve such a beautiful place. Maybe inland Australia would be better. They've sent a horde of criminals there before. If we repeat "eye for an eye" infinitely we will never really improve perhaps. Have a safe homeland for every people and we will see the world blossom, flourish. Eliminating Jewry would set a precedent for future genocides. The best and only thing we should do is deport them and make sure they don't set a foot into our interests and lives ever again. We will have enormous moral superiority if we do and maybe that itself will punish them. It's probably an extremely optimistic fairytale but that's somewhat what I hope for. It's the only real solution as far as I see.

If you look at it as a lawyer way.. A large part of their criminal behaviour stems from their ethno-cult. and it's doctrine. You could draw the parrallel with mental illness, "illusion of hoice", a "victim" of sectarianism. There are also Jews who know about their reality of theupeople and fought it. There are plenty Jews who don't explicitly support Jewish agendas and think of themselves simply as citizens of whatever country. Not questioning why they were the first and only "second presence" of "older multi-cultural" societies. Content with a story of 'victimism', 'diaspora'. Some of their treason can perhaps be attributed to the same conformism and propaganda some of our own people fall prey to and end up supporting.

Still as they have eternally pushed "kollektivschuld" on Germans while saying any criticism of Jewry is "anti-semetism" or criticism of immigrants, "racist"... The only real way to "get even" would be to do the same to them. Asides from directly charging and punishing complicity to their organization like they did with the Nazi party and civil servants... I still think we should show ourselves as above their depraved actions and supremacist barbarism. Give them a country. Let them rule it. Let them live in it. Just contain it and their influence so that it never damages anyone ever again.

There are good Jews in this world. They bear God's fingerprint (DNA) of Abraham, Isaac and Jacob. They look like Arabs and don't think God gave them Israel. They don't hate the Pals and want to live in peace with the rest of mankind.

OTOH, there are bad Jews in this world. Converts from Europe. The have the typical physical features (large noses, big lips, etc). They represent 92% of world Jewry. They hate everybody not Jewish. They are known as Zio-Nazis and are Zionists. The Bible mentions they are from the Synagogue of Satan - calling themselves Jews but are not.

I agree with you. They should have their own country. Send them to Madagascar and let them feed upon themselves.

The jews in Germany, later German occupied territory, were all a SECURITY RISK and is why they were rightly put into camps. The social unrest and then takeover of the German government in 1918 which led to them unnecessarily losing the WW1, and the crushing inhuman "reparations" (looting) which followed was instigated by jews in Germany. It was only common sense that 20 years later, in another war, Germany would have learned from that lesson. Then there's the fact that jewish groups internationally had come out as declared enemies of Germany as early as 1933, 6 years before the war. OF COURSE jews had to be seen as potential spies, assassins, and saboteurs and this was borne out by jews being exactly that at the eastern front. Germans are the most law-abiding, disciplined, humane and honorable people on the planet. They were the modern era cradle of our highest civilization. They did not shrink jew heads, turn them into soap and lampshades, or gas them in makeshift rooms with non-airtight wooden doors and windows. Jews (using their controlled governments of the U.S. France, and U.K.) declared war on Germany openly in 1939 (economically, well earlier). The jews directed that war including committing horrific war crimes like terror bombing civilians, fire bombing, bombing declared open (undefended) cities, the unnecessary atomic bombings and more. Jews declared that war, ran that war, won that war, and now as the victors, THEY GET TO WRITE THE HISTORY OF THAT WAR, including the sick, perverse jewish fables about bizarre mass murders by Germans.

As a child in the Midwest USA I saw that most of the communities and farms were built by people of German heritage. As a child I did not realize that jews owned and run most of the media in the USA and essentially use it to wage war. There are countless jewish organizations, NGO's, and jewish lead think tanks with deceptive names that are super well funded. Such as the 'Foundation for the Defense of Democracies.'

Jews use their control of money to buy off shabbos goys, Cucks and SJW's to help do their dirty work. To top it off jews appear White to most people, but are the most anti-White of all people and consider themselves semites. Loxism is very real.

It's control of the various medias that allow for massive lies such as the "holocaust" to be promulgated. People only know what they see, hear, & read, so the more you gain control of that, the more you can lie to them.

Americans in WW1 & WW2 were told the Germans were committing atrocities by the Jew-owned press, so they believed it. Americans think of themselves as American, not German or English, etc., so they have no problem hating those they're told are "evil" by the snide, hand-wringing, ferret-faced owners of media.

They never speak about what happened at Dresden, or when the Allies "carpet bombed" or "opportunistic bombing" innocent non-combative German civilians by the thousands. The modus operandi was literally "If it moves, bomb it".

We're supposed to feel some type of special empathy for "Jewish suffering", despite the fact, that the "6 million" narrative is demonstrable false. Nobody denies that Jewish people did die during World War 2, but the "6 million" number does not withstand scrutiny. Millions and millions and millions of people died during World War 2, and we're supposed to shed tears for ONLY the Jewish people that died? Not going to happen. When Jewish people allow others to objectively look at the "Holocaust" narrative then we can talk about sympathy.

Denial won't get you far. You are essentially saying that the Amazonian Army ant that carries the infected off to die is to blame. If the Jew is a parasite that takes control of European hosts, then the Anglo's are now thoroughly infected and should be quarantined. It was the Anglo Saxon supposedly "infected" by the Jews that destroyed Germany. Not the Jews! Canada, the U.S and England, not even Russia, destroyed Germany and Hitler. It's time to accept the truth. I am therefore speaking to one of the infected. Who built and still supports Israel if not the U.S and England? The Anglo is thoroughly infected then! No point in forming an alliance with the infected!

Although coloured essentially we were "British". I was raised Roman Catholic and like all Brits loved the Royals. The problem? I realize now that I, along with 55 million others was brainwashed. The BBC controlled what we saw and could hear. We were told we lived in the Greatest country in the World and that the Empire was something to be proud of. So fast forward to the invention of the Internet and social media. We then have access to tools like Wikipedia.. that put a slightly different slant on things. Lets start with the Royals. What they're not British and descended from Henry The 8th?? When did that happen.. they're Fooking German are you kidding me!! anyone else but not the Germs!!.. Saxe Coburg-Gotha... Why are they called Windsor then ..this can't be true. named themselves after a fucking castle!.. wooh.. lets look a bit deeper shall we. The "Empire" was basically built around the slave trade, opium smuggling, invading sovereign nations, murdering millions, stealing their natural resources and installing "Puppet" regimes. ...sound familiar.. its should..

My granny was very smart and did arts and crafts work which she sold to earn a living. I remember her as being stern but fair. In 1965 they bought a new Dodge. (They lived in Windsor, Ont.) They paid cash b/c she didn't believe in 'credit'. She told me, "If I don't have the \$\$\$, I will go without until I do." Honest, hard working people like that affected me positively. It's clearly stated in Revelation 2 and 3. They are fakes and imitators, not the real line of Judah, which the KING came from. We have to know our enemy, otherwise we will just slaughter each other, which is what they want! It is definitely open season on white people and western culture as a whole, but that's because (christianity) has moral laws for the masses, and satan's moto is always "do what thou wilt", so it's obvious the elites want to get rid of that mindset, and the disciplined life it creates. It's a planned invasion using brown people, but in the end only the elites themselves will win, because sooner or later, the white people will rise up, and I think we are close to that point!

As a Scotsman, I'm disgusted at the treatment of my German cousins. The ignorance of people, brainwashed and indoctrinated by a heavily controlled Jewish media, incapable of seeing that Germans DID NOT turn into monsters over night.

My only anger is that when the people DO eventually realise that the holocaust is a lie, there was no extermination policy and Germans were the complete opposite of how they were portrayed, those Jew fucks, who have profited off of these good people, will be long gone, having lived a very comfortable life, as the parasites they have always been, living off of the hard work of German people. It is truly despicable that this lie is still perpetuated.

Look at the world almanacs that see an increase in the Jewish population from 1933 -48.

Look at the International Red Cross' factual appraisal of the holocaust, written in 1948. They estimate the death toll of Jews is around 130,000 people, the majority of which died of typhus and starvation as a result of the allied bombing of the German supply lines.

Once you start researching the holocaust, as an impartial revisionist, you will come to realise that the official story, like 9/11 and 7/7 is absolute rubbish, to say the least.

The real death camps were the Rhine Meadows open air camps set up by Eisenhower. Who denied them the basics of food and shelter. This being done after the war was over. Imprisoning civilians along with regular soldiers. More than 1.5 million died a merciless death. The factual, documented details make a grown man cry. On the other hand General Patton released his prisoners when the war was over and declared that: "We slaughtered the wrong pig." He talked about exposing what was going on. They have caused unimaginable damage to generations of young Germans with their hideous lies and by indoctrinating and brainwashing them with self- and cultural hatred. They have caused a low birthrate, and with their cultural marxist degenerate replacement jew-culture, promotion of homosexuality, adultery, pedophilia

(remember "Schulmaedchen Report"), as well as actively organizing the Genocide of the German (and really all white European people) by mass immigration and many other means. "Eisenhower's Crusade in Europe" is a book of 559 pages; the six volumes of "Churchill's Second World War" total 4,448 pages; and de Gaulle's three-volume "Memoires de Guerre" is 2,054 pages. In this mass of writing, which altogether totals 7,061 pages (not including the introductory parts), published from 1948 to 1959, one will find no mention either of Nazi "gas chambers," a "genocide" of the Jews, or of "six million" Jewish victims of the war.

There were hospitals in concentration camps etc. because they were made in fucking 1933, before the final solution was put in place in 1941. No shit there's going to be hospitals, and sure they kept them healthy... people lived there for 8 years before they were murdered by disgusting nazis. Her reasons for denying it are fucking horrible. Sounds like she's just upset she got bullied, and at first glance of some sort of "logic" behind the holocaust not happening, she believe it. Pathetic how she can't accept her past. It's sad.

I am of German heritage as well, and it was not until I saw pictures taken of Germans immediately after the war, where they were emaciated and dying of starvation as well, that I decided to dig further into what was going on. This was around 2013. What I know now, and what I know was done to the Germans by the communists who occupied Germany after the war, and what is being done to

our people today - we are being ethnically cleansed from our own homeland! - is an almost unreal reality. The holocaust was the greatest deception ever perpetrated upon mankind.

## The most Deadly Concentration Camp - AUSCHWITZ Four Crematory Ovens Capacity

400 Corpses = 5 Minutes

4800 Corpses = 1 Hour

115,200 Corpses = 1 day

42,048,000 Corpses = 1 Year

---

---

## Modern Crematory Ovens Capacity .

400 Corpses = 8.3 Days

4800 Corpses = 1 Year and 1 Month

115,200 Corpses = 26 Years and 3 Months

42,048,000 Corpses = 9600 Years

\* I Love German Technology \*

Survivors claims it only took half an hour to burn 2-3 jews bundled together in the crematoria. Apparently not showing any respect to bodies make bodies burn faster.

Also Jews also claimed bodies of women burned more easily than those of men and fat women were used as fuel like coal. incineration of fat bodies did not require extra fuel

Modern electric cremation (few hours) or BIO Cremation (2-3 hours) can't compete with these claims.

the Hindu traditional funeral pyre

The traditional funeral pyre requires around 500-600 kg of firewood, three litres of kerosene and some prefer ghee, and 300-400 cowdung cakes per dead body. Mortal remains can be taken only after 24 hours.

Zyklon B can't kill humans with 20 minutes and you need lot of Zyklon B not just few cans. Death by carbon monoxide also leaves a bright pink body. Like cyanide gas, it kills by denying oxygen to the body – but does so differently, by forming carboxyhaemoglobin in the blood, disabling the bloods capacity to carry oxygen any longer, so the blood pools in unobstructed recesses on the surface of the skin... this is known as 'Livor Mortis'.

So the two main gases allegedly used by the Germans to mass murder Jews, both leave bright pink bodies.

There is not one photograph showing a single corpse displaying any of the colours or shades claimed and more importantly, not claimed... neither were any of them bloated. What you will see is photograph after photograph of uniformly pale white and emaciated corpses.

Why use Zyklon B when Germans were making chemical weapons (Zyklon A, Sarin) for war.

Most airtight gas chambers have windows, ventilation, wooden doors which can only be locked from inside. which make it possible for Jews to through out Zyklon B.

The 6 magic number had been used repeatedly already in the nineteenth century—as early as October 31, 1869—as a metaphor for perceived or future persecution of Jews by the Czar. 6 million Jews dead in 1915, in Russia as stated by "The Sun", on June 6, 1915, 1st page, fifth section, and then even another 6 million Jews in the Ukraine, according to "The New York Times", on September 8, 1919, page 6. Were 3.9 Million "Steamed to Death" in "steam chambers" there too, as according to Nuremberg trial "evidence"?

If Germans wanted to kill every Jew they can get their hands own how did over 3 million survived, this does not include Gypsies, homosexuals and others who survived.

Anne Frank was sick and could not work so why wasn't she gassed. She died from Typhus like many of those we see in Holocaust videos.

More than 200,000 prisoners were transferred from Auschwitz to other camps, and about 8,000 were in the camp when it was liberated by Soviet forces. In addition, about 1,500 prisoners who had served their sentences were released, and returned to their home countries. If Auschwitz had actually been a top secret extermination center, it is difficult to believe that the German authorities would have released inmates who "knew" what was happening there.

Why does so called 'historical facts' need to be enforced by law ?

IF National Socialists wanted to exterminate Jews wouldn't it be easy to turn the heater off and let cold kill them or take them to the area's were allies bombed during night and let allies do it for them free.NSDAP could have killed jews by feeding them poisoned food,water or as medicine and they can save time by not sending people in and out of gas chambers.

I know some would like to believe it's possible to move past what happened to Germany before, during, and after the war, but I don't see how you can ever get beyond what International Jewry has inflicted upon them, especially as it continues today. The seething hatred, lies, and psychological terrorism deployed on them is remarkable to say the least. Worse off, the counter-narrative is completely hidden from the public so that only one side is seen to the world. I'll admit it's hard for me to dismiss those that now have that same genocidal hatred for them. You don't have to look into the historical side to learn about World Jewry, but if you go down that path you won't be the same.

My mother spent about half a week in Auschwitz in mid December 1944. She was in group of about 25 women all fleeing west on foot in front of the advancing Red Army. When they came across the Auschwitz Barracks late on a freezing afternoon two older Nuns in the group asked if they were able to stay and rest. The old SS Guards let them stay for a few days but insisted they move on. My mother was aged 24 at the time and a schoolteacher saw nothing untoward during the days she spent there, nor did any of the other women in her group. The SS Guards warned the women about Typhus, not to bed down in Barns where fleas were, saying they had outbreaks which killed many including their own family members.

And it sure spends a lot of time "disproving" the Holocaust for a website without that agenda. You shouldn't source your own journal as an unbiased resource, especially one that is not peer-reviewed or accepted by academics. Why, that almost smacks of starting with a premise without factual basis that you prove with your conclusion and tailored the evidence along the way.

Of course, there is no way imaginable for jews to pay for the unspeakable evil they have done. No way!

Jews control every major Western nation and every word that is allowed to be consumed by the public, and not a word of warning from a single jew of this political subversion they all know is happening. These jews who have brought us to the brink of collapse, at the very least, need to be removed.

For jews, it's all about jews, and nobody else counts. So, rank and file jews are at the very least passively cooperating with big jewry against those non-jews who's societies they are destroying.

Is it just the big jews? NO! Not only do the little jews never protest against over jewish power and jewish privilege, don't forget that it is all those "little Jews" that have kept the blood libel holohoax going for decades, perhaps the single biggest psychological wrecking ball to German and other European people in all history. With it they have degraded, raped and demonised us. It was "little jews" that were dragging sofas atop hills to watch a genocide of non jews in Gaza last year. It's "little jews" that would deny the jewish role in the slaughter of millions of Eastern Europeans, mainly White and Christian. It's the phone calls and testimony of "little jews" that has men thrown in prison all across Europe each year.

Itz ALL THE JEWS!

But of course, they're such victims. How could these "victims" be responsible for so much that is wrong in the world. How could any group be responsible. The braindead just can't see it. Even when they're presented with irrefutable evidence, they can't digest it. It's cognitive dissonance, which is psychological warfare perfected by jews. Only jews can produce it because they control all the information we receive.

Racist? White Men like myself, boldly embrace the charge of racism, because racial consciousness, and racial nationalism, is the foundation of White Nationalist beliefs and convictions, which all Whites should embrace, just as wilfull blindness, delusion, and rejection of human nature and the natural order of things is the foundation of liberalism.

A 'racist' is the opposite of being a self-loathing race traitor. No person who isn't racially conscious can love his own race.

Additionally, accusation by our enemies, the jews, and other nonwhites, of what they consider as the blackest evil, "racism", ought to be taken by Whites as a compliment, as it thereby separates us by the widest margin from what we regard as the blackest evil, those who are working to eliminate and destroy Whites and their culture.

Racism, a term coined by jewish communists, is a political doctrine that rejects the liberal dogma of racial equality. Racism by definition, embraces racial inequality, WHICH IS REALITY! -- which necessarily calls for racial consciousness, i.e., the conviction that mankind falls into identified races that are readily distinguishable. The notion "we are all the same", is patently ABSURD! I am racially conscious, so I must be a racist and so must you be, also. Embrace it, White Man! Run with it! There's nothing negative about it. It's common sense. Races are not equal! They are different!

Actually, if you will simply observe, race and skin shade seems to be the ONLY thing negroes think about. They even discriminate among their own kind and yet through their enablers, the jews, they try to shame and demonize Whites for understanding the obvious, that we are different from them, and absolutely nothing like them.

I would further point out that, before the dawn of modern liberalism, driven and then normalized by jews, every culture on Earth was racially conscious, and most still remain so -- those not programmed and indoctrinated by jewsmedia and jew Hollywood. They didn't call it 'racism', because it was simply common reason -- common sense and it is still common sense, something liberals and the politically correct reject, and nonwhites pretend to reject, -- in order to intimidate unawakened, cowardly, Whites, while blacks and other nonwhites embrace acting in their own racial interests for themselves 100%.

Incidentally, much of what mystifies leftists concerning human behavior is remarkably apparent to anyone with racial consciousness. Obviously blacks,

hispanics, and jews are hyper-racially conscious, and work in their own racial interests, while they call Whites who are racially conscious, "racists". A clear double standard. Plainly, smear and namecalling, which of course is all they have in the face of TRUTH!

The problem is, there was no way for Hitler to avoid war. The ALL-LIES, meaning jews Churchill and FDR, and possible jew Stalin consorted to destroy Germany. Britain and France declared war on Germany, not the other way around. Actual history books? Even without the jews, the eternal victims writing them all, the victors write the history books. The jews control all information. You buy into their narrative because they have indoctrinated you with their bullshit all your life. Even today, 70 years after the war, day after day, multiple times everyday the jews play hit pieces against Germany and Hitler. Why would they do that?

I broke out from under the brainwashing. Who is there to indoctrinate me? People who agree with me don't control the media and academia. The jews do. It only takes looking into independent sources. The jew narrative has so many holes in it, it ain't funny. Because of a lifetime of jew brainwashing, you're so blind you can't see the forest for the trees.

Most people get all of their information about Adolf Hitler from jews. The original source is jewry for all of the supposed facts saying the German leader did the following:

- started World War 2,
- mass-murdered jews,
- used gas chambers for murder, and
- intended to invade England and the U.S.A.

Now, if you are a jew, probably you want to believe your racial brothers and not believe any reports from people of other races.

But if you are White, why would you believe only jews and reject all testimony, scholarship, and research results from all members of your own race?

French Whites, German Whites, Irish Whites, and others have written truth from personal experience and research. Just a few: the inventive American automaker Henry Ford, French professor Robert Faurisson, the German agricultural scientist Thies Christophersen (opens as pdf), the German architect Hermann Giesler, the great American general George Patton, the American professor of classical languages and scholar of history Revilo P. Oliver, and very many more.

Why have most Whites never seen a reasonable presentation of their scholarly works? The answer is: Because jews own all of the major media from which Whites of European heritage receive their opinion-forming information.

You can't because...there isn't one! nope, not one single piece of evidence. As for testimonials, you won't find a single detail about gas chambers large enough to exterminate thousands every day. That's because there weren't any. In all those testimonies you keep talking about, there's not one detail about Jews entering the gas chambers and not leaving. And no details about getting rid of the bodies. No mass graves. None have ever been found.

[WHITE ENVOY2 months ago](#)

There were no gas chambers. You are totally indoctrinated by a lifetime of it. You don't know anything else, so you believe it. All you have to do is look into it.

The 'steam chambers' and 'electrified floors', the first alleged methods of mass extermination, were quickly proven to be lies before the 'gas chamber' story emerged and took hold in the public consciousness. If the gas chambers had been real, there would have been no need to lie about 'steam chambers' and 'electrified floors' initially.

All the "information" on gas chambers came from the Soviet Union, as the Western Allies did not capture any camps that are currently claimed to have had any, though initially, they did falsely claim that they had liberated "death camps" with gas chambers in them such as Dachau. The U.S. Army and Government deliberately lied about "homicidal gas chambers" being used to "exterminate" people at the Dachau camp in an official US Army "documentary" video. Later, however, this claim was dropped.

The U.S. Army even piled the dead bodies of typhus victims inside camp buildings to create the legend of the Dachau "death factory." There was a gas chamber at Dachau, but it was a delousing chamber used to kill lice and other parasites in order to prevent typhus and other diseases. Even proponents of the "official" Holocaust story now acknowledge that no "homicidal gassings" took place at Dachau or any other camps on German soil. Those who died at Dachau did so overwhelmingly from a typhus epidemic that swept through the camp near the end of the war. It is the same at all of the other German internment camps...the only "gas chambers" were delousing chambers, not homicidal chambers used to murder people....and most of those who died at the camps did so from disease, not any "extermination."

You need to educate yourself and stop hating your own White people and stop worshipping the alien, not White, jews.

SAYS: "And where do you get your oh-so-reliable information from?"

JEWS TALKING:

"It is in the jewish interest, it is in humanities interest, that Whites experience a genocide. Until White children are burned alive, White women are raped, murdered, mutilated and all White men who have not been slaughtered watch powerlessly as their people are terroroized; only then will mankind be on a more equal footing, ready to discuss White privilege and the apparent chip on the shoulder minorities have."-- rabbi Ishmael Levitts

"Israelis and American Jews fully agree that the memory of the Holocaust is an indispensable weapon one that must be used relentlessly against their common enemy...Jewish organizations and individuals thus labor continuously to remind the world of it. In America, the perpetuation of the Holocaust memory is now a \$100 million a year enterprise, part of which is government funded." -- Israeli author Moshe Leshem

The non-Europeanization of America is heartening news of an almost transcendent quality. – Ben Wattenberg, Jewish writer and journalist.

There is no place in modern Europe for ethnically pure states. That's a 19th century idea and we are trying to transition into the 21st century, and we are going to do it with multi-ethnic states. – Wesley Clark, Retired General who commanded Operation Allied Force in the Kosovo War. (Jewish)

"We are a people of vultures living on the labor and good fortune of the rest of the world." - Samuel Roth, Jews Must Live

‘The conscious and intelligent manipulation of the organised habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute An Invisible Government which is the true ruling power of our country.-- Edward Bernays, from his book, Propaganda, 1928

..We see ourselves together with our Muslim brothers, our natural allies, fighting against the European whites who are such bigots they want to ban circumcision and kosher slaughtering of animals..."-- Rabbi Pinchas Goldschmidt (Swiss-born chief rabbi of Moscow)

"First of all, we have to understand what Communism is. I mean, to me, real communism, the Soviet communism, is basically a mask for Bolshevism which is a mask for judaism." -- Bobby Fischer, a jew, press conference Sept 1, 1992

"The Revolution won't happen with guns, rather it will happen incrementally, year by year, generation by generation. We will gradually infiltrate their educational institutions and their political offices, transforming them slowly into Marxist entities as we move towards universal egalitarianism." -- Max Horkheimer, the Marxist Jew of the Frankfurt School.

“It is simply astounding to contemplate the recent historical rise in Mexican immigration. In 1970, there were fewer than 800,000 Mexican immigrants; 30 years later the number is approaching 9 million, a 10-fold increase in one generation....The Jewish community is thus in a position where it will be able to DIVIDE AND CONQUER and enter into SELECTIVE COALITIONS that support OUR AGENDAS.” – Dr. Stephen Steinlight

"We are obliged to conceal our own particular character and mode of life so that we will be allowed to continue our existence as a parasite among the nations. Our success in this line has gone so far that many believe that the Jews among them are genuine Frenchmen, or Englishmen, or Italians, or Germans who just happen to belong to a religious denomination which is different from that prevailing in these countries. Especially in circles concerned with government, where the officials have only a minimum of historical sense, we are able to impose our infamous deception with comparative ease. Therefore, there is never the slightest suspicion that we Jews form a distinct nation and are not merely the adherents of a 'confession.' Though one glance at the press which we control ought to furnish sufficient evidence to the contrary, even for those who possess only the smallest degree of intelligence." -- Harold W Rosenthal, administrative assistant to US Senator Jacob Javitz 1976

"My white skin disgusts me. My passport disgusts me. They are the marks of an unsufferable privilege bought at the price of other's agony. If I could peel myself inside out I'd be glad. If I could be part of the oppressed, I'd be free". -- Robin Morgan, jewess - a key radical member of the American Women's Movement

“We Jews are a sly and surreptitious people . It pains me to admit this, but candor compels. ...[T]he best way to bring America to its knees, to weaken its will to survive, to cleverly turn it against itself, was to do everything in our considerable arsenal of means to deliver the White House to Barack Obama.”— David Solway, Jewish educational theorist and critic, July 7, 2009

“The goal for which we have striven so concertedly for three thousand years is at last within our reach. I can safely promise you that our race will soon take its rightful place in the world, with every Jew a king and every Gentile a slave.” — Rabbi Emmanuel Rabinovich, speech delivered at a special conference of European rabbis in Budapest, January 12, 1952

“The goal of abolishing the white race is on its face so desirable that some may find it hard to believe that it could incur any opposition other than from committed white supremacists.”-- Harvard educated jew, Noel Ignatiev

“Mozart, Pascal, Boolean algebra, Shakespeare, parliamentary government, baroque churches, Newton, the emancipation of women, Kant, Balanchine ballets, et al. don't redeem what this particular civilization has wrought upon the world. The white race is the cancer of human history.”— Susan Sontag (Rosenblatt), Partisan Review, Winter 1967

"If anything, the law should encourage, not forbid, the intermingling of bloods....the only way we can achieve a Final Solution to racial prejudice, is to create a mélange of races so universal that no one can preen himself on his racial 'purity' or practice the barbarism to safeguard it. The deliberate encouragement of interracial marriages is the only way to hasten this process. And it may be that time is growing short. The dominance of our world has begun to shift, like cargo

in a listing vessel, from the white races to the colored. - Rabbi Abraham L. Feinberg, Maclean's Magazine, September 5, 1967

“The Jewish People constitutes a SPECIES OF THEIR OWN...i.e...a special, separate act of Creation by the Almighty. ‘The thought of creating the Jewish People preceded every other thought’ of the Almighty when creating the Universe according to the teaching of Rabbi Samuel bar Isaac.” (Bereshith Rabba 1,5)(The Jews’ “Almighty” is Lucifer/Satan/the Devil, the Serpent of Genesis [3:14,15](#) and this proves the sheer arrogance of these parasites) !!!

“The difference between a Jewish and a non-Jewish person stems from the common expression: ‘Let us differentiate.’ Thus, we do not have a case of profound change in which a person is merely on a superior level. Rather we have a case of ‘let us differentiate’ between TWO TOTALLY DIFFERENT SPECIES” (Jew & Gentile). – Rabbi Menachem Mandel Schneerson

Rabbi Yitzhak Ginsburg declared, “We have to recognize that JEWISH BLOOD AND THE BLOOD OF A GOY (NON-JEW) ARE NOT THE SAME THING.” (NY Times, June 6, 1989, p.5)

"Most European capitals are targets for our air force... we have the capability to take the world down with us. And I can assure you that that will happen before Israel goes under’, ‘Yes, that’s exactly what I said” ~ Golda Meir, Jew

Let me issue and control a Nation’s money and I care not who makes its laws. You can only make a lot of money with a lot of blood! Remember my children that all the earth must belong to us Jews and that the gentiles [the non-Jews or the Goyim], being mere excrement of animals must possess nothing. -- Mayer Amschel Rothschild (1743–1812

"Goyim were born only to serve us. Without that, they have no place in the world; only to serve the people of Israel. Why are gentiles needed? They will work, they will plow, they will reap; and we will sit like an effendi [Turkish bossman] and eat.” That is why gentiles were created.”–

“With gentiles, it will be like any person: They need to die, but God will give them longevity. Why? Imagine that one’s donkey would die, they’d lose their money. This is his servant. That’s why he gets a long life, to work well for this Jew.” -- Rabbi Ovadia Yosef, a former Chief Rabbi of Israel. THE TRUTH ABOUT GERMAN ANCESTORS?

"All Jews world wide -- declared war on the Third Reich." (The London Daily Express, Front Page Story, 3/24/1933).

(We [Jews] must) destroy, destroy, destroy them, not only with the boycott, but politically, supporting all existing forces against them to isolate Germany from the civilized world...our enemy [Germany] must be destroyed." (Speech by Vladimir Jabotinsky, a Polish Jew, on June 16, 1933)

“We Jews are going to bring war on Germany.”— David Brown, President of American Hebrew, in 1934

"Hitler will have no war, but he will be forced into it, not this year but soon..." (The Jew Emil Ludwig Cohn, LesAnnales, June, 1934)

"Germany is the enemy of Judaism and must be pursued with deadly hatred. The goal of Judaism of today is: a merciless campaign against all German peoples and the complete destruction of the nation. We demand a complete blockade of trade, the importation of raw materials stopped, and retaliation towards every German, woman and child." (Jewish professor A. Kulischer, October, 1937)

"Germany must be turned into a waste land, as happened there during the 30-year War." - Das Morgenthau-Tagebuch, The Morgenthau Diary 1938

"Kill the Germans, wherever you find them! Every German is our moral enemy. Have no mercy on women, children, or the aged! Kill every German -- wipe them out!" -- (Llya Ehrenburg, Glaser, p. 111) 1938

'It is our task to organise the moral and cultural blockade of Germany and disperse this nation. It is up to us to start a merciless war.' -- Bernard Lechache, Jew, The Right to Live (December 1938)

"The millions of Jews who live in America, England and France, North and South Africa, and, not to forget those in Palestine, are determined to bring the war of annihilation against Germany to its final end." - Central Blad Voor Israeliten in Nederland, September 13, 1939.

You and I see the world as it is today, and it proves, unequivocally, HITLER WAS RIGHT! It's just a goddamn, cotton-pickin' shame that all the lies about the holyhoax are just that, LIES! But I digress ... Talks between Germany and Poland over the Danzig issue were going well until the British got involved. They goaded the Poles into stopping the negotiations with the promise that the British would support Poland if Germany ever invaded. This was a ruse of the Brits (who were owned by the Jews) to instigate the war. So the talks were shut down, the Polish government started abusing German minorities, and Hitler invaded to put the violence to an end. And the British, lying backstabbers that they are, left the Poles and their incompetent army to get steamrolled.

Since I have learned what really happened in WW2, I have become aware that anti-German rhetoric by Brits is just one more manifestation of their spitefulness against all things German. Not because of the Germans' negative traits, but because the German has always represented a threat to the English sense of supremacy, moral and otherwise. This is something they have in common with the Jews, and it is no coincidence that Goebbels once noted in his diaries that “the Anglo-Saxons are the Jews of the Aryan Race.” And to top it all off, the

irony that these people, who for the past several hundred years have been the jews most willing tool, now stoop to define European authenticity for the rest of us.

Oh, Hitler was killing jews and putting them in ghettos in 1933? Who knew? No, he just was elected to power in 1933. You don't know shit, and don't want to know anything. You're brainwashed by a lifetime of daily jew lies and propaganda.

In Germany, before WW2, 80 percent of commerce was jewish controlled and the media was under jewish control as well. These resources were used to destroy and feed off of the native German population, who absolutely did not want war. In fact, Hitler himself tried to avoid it in every possible way, but war and extermination of the German people was demanded by international jewry, who used outrageous lies to deceive Europeans into destroying each other. Through manipulation and control of banking, government, and media, the jews tricked European folk in America and Europe into destroying any people who resisted their dominance, even when those people were their racial brothers, and incited an unjust war.

After the Germans peacefully removed the jews who had controlled their media and banking from their positions, and created an independent banking system, they began to recover, and it was then that the jews began a campaign of lies, and orchestrated the war to destroy Germany, lest other nations seek to free themselves from jewish control as the Germans had begun to.

These are the same jews, with the same belief system, who control our government today because the jewish- owned Federal Reserve has been allowed free reign. This is the very same tribe who destroyed the Roman Empire and gloat about it to this day; the same parasites who are now using America to attack other countries who refuse to be controlled by jewish banks, such as Iran. This time the parasitic infestation is world-wide, and it is more than time for

every country to say who the enemy is and act upon this knowledge, not to side with the manipulative liars.

Germany under National Socialism was a strong nation-state with a social safety net and the state as the central actor, while the US is an anarchistic, dog-eat-dog capitalistic libertarian worldview, where if you are poor, you can die by the wayside, nobody gives a damn. One is about helping your fellow White, while the other is about worshiping jews and money as their idols.

Pre Hitler misery for the German people was caused by International jewry, and WW2 was caused by International jewry, and post war misery and death of millions of Germans, after the war was OVER, was orchestrated by the same jews.

+Julie Mitchell ummm...have you ever cracked open a book? lol Pretty sure the European settlers were the ones who wiped out huge fractions of the Native American populations by raping, torturing, and murdering them. The whole thing about them not being indigenous; all humankind originated from Africa, so of course they aren't "truly" indigenous, no culture is aside from Africans, but the Native Americans were there long before the Europeans (about five thousand years before). And to call them cannibals? Didn't early English settlements turn to cannibalism due to the harsh winters and lack of supplies/food? Don't be so quick to making fact-less statements. And remember this quote, "Of all our infirmities, the most savage is to despise our own beings".

[Julie Mitchell](#) 2 months ago

+Lily Williams First of all, I have a degree in history, and you will never in your life read as much "history" as I have. Secondly, let's start with the Americas, where archaeology has long since proven that there existed here in antiquity before the red negroes (Indians) immigrated the first time a very highly advanced White civilization, the ruins of which we see scattered throughout this half of the earth - a civilization that wore woven fabrics, had duck calls for hunting, and woven baskets even when there were so few of them left that the red negroes finally just herded the last of them into a cave and burned them to death. From one end of the Americas to the other these red negro beasts have been found buried the red and blonde haired heads of Whites they kept as gruesome trophies. The Paiute Indians celebrate the slaughter of the last Whites in their own folklore to this very day. So how about you read a book, and start with the one titled "No Bone Unturned", which documents the ongoing discovery of Aryan skeletons by archaeologists in the U.S. and the subsequent destruction of one ancient Aryan skeleton after another by the red negroes who are stealing our history under the tutelage of the Jews and destroying it.

As for Africa, negroes were still eating each other, and on a fast road to extinction, when the White man arrived and stopped them from slaughtering

each other, subsequently being forced into taxation slavery to continue to support virtually every negro on the planet, which would certainly be extinct (negroes) by this time if this were not so. In South Africa, all there were were a few thousand yellow bushmen, as the bantu (negro) had not yet even descended out of the jungles to the north when the White man first settled South Africa. Then true to form, once the White man built something, negroes showed up to parasitize, and the White man's biggest mistake was in allowing the negroes to stay and stopping them from slaughtering each other. Now that negroes have finally succeeded in claiming as their own something that only the White man can build, they are once again hacking each other to death in the streets with machetes and killing each other in gruesome ways, and this as they carry on a full on genocide of the indigenous Whites that is being ignored by the national Jewish media.

As for Australia, a few thousand 50 IQ aborigines that are the most visually repulsive ppl on the planet does not constitute by the remotest stretch of the wildest imagination a settled continent, and there are many more worthless "aborigines" living off the white welfare tax dollar now than ever could have live in an aboriginal "culture"

Asia? The Chinese are currently sitting on 4-5 hundred tall, caucasian mummies that they don't want the world to know about because they don't want the rest of the world to know that it is WHITE people who are responsible for all ancient "Chinese" knowledge. There are even 1 or 2 remote tribes of Aryans still living in and indigenous to China over there. And anybody who knows a GD thing knows the ancient Indus Valley civilization of India was blue eyed and blonde Aryans, as THEY described THEMSELVES in the Vedic literature.

Even Pizarro wrote in his diary of finding a few blue eyed blonde haired ppl living in the high mountains of Peru. The red niggers around them called them the "Children of the Gods"

The "genocide" of the red negroes of America is a complete historical fiction, and what were only scattered tribes of cannibals have now bred into the millions thanks to the White man and White civilization. And no, you idiot, Whites have never been cannibals, but almost every single non-white people have been. In fact, negroes in Africa have QUICKLY gone back to eating each other.

Sorry, but it is beneath me to waste my time attempting to converse intelligently with such obvious specimens of the shallow end of the gene pool. There was at least one modicum of truth in the initial posters' comment: that there were tribes who engaged in cannibalism in the Americas as recounted by the first Europeans who arrived there in the 1490s, Peter Martyr's "Decades" and numerous other primary sources. But to extrapolate that to the whole of the indigenous population is a grotesque generalisation. The rest of her pseudo-academic charlatantry, particularly the fictitious and long-discredited late 19th-century notions about ancient Aryan peoples and perfidious Jews has long been the realm of crackpots and other conspiracy theorists.

You think every white person who came to America was good, friendly white man? No. You need to think rationally, they traveled to unknown lands, most of people who agreed to travel here were bandits who had nothing to lose, or just people who wanted to travel around the world. Imagine just walking with your friends, looking for prey, and you see some weird human-alike things walking, but they look weird, they are white, with weird things in their hands and weird clothes, I think you would be frightened you would think they are aliens. It's only natural for Natives to attack the white people. And this huge hate of yours for natives it looks as if the natives were the ones who invaded Europe, killed whites and brought diseases.

[Julie Mitchell 1 month ago](#)

+Susan Stenson First of all, the only "genocide" that is and has ever been advocated is the genocide of the White race.

Secondly, there are millions more of those red Negroes on the North American continent than there were when the White man arrived and in building a civilization created the conditions whereby there genes could unfortunately survive and thrive.

The white/Aryan race is the only race on the planet that can claim to possess anything that is even a reasonable facsimile of "culture." White culture is ancient, and it is as old as history itself.

White "culture" is found in the majestic pyramids that dot the planet on every continent and are always found associated with tall, Caucasian mummies. White "culture" is embodied in the beautiful castles and great cathedrals we built throughout Europe, and in the minds of the great thinkers our race has produced, from Plato to Nietzsche to Dr. William Pierce. It is found in our medieval and ancient art, and in the works of our great literary geniuses.

Today it manifests itself in such things as solar and wind power and internet technology, and in terms of what it produces still remains unmatched by any other on the planet. In fact, other "cultures" (for lack of a better word) in reality simply adopted ours, from South America to China and everywhere in between. In comparison to the White race, all others are simply non-starters.

White culture is supreme, and white culture is essentially civilization itself. Dancing around a fire with feathers in your hair or bones through your nose is not culture, it is savagery.

JUST ONCE I would like for one of you MORONS to explain to me what it is about "cultures" of cannibalism, violence, rape, murder, pedophilia, etc, that is worth preserving? To this very DAY virtually 100% of female negro and Indian children are a victim of the reality of child molestation within their "culture", but instead fools like you point to molestation of a few altar boys by "whites" as the most heinous thing that ever occurred, too lazy to even do any research into that particular phenomenon and learn that most of the so called "Catholic" priests who've been caught doing such things are in fact CRYPTO JEWS.

Our race is responsible for civilization itself, as opposed to being one that never even invented the wheel or developed a written language, and never advances beyond tribalism and cannibalism when left to its own devices. To this day in Africa the negro is still incapable of providing itself with an abode that is any better than a stick and mud hut, much less drinking water and plumbing. And you can bet the red niggers of America would be exactly the same, shortly returned to TP living and outright cannibalism, just as they did once they had slaughtered out of existence the members of the highly cultured and evolved White civilization that existed here before they showed up from God knows where the first time.

Our race has taken the blame for the historical crimes of all the other races, when we are in fact innocent of all that we have been accused of in history.

Our race is so generous and kind hearted as a collective that it has allowed and facilitated its own genocide in the very near future, while at the same time allowing itself to be forced into taxation slavery by the jews to the extent that it has fed, clothed and supported the non-White species on earth to the point that we are now a very tiny minority of the global population, and disappearing rapidly, while morons like you try to resurrect a culture that would have long ago died without our assistance.

Our race is the only one that has ever even recognized the importance and the need for preserving the natural world, while the negroid simian beasts have traditionally been and remain the most environmentally destructive species on the planet, and it can be conclusively demonstrated that the red negro species you are defending here has done exactly the same.

At LEAST 140 million of our people were genocided/slaughtered out of existence in the 20th century alone, and nonetheless the accusation that we are the perpetrators of the genocides of other species continues to be preached from the depths of every misinformed liberal and conservative heart.

All other species/races despise us simply because of our skin color and the fact that we are capable of building and maintaining a civilization, while there is no other that can even come close to doing it, and our people don't even see or acknowledge their own worth, instead encouraging "black pride" and "Latino pride" in species with absolutely no history or culture to be proud of.

Meanwhile, our people are so brainwashed and conditioned to hate themselves based upon historical lies that they refuse to even defend themselves against such aggression, and instead breed moronic fools like you who hold up these shit colored demons as something to be emulated or proud of.

Go fuck yourself. I've had it with the idiocy. You morons deserve to be handled as roughly as possible in front of the people who are in danger of being further influenced to hate and loathe themselves by your anti-white, self destructive behavior.

How hilarious that you keep prattling about the "white race." If your avatar is really you, your skin is darker than mine.

So "white culture" (whatever that is, since there has been a wide variation of it throughout history) is "as old as history itself"? You do know that all of us

originated in Africa, right? Go far enough back in your ancestry, and you'll find yourself in, or near, Ethiopia.

You talk about "majestic pyramids" on every continent. Let's see... the pyramids in Mexico were built by the natives. Guess what - they weren't white. There's a great deal of debate over whether or not Cleopatra herself was white, so it's reasonable to infer debate over whether the builders of the Egyptian pyramids were white. Maybe they were, and maybe they weren't. I don't care which, frankly, because it doesn't matter.

The Mound Builder civilization in North America weren't white. They were natives.

There were other pyramids in Africa - Sudan and Nigeria

There were pyramids built in China, India, Indonesia, South America, and so on. None of those were built by white people. No, they don't have mummies of tall white people associated with them.

You probably own, use, do, or say dozens of things that come from the cultures you despise. You'd better go through your belongings and throw them out. Stop using words borrowed from the native languages. And since you hate them so much, get the fuck out of this country, and off this continent. I guess you've never heard of the blonde, blue eyed Cloud people of Peru, or the red haired Aryan mummies of Peru, or the Spirit Cave Mummy, or Kennewick man, or the fact that even the Aztec said these previous people existed.

As for Egypt, sorry honey, DNA has long since proven it was VERY white, until destroyed by negroes, and we have BUSTS of Cleopatra, you idiot. We know she was White.

Negroes are indigenous ONLY to sub-Saharan Africa, and only PART of that.

And clearly you have no idea that the mummies of China are ARYAN, tall and red and blonde haired. They've had 4-5 hundred of them for over 100 years, fool. Disgusting, shameful Anglo racist. Not only do you steal the land of colored people, but you distort history as always. This is why people of color hate ALL White people. Because of the shit you cave dwelling Anglo Saxons say and do! I would much rather live in a historic Native American America than the diseased Anglo fag-fest it is today. You parasites can't build or sustain civilizations because you aren't human. If you were a German woman, you would have 8 children and be cooking in the kitchen. The way God intended.

Bitch please. I am not romanticizing any race. Least of all the Native Indians and their butchery. But to say that they were barbarians needing to be civilized is the Anglo modus operandi. You said the same thing of Black Africans, yellow Chinamen, the Japs, Hitler and his Germans and of Russian Slavs. That is how you justify your virus-like existence. I see nothing wrong with ripping the hearts out of invaders and eating their flesh. I think Europeans should do the same thing to Arab invaders as well. I certainly would because I haven't been tamed yet. Listen to the Anglo barbarian claiming to be civil. Your clan has never built or sustained a nation. Ever!

Your Anglo civilizations are defined by tax slavery, homosexuality, gender equality, men being women, women being men, war, disease, conquest and slandering of any/all opposition to your invasions. Good on the natives for defending their homeland in such a violent manner and good on Hitler for wanting to wipe you fuckers from the face of the earth. I am not going to sit here and blame Jews for the destruction of the White race. I blame who is responsible; you English speaking homosexuals from that God=Forsaken Island of yours. The world is yours. You own it. You rule it. And it's a fucking disaster. Had Hitler won, Europe was be a paradise, the Japs would have rightly ruled the

east and the U.S and Canada would be German puppet states. No more Anglos, no more English language, no more abortions, disease, homosexuality, gender-equality, legal/illegal drug pandemics, over-taxation, economic slavery.

GOD I FUCKING HATE YOU ANGLO MOTHER FUCKERS! DIE! DIE! DIE! Get raped by Blacks, Indians, Mexicans and Asians. Get raped and bred out by Arabs invading the U.K! DIE! And your Jewish masters and their stolen Israel with you! Smelly, ugly, crooked teeth! Women that look like men and men that look like Gnomes! The Spanish colonizing and settling the U.S would have resembled Hitler's Germany. The Spanish were violent and brutal as well, but by-God, they weren't fucking racist! They practiced inclusion! Unlike you nasty mother fucker! One mega-storm... just one hurricane, wiped Spain and Portugal away and left England completely untouched! That storm left the whole world open for your taking. Why God... why? Why the homosexual Anglo and their twisted, lying, racist and bigoted existence?

Every 100 years, you subhumans create a violent revolution because war is the only peace you know. Your mostly homosexual, slave owning and slave raping Anglo founding fathers hated English taxation and broke away. So did Canada, Australia, New Zealand and other Anglo slave colonies. You hate yourselves too. Look at the U.S today; just like England! A wealthy 1% ruling class treating the other 99% like cattle. Prescription drugs keeps the population moving along. Violence of every sort. The largest prison population on earth. Predatory Government and police. Divorce and violent crime pandemic. Because of homosexuality, gender-equality and birth control, your species is already guaranteed to be genetically doomed in 100%. There is NO stopping your genetic extinction.

Karma is a mother fucker and she is coming to collect! It's not the Anglo male. I pity him. It's you, you vile, smelly Anglo White bitch! You are the most vile and unnatural thing mother earth ever spit out. You have ruled over your feminized Anglo male for centuries. You turn your boys into faggots. You use your men as instruments of war and conquest. You hunt down the planets masculine male population and murder him through your male pussy slave like you did Hitler and his masculine Germany. You HATE male rulership. Had the Anglo White male ruled over you like nature ordained, you would be just another normal member of an already fucked up species called humans. But you are lower than that. Everyone blames your Anglo male! The "Evil White man". NOT ME! I blame you, you Anglo whore! Every race of men on earth sees you as a nasty cum dump and sexual object because you are! Hitler knew best what to do with you!

That is why you hate Black women; in Black women, you see a feminine and submissive woman that surrenders to her masculine Black male. That is why you drove her into slavery. That is why your founding fathers all fucked Black women! Good for them! I have had more Black pussy than most Black men and nothing on earth can touch a woman that can cook and is submissive to her man!

That is why you White women are finished! Millionaire White men like me won't and don't consider you or treat you like the Disney princess you have convinced yourselves you are. Die and give my \$7 million away to a White sex slave? I don't think so! Men that are always bowing down and cucking to the White Anglo princess like the homosexual film Princess Bride and Sleeping Beauty. You want to know who opened my eyes to your treachery? The mother of my two German sons; a German woman! She feels the same way about you. A woman that cooked for me and made me feel masculine and strong! A woman that didn't seek to put my dick and balls in her purse! Her grandparents were National Socialists. One was in the S.S. Germans haven't forgotten who destroyed Germany! The Anglo White woman that was horrified at the idea of being put back into the home and pumped full of German babies by her masculine German man! The Anglo White woman beat the drums of war and marched her emasculated male slave into Germany to "liberate" those poor women. That is why you Anglo women HATE us Russian men don't you! Because I would bitch slap you for stepping out of line with me. The day is coming soon when the world will be right again. The day that you, the evil, racist, corrupt White Anglo women will watch as your homosexual men are massacred in Native American fashion and all you nasty wannabe masculine Anglo women are conquered and put back into the harems of the masculine men you hate. My grandchildren are going to have a harem with 20 of you Anglo females and will pump so much of our masculine cum into you that your feminizing seed will be wiped away! We are going to keep your pussies sticky all day, every day and your stomachs full of masculine cum until you love it! The days of Anglo lunacy ruling over our planet is a clock that is counting down. The Anglo females rulership over our planet is FUCKING DONE!

+The Kost KOST We'll start with this. Here's your holocaust deprogramming course. And when you can explain how it is that gas chamber expert Fred Leuchter, among many others, have demonstrated that no facility even remotely capable of such things was ever present in National Socialist Germany, and yet you from your armchair position somehow know more than they do, please let me know. <https://holocaustdeprogrammingcourse.com/>

Likewise with the Red Cross numbers, which said that a mere 271,000 people died in Germany's wartime work camps after the Allies bombed their supply lines and disease broke out, particularly Typhus. Those Red Cross numbers also say that only 20,000 of that 271,000 were Jews, and the agency monitored the camps throughout the war. In addition, the Allied army's own forensics experts determined that all the corpses they examined died from disease. So when you can explain to me how those facts got turned into 66 million gasping, dead kikensteins, let me know.

Meanwhile, we'll all just laugh at the fact that you don't consider cutting someone's entire scalp off their heads, sometimes even including the ears, drying it, and keeping it as a trophy or even bodily accessory, to be "barbaric", or cannibalism, Or enlarging someone's nose with knives and then shoving their severed nose into it, We have MANY first hand accounts of these things. And guess what? These creatures were doin this to EACH OTHER before we even returned and they bean to do the same things to us, you moron. <http://native-american-indian-wars.blogspot.com/2013/06/iroquois-torture-of-white-captives.html>

+Julie Mitchell I have denied the Holocaust since I was old enough to think. Even it were true, it was morally justified based on liberal morals since White liberals support the genocide of White people like the Armenians and Russians at the hands of Jews. Destroying a race of people en-mass for relentlessly pursuing your destruction is perfectly moral. Even if the holocaust were factual, I would support it based on what Jews and the Anglo do to other races of people. Who the fuck here is supporting the holohoax? Not me! But your denial of the Holocaust of every race, culture and people at your hands is purely evil. Hitler and his Germany are the not enslaving evil parasites you Anglo people are. I don't believe in White guilt. I believe in Anglo Saxons admitting they fucked the whole world and the White race up beyond recognition. All to keep their empire and us slaves speaking English! Look at the White race today because of you fucking English, your homo Democracy and your homo language! I would rather be a subject of Germany any fucking day! Other White people weren't treated like subhumans the way you fuckers have always treated the rest of us. Listen to the woman in this video; being made fun of in Canada, by Anglo's, for being non-anglo. You do this shit to EVERYONE! You do it to Blacks, Mexicans, Asians... EVERYONE! National Socialism was about wiping Jewish Marxism from the face of the earth. It wasn't about racial or cultural supremacy. That's the Anglo/Jewish LIE! Every Hitler documentary... every single one... has an Englishman narrating. WHY? The male Anglo isn't male; he is inherently female and sees Hitler's Germany as terrifying. I saw your Google page. You are rallying your White men to war for YOU! Why? Because you can't stand the site of masculine Arabs who have their sperm banks in check! You are a female! You are a natural resource. A piece of property designed to be fucked for procreation! The only clan of the White race that understood this was Hitler and his Germany! Yet, here you are, a fucking anglo, claiming to be a National Socialist? Where where you and your female ancestors decades ago if not in the factories building war machines to kill Germans? Only today, when the Arab hordes are at your gates, do you finally realize your rulership over your White male slave is endanger, do you rally him to war yet again! Only this time, it is Britons leading the way to National Socialism? Too fucking late Anglo woman! 70 years too late! I truly believe it is Germany that has destroyed the U.S, Russia, Canada and now the U.K. They are flooding their WW2 enemies with third-world invaders to breed them out while all of their WW2 allies haven't seen an Arab yet! Germany is king of the EU and has a massive surplus while the rest of Europe is broke! You better believe the NSDAP is alive and well and fucking the Anglo colonies up. The German never lost WW2. Not by a long shot and now they are pushing Marxism everywhere across the Anglo colonies! If they couldn't beat the world with bombs, they are clearly doing it in other ways. Good for them! There is no "us". The Germans HATE you! After what your English speaking kind did to Germany, the Germans want you, your

colonies and language dead! Deader than that fat, ugly, turtle twat Churchill!  
The vile, fat, cigar smoking Anglo Saxon that he was!

We Boers also saw firsthand the true nature of the Anglo white. They have no morals only pretense. And if they could do it to fellow whites, why would they not do it with other races like the Indians. They broke their word with us, why would they not do the same to the Native American. They massacred our women and children in cowardly fashion, why would they not do the same to other peoples. And they needed to do so in order to impose their masonic pedophile-friendly fag-invested women-controlled mammon-worshiping Babylon on the whole planet because that is the only way for it to survive. All at the feet of the Jew who they view as their lucky charm. Well you "built" your "culture" you brag about with your luck charm, now live in it with hordes of Arabs and blacks you stupid bitch. +frege OMG! Thank YOU! These female-controlled pedophile faggots are National Socialists all of a sudden!!! They defame Hitler and his movement! The very people that destroyed it! The Anglo can do no harm, no wrong and no injustice! They are perfect as is their history... in their own fucked up world! the reason why their clan destroyed Hitler and his Germany is because they are allergic to normalcy and living in accordance with nature. They are fucking allergic to morality and mother nature! Hitler practiced cultures from many races. He loved the Japanese. He loved the Indians and eastern culture. He was all about improving Germany by adopting as many ways of life and thinking as possible. He had every right to existence and every right to self-determination and to keep Germany pure. What he didn't do was set up shop in another races country and claim it was his own like these Anglo invaders. Hitler hated the Anglo's and the U.S. Nazi propaganda is filled with anti-Anglo hate. The Anglo has lied to the entire west about Hitler by claiming he was a racist, genocidal madman. I don't believe a fucking word that comes from the mouth of these liars and agitators. They pull all the strings. They control every thought. Every action. Every political movement. Every bank. Every ideology. Neo-Con=Anglo. Liberal-Anglo. Christianity=Anglo. Atheism=Anglo. Democracy=Anglo.

Communism-Anglo. No matter what the angle, no matter what the ideology, its controlled by Anglo's. When they were Christians, they brought it with the sword. When they were Darwinists, they brought it with the sword. When they were racists, they brought it with the sword. Today, they are egalitarians pushing marxism, gender-equality and homosexuality on everyone... with the sword! These people cannot and will not let others, most especially other White people, dare to live and think for themselves. Who leads liberalism? White Anglo faggots! Who leads conservatism? White Anglo faggots! You people of color can rebel because the Anglo considers you inferior children that occasionally misbehave. They equate your rebellion as a temper tantrum from a retarded inferior. You only get raped and massacred as a lesson! But us White people..

my God! If we act up against our Anglo master, they level our nations to rubble because we are off-White, but still White. We should no better than to rebel because we are WHITE! How dare us hate our homosexual, pedophile foster parents? We are White! We shouldn't join our colored humans in rebelliousness because we are "White" and should be "better than that". There is an Anglo hierarchy of human. They are at the top, other Whites below, yellow people below us and brown and Black people at the bottom. They love us and care for us bro! That incest, rape, drugs, Sunday football, drug use, divorce, fear, mental and social chaos, swelling prisons, that is all fine and dandy to the Anglo subhuman! That's there culture! We should be grateful because they love and care for us like good little retarded children. As long as we speak English and pay those enslaving English taxes, they give us elbow room to be our subhuman selves. These are the most diseased mother fuckers to ever live and they talk shit about Jews? Jews are a nasty bunch no doubt! But these Anglo's to me are virtually identical to Jews. I see them as one and the same. The biggest Shark in the ocean with a tiny parasite attached to its brain.

The Anglo and Jew live in symbiosis. Today, the entire world is in chaos because the Anglo White woman is in charge! We are living in a woman's mind! An Anglo woman's mind! This is why every race on earth is sane except these mother fuckers! Every race was ruled by masculine men with no emotions! Just reason and logic! The chaos we are seeing in the world and the lethal levels of hypocrisy can only be when a woman is allowed to run her mouth and mind! I can't wait for that ugly Disney Princess to be pumped full of masculine cum till she is bred out! I have been to Spanish settlements in California; San Diego and San Jose. Oh-My-God! The Spanish know how to settle a colony! The Spanish are Europeans! Not the Anglo! A nasty, Island cave vampire! In San Diego, you see White Spaniards living side by side with colored people. Peaceful, calm, living as equals. They smoke weed and hit the Ocean to surf. Same in San Jose.

Peaceful, calm colored people everywhere. But you go to the Anglo interior of California and it's fucking Chaos! Racial division. Class division! Sunset Blvd is split off into zones where those diseased White liberals dare not venture. Blacks stick together. Mexicans stick together. White Anglo's stick together. These people create systems that turn people of color into subhuman animals and then

sit back and call them dumb niggers and spics without ever realizing that their way of life turns not only people of color into animals, but turns them into tax slaves. You come to Russia, Germany, Spain and other European nations and you see Black doctors, Indian doctors, people of color living like normal humans. But in North America, an Anglo colony, you see the most morbid, ugly, violent Black and Mexican people. This is what Anglo's produce! They produce slaves and hate them for being dumb slaves! Sick, sick subhuman race! Like I said in another thread, Germany was the fucking Gold-standard of the White race! The videos and images prove it! Every race of people on earth should have a Hitler! Not a diseased Anglo democracy! The Native Americans had it right; a chief (the top-dog) ran the tribe. Women busted ass all-day for men while men took all the risks hunting and fighting other tribes. They chilled, smoked weed and fucked pussy on demand with no exceptions or back talk. Today, Anglo men are proud to be feminized stay-at-home moms while their boss goes out and sucks cock all day in corporate offices. Yet, they beat their chest and claim the "west" is the greatest civilization on earth! LMFAO! The west is an Anglo fucking nightmare! A circus!

i heard the same as the woman here says, from my uncle ( Louis Van Havere) , who was a Belgian. He was in the work camp Bergen Belsen - later East Germany. He never noticed any mass executions.

He helped an officer who had a broken buckle "gott mit uns". the officer would be sent to the Russian front. My uncle was a blacksmith and fixed the buckle.

Every week after that, the officer secretly gave him a sausage. When it was harvest time they needed men from the work camp to help with the harvest. The officer made sure my uncle was sent to the farms. Uncle had the time of his life their. The German men were all at the front....

Jewish Communists killed 2-10 million Christian Ukrainians with a man-made famine called the Holodomor beginning in the early 1930s, before the outbreak of WW2. +Noam Ahituv Haavara transfer agreement (an agreement between NSDAP Germany and Zionist German Jews signed on 25 August 1933 before WW2)

was made so each Jews in Germany could relocate to Israel for £1,000, (about \$5,000 in 1930s currency value)

£1,000 is not much for jews with bankers like Rothschild being founders of Zionism,If any jews has died by war in Germany then it was zionists fault to not to pay the money they agreed and being too cheap and will be the zionists who killed 6 million jews.

Jews were transferred from Germany to Plasticine and they lived happily ever after with Germany Paying Out More Than \$61.8 Billion in relocation reparations caused by Zionism.US Aid to Israel Jumps to \$11 Million Dollars Per Day but blacks who were victims of slavery and Native Americans do not get such reparations.Palestinians never got same type of Reparations from Jews or apology for Palestinian genocide by Jews.British colonies like India never got any reparations for the slavery they suffered from British.

If Germans wanted to kill every jews they can get their hands own how did 3,546,211 survived,this does not include gypsies,homosexuals and others who survived.Anne Frank was sick and could not work so why wasn't she gassed.She died from Typhus like many of those we see in holocaust videos.More than 200,000 prisoners were transferred from Auschwitz to other camps, and about 8,000 were in the camp when it was liberated by Soviet forces. In addition, about 1,500 prisoners who had served their sentences were released, and returned to their home countries. If Auschwitz had actually been a top secret extermination center, it is difficult to believe that the German authorities would have released inmates who "knew" what was happening there.

I think you are a Zionazi and a Racist.

Ike Eisenhower, "The Terrible Swedish Jew", starved millions of German Soldiers and Civilians to Death in open fields with zero Lodgings, hardly any Food or Water or any Medical treatments. This was after Germany surrendered.

German Women and Girls were raped by the Allies as well. The German People suffered greatly under the Allies, but hard-core Nazi Scientists and others were treated like Royalty under "Operation Paperclip". Talk about a double-standard Son of a Bitch, that Ike guy.

And what about the upwards of 6 to 10 Million Ukrainians that were starved to Death by Jewish Bolsheviks and the tens of Millions of Russians murdered by Jewish Bolsheviks and what about the slow Genocide of Palestinians and their plight as more and more of them are made Homeless and end up in the World's biggest Concentration Camp, Giza???

I suppose you think that was perfectly alright.

Isaiah 41, 8-15:

"But thou, Israel, my servant, Jacob whom I have chosen, the seed of Abraham my friend, 9 thou whom I have taken hold of from the ends of the earth, and called from the corners thereof, and said unto thee, Thou art my servant, I have chosen thee and not cast thee away; 10 fear thou not, for I am with thee; [c]be not dismayed, for I am thy God; I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness. 11 Behold, all they that are incensed against thee shall be put to shame and confounded: they that strive with thee shall be as nothing, and shall perish. 12 Thou shalt seek them, and shalt not find them, even them that contend with thee: they that war against thee shall be as nothing, and as a thing of nought. 13 For I, Jehovah thy God, will hold thy right hand, saying unto thee, Fear not; I will help thee. 14 Fear not, thou worm Jacob, and ye men of Israel; I will help thee, saith Jehovah, and [d] thy Redeemer is the Holy One of Israel."

"...if the communist did something it's not automatically on the Jews, you fool."  
Well, Noam, I think you are (partly) right: it were not the Jews but it were the Khazarians. Now you want to know, who were the Khazarians? Well, the first time I heard about them, it reminded me on Star Trek (with aliens, space travels and so on, you know?) Later on, however, I discovered that the Khazarians were not aliens at all; they do exist! Now, here is a short piece of true history: in around 700 AD or so, there in what is now South Russia lived a very warlike people, called the Khazarians. They were frequently involved in wars with the neighboring countries. They had a certain kind of strange religion: the worship of the phallus. On a certain moment, their king, Bulan, decided it was time for another religion. However, he didn't know what religion was the best for him and his people, so, he arranged a visit from 1: a Christian, 2: a Mohammedan, and 3: a Talmudic Jew. They were invited to Bulan and the king asked each of them to explain their religion to him. When he had heard them, Bulan decided to have some time for reflection. And lo, at last, Bulan had made his decision: Talmudic religion would be the only religion for him and his people from now on. Subsequently, Bulan invited many Rabbis from Babylon to his country; they were charged with the task to teach this new religion to him and his people; meanwhile, he ordered the building of Talmudic universities, schools, and colleges. Initially, only the king himself and his court were converted to Talmudism. His successor, a king who had taken on the name of Obadiah, succeeded to convert the whole of the people of Khazaria. And in no time, all those non-Jewish Khazarians (Gentiles, in fact) became and you guessed this maybe already "Jews." Later on, they became known as "Ashkenazi Jews." Nowadays 90 á 99% of the current Jews are, in fact, the (distant) descendants of the Khazarians! To conclude with the quote, "if the communist did something it's not automatically on the Jews" (and something else), it is, in fact automatically on the Khazarians! Do you copy me, Naom?

All we can do is teach our children the truth because they will never be taught about it in school. It will take another few generations for the truth that there was no holocaust to be accepted but we have to keep it going as the Jews are trying to keep the money coming in for their brood and they won't stop until we stop them. We also need to keep track of all the money they have collected using this lie so it can be returned to the governments/people it was stolen from. If there truly was a holocaust there's no way Israel would be treating the Palestine people the way they are.

If you are so interested in truth, why are you hiding what amounts to hysterical anti-semitism behind a bunch of lies put together by kooks? Jews live all over the world, and don't all get together and make decisions. They are individuals with individual opinions. Some are extremely poor, some are extremely wealthy, just like other ethnic groups. In Canada, Scots ran all the original banks and big capitalist enterprises and even had a couple of prime Ministers. Where are your Scottish Conspiracy theories? You folks are an embarrassment to your children who will one day grow up and be ashamed when they realize that their parents were paranoid racists. Also, please stop using the anarchist symbol. Anarchism as a developed body of thought had a huge influence from Jewish people. Many of its best and most original thinkers and activists were Jewish. Anarchists have been at the forefront of countering neo-nazi and other racist ideologies for over a century, not perpetuating them.

Fun Fact: Jews declared HOLY WAR on Germany way back in 1933- a few days after Hitler came to power... Hitler wasn't "responsible" for doing anything yet at this point... Just google (((Samuel Untermyer))) and the (((World Jewish Congress))) to find out about this little known episode in history...

Another Fun Fact: Jews were responsible for the hyperinflation of Germany's economy pre-National Socialism... The Wiemar era was completely dominated by Jews who basically ruined Germany's entire economy...

Third Fun Fact: As many Germans stated at the time, which was true, Jews most certainly did "sell out" Germany toward the end of WWI... Jews went to England and told them that they would get the US into the war on the side of the English if and only if England would hand over Palestine to the Jews after the war... This is how the Balfour Declaration (which was actually addressed to the Jew named Rothschild) was put in motion and thus the real reason the largely isolationist US became involved in WWI...

If he was Jewish, he had a large amount of non-Jewish DNA in his make-up making him not have typical Jewish physical traits. The people's favourite was Charles Lindbergh however due to the kidnapping and subsequent murder of his child this thwarted Lindbergh's ability to focus on the campaign of running for leadership of America. It was so very unfortunate Lindbergh did not get in as president however if he had he most likely would have been taken out like they do for all of their unfavourables. There were holocausts during WW2. But none of them were of Jews. All of them were of Whites, unfortunately committed by the ALL-LIES. But the Jews reversed the truth as they do. Whites were born into the lies. We had no way to

know otherwise, except as we matured and applied our White intelligence to the absurd and impossible claims, ghoulish tales from the minds of sick jews, and as we received the real truth uncovered and reported by our fellow Whites.....

"Not surprisingly, with beatings, rape, torture, and death facing them, few victims failed to "confess" and most gladly inked their name to any scrap of paper shown them. Some, like Anna, tried to resist. Such recalcitrance was almost always of short duration, however. Generally, after enduring blackened eyes, broken bones, electric shock to breasts—or, in the case of men, smashed testicles—only those who died during torture failed to sign confessions." --

I stand corrected, but the jews don't have any sway, nor do they blame at all the Japanese for their holohoax lies. The target of the jews is the White Race.

The jews had desperately wanted to atomic-bomb the Germans, but the war was over and the presence in Germany of armies of White soldiers from various countries made atomic-bombing there undoable. So, despite Japan's month of trying to surrender, the jews ignored their surrender pleas and gleefully incinerated two cities full of mostly women and children. Nagasaki and Hiroshima. Curiously, though Shinto is the indigenous religion of Japan, 10% of those incinerated were Christians. We can be sure the jews included that in their thinking.

Crypto-jew president Harry Truman said the atomic bombs were necessary and that they saved a million lives. Lies. The bombs saved no lives. The bombs mass-murdered tens of thousands — more than 100,000 — civilians, not soldiers. Obviously, accepting the Japanese plea to surrender would have saved every one of the subsequent lives lost by Japanese and Americans, along with some Australians and other White allies there.

I don't know where you people get this crap. With regard to the Franklin's there may be some ancestry back in the 1600s, but both were baptized which denominations are unknown. Maybe because of his concern for the less fortunate and his creation of the New Deal people assume his tradition of social responsibility is because of his Jewishness. Then explain his refusal to admit and reject Jews during WW11 which lead to their certain death. Maybe, he has German DNA.

Eisenhower was Presbyterian, his mother is of German Protestant stock. Absolutely no evidence that his father has any Jewish ancestry. I know, I know, what about the comment in his West Point yearbook calling him a "Swedish Jew", no proof that it's anything but an inside joke.

With regard to Churchill's mothers ancestry again nothing to support this claim, unless you are referring to David Irving who has absolutely no credibility with Historical scholars. According to Churchill family legend his great-great-grandmother was Iroquois Indian or possibly of African descent. Also, Kohn's writings were written with a hint of sarcasm for a particular audience. Take some history classes, geezz.

He has been smeared by jewish sources and even imprisoned for merely questioning the big lie, the socalled "holocaust". Why should someone be disgraced and imprisoned for questioning something to have been alleged to have happened?.

It is the jews who are orchestrating the world's problems, and it was the jews who instigated and incited WW2. It is the jews who control everything. Anyone who goes against them or offends them gets destroyed. You just believe the jews' bullshit. These people mentioned are crypto jews. They are jews and they have

Eisenhower was German? If so why did he take so much pleasure in starving millions of Germans after the war was over?

Churchill's mother was Jenny Jerome, born January 9, 1854 in Brooklyn, Kings County, NY. Her father was involved in theater investment and changed his name from Jacobson to Jerome.

“The Roosevelt Administration has selected more Jews to fill influential positions than any previous administration.”— Brooklyn Jewish Examiner, October 20, 1933.

WHY?

Franklin Roosevelt was a liar, a swindler, a robber, a traitor and a mass murderer. He did everything he could to provoke the Japanese to attack the US because the real prize was war with Hitler.

There's more than a little evidence that leads any thinking person to believe Roosevelt was a Jew. FDR (Rosenvelt), while claiming to hate war and promising to keep America out of war with Germany, at the very same time consorted with an astonishing number of Jew advisors in his administration to stop the flow of oil to Japan knowing full well that the Japanese would be required to fight to keep those supplies. The inevitable, and desired result of Roosevelt's blockade against Japan was to take America to war on the side of Communism against an all White Germany, who were fighting to get the Jew commies and bankers off their necks.

Additionally, Rosenvelt put his entire Communist and Jewish cabinet into the Socialist 'Jew' Deal swindle while placing the ever present Jew bankers in control of the wartime economy. Why would anyone but a Jew do that? He also removed the gold standard and replaced it with silver, while giving the bankers the gold in Fort Knox for free.

#### President Franklin D. Roosevelt's Jewish Cabal

Some of these Jews were directly responsible for plunging America into WWII by deliberately alienating America from anti-Communist countries such as Germany and Japan long before the outbreak of hostilities. If you believe the US is a "free country", then, sadly, you're totally delusional. You watch too much jew television. Exactly what bullshit? Not intelligent enough to articulate what you don't understand? Things you don't know or want to know about your criminal government or the jews who control it? You think evil is normal and people should just accept it? That's what the jews have programmed into your brain. You're brainwashed.

And if you're talking about Canada, the above video is enough for that person to be arrested for expressing her opinion. If you call that free, then more evidence you're delusional.

Well FDR certainly had an incredible hatred against Germany which really made little sense. Unless of course you realize that he had more than 16 Jewish

advisors many of whom supported the Bolsheviks and some of whom were tried for espionage in the post war period.

Well, what you say is correct, and I appreciate it, but a gross understatement. I can hear the jews now. So what, he had a few jews in his administration ...

FDR worked for 4 years to get the USA into WWII. FDR worked tirelessly with the jew bolsheviks and their shabbas goy (or maybe jew) Stalin.

Franklin Roosevelt was a liar, a swindler, a robber, a traitor and a mass murderer. Notice that after doing everything he could for a couple of years to provoke the Japanese to attack us, he could at least have warned Admiral Kimmel and General Short of the impending Japanese attack, who would have acted immediately to save American lives. He didn't because he wanted as many Americans killed as possible to overcome the almost unanimous American desire to stay out of the war.

Here's President Franklin D. Roosevelt's Jewish Cabal

Some of these Jews were directly responsible for plunging America into WWII by deliberately alienating America from anti-Communist countries such as Germany and Japan long before the outbreak of hostilities. So, in your view truth-telling of information is hate and name-calling, apparently. What are you talking about? Instead of debating facts presented to you, you resort to name-calling and conflating "hate", with truth-telling. And tell me, aren't you intelligent enough to at least identify which commenter you're addressing? You see, you know I'm talking to you. On top of each comment there is a link (reply) used for identification of that person you're responding to. Please use it.

Racial consciousness has been conflated by Jews and their liberal minions with the term hatred, because their dogma requires Whites to willfully blind themselves to the recognition of races, to believe, in fact, that such thinking is outmoded and scientifically baseless. Lesser races, on the other hand, are encouraged to 'celebrate' their racial distinctiveness — a curious hypocrisy that the liberal mind seems comfortable with. One means of casting aspersions on something is to intentionally conflate it with something popularly perceived to be worse. The liberal elite, the Jews, have made racism synonymous with hatred as a conscious tactic. The liberal lemmings, of course, of which you are a part, swallow whatever propaganda they are fed.

And let's not forget that the Roman Church goes by the New Testament, rejected by the tribe as it was written to destroy their "enemies", the Goy. "Love thy enemies", "Turn the other cheek", "Give your money to the poor", "increase wealth in the hereafter", are all obvious glaring examples of bad advice.

I think people are massively dumbed down today, and those who are intelligent are programmed by a lifetime of leftist brainwashing disseminated by the jewsmedia and jew controlled academia.

The jews long ago made the decision to hitch their wagon to the liberal horse, because a great many of their individual jewish Conspiracies can be advanced under their cover of this 'kinder, gentler' trojan horse, the purpose of which is to undermine the Aryan race through a disarmingly harmless doctrine espousing love and peace.

Liberals wear blinders, because their doctrine depends upon a fantastic amount of wilful blindness and self-deception. They have no understanding of the agenda road they are 'progressing' down, but are comforted by the conviction that progress is steadily made. Seeing their doctrine on the rise, liberals are duped into believing they are in control, but of course, it is the judaic master behind them, out of view, who guides this wagon of Aryan Apocalypse.

+WHITE ENVOY Having spent my first ten years behind the "iron curtain", I can see the same signature on this "kinder, gentler", but through and through communist control-scam, so it doesn't fool me. Obviously it took me a while to figure out whose signature they both bear, but now I am retracing their steps through history.

Presently about half-way through "Nature's Eternal Religion" by Ben Klassen, that talks of five books, the sole achievement of the "tribe" in all their history, to mislead/control the "goy" with single minded ferocity. The OT, the NT, the Talmud, Marx's Commie Manifesto and the Protocols of the LEOZ

The author maintains that "We need a new way of life, with Nature, not against Her...", which I fully agree with. Obviously not one based in Jerusalem and on circumcised "heroes", Europe has a rich heritage of intact heroes already. Those pimping, whore-mongering, blood-thirsty mid-eastern stories are foreign to us and most ppl seem scared of ending up in "hell" - which, strangely enough, is described far more vividly anywhere, than that highly elusive "heaven". Both are absurd nightmares of twisted minds, which is all we can expect from such self-centred victims of their own mental "virus".

Beautifully stated, and totally the truth. I suppose you also know that National Socialism put great stock in working with Nature and not against it. Of course, the jews are anti- Natural Order, and have turned it on it's head through their control of media, Hollywood, and education.

National-Socialism is a philosophy (or worldview) for White people that is based on three principles:

(1) Natural Order. We believe that the universe is governed by natural laws. In order for Man to be happy and successful, he must first learn what these laws are and then follow them. We believe that Man is a part of the natural world and that he is in no way separate or distinct from it. Consequently, we believe that society should be structured in accordance with the laws of Nature, and not in opposition to them as is the case today.

(2) Racial Idealism. Racial idealism is based on the love of your own people. It means placing the welfare and interests of the racial community to which you

belong ahead of yours own personal interests and desires. As racial idealists, we have no wish to harm, persecute, control or exploit other racial groups. We are only interested in protecting our own people.

We believe that all men are NOT created equal. Just as every individual has his own personal strengths and weaknesses, so each race certain qualities that make it different from other races. We believe that the White (or Aryan) race has the right to maintain its biological, cultural and political independence, and that it has the right to control its own destiny. We also believe that White people have the right to defend themselves against all attacks--no matter where they come from.

(3) The Upward Development of the White Race. We want to do more than just defend our Race: we want to see it improve. This can be done by encouraging a high birthrate among those Whites who are the healthiest, strongest and most intelligent. At the same time, science should work to eliminate hereditary weaknesses and defects among our people. Our goal is that each new generation of White children will be better off than the one before it.

For those who don't understand why FDR, the jew, wanted war with Germany so badly. FDR was a jew, a secret jew. Now, however, we know a lot about his ancestry, including his grandfather Captain Warren Delano who shipped opium into China in the jew-owned heroin trade, the instigation of WW1 and the fraudulent way it was carried out (including FDR's crimes as Assistant Secretary Of The Navy), and then the instigation and atrocities of WW2.

Even back in that time of the US, the jews, though a tiny minority, held tremendous power over our government. If anyone doubts this, just take a look at FDR's administration. This is just extraordinary:

Franklin Delano Roosevelt, president of the United States of America, 1933-1945, was himself partly of Dutch-Jewish ancestry.

1. Bernard M. Baruch -- a financier and adviser to FDR.
2. Felix Frankfurter -- Supreme Court Justice; a key player in FDR's New Deal system.
3. David E. Lilienthal -- director of Tennessee Valley Authority, adviser. The TVA changed the relationship of government-to-business in America.
4. David Niles -- presidential aide.
5. Louis Brandeis -- U.S. Supreme Court Justice; confidante of FDR; "Father" of New Deal.

6. Samuel I. Rosenman -- official speechwriter for FDR.
7. Henry Morgenthau Jr. -- Secretary of the Treasury, "unofficial" presidential adviser. Father of the Morgenthau Plan to re-structure Germany/Europe after WWII.
8. Benjamin V. Cohen -- State Department official, adviser to FDR.
9. Rabbi Stephen Wise -- close pal of FDR, spokesman for the American Zionist movement, head of The American Jewish Congress.
10. Frances Perkins -- Secretary of Labor; allegedly Jewish/adopted at birth; unconfirmed.
11. Sidney Hillman -- presidential adviser.
12. Anna Rosenberg -- longtime labor adviser to FDR, and manpower adviser with the Manpower Consulting Committee of the Army and Navy Munitions Board and the War Manpower Commission.
13. Herbert H. Lehman -- Governor of New York, 1933-1942, Director of U.S. Office of Foreign Relief and Rehabilitation Operations, Department of State, 1942-1943; Director-General of UNRRA, 1944 - 1946, pal of FDR.
14. Herbert Feis -- U.S. State Department official, economist, and an adviser on international economic affairs.
15. R. S. Hecht -- financial adviser to FDR.
16. Nathan Margold -- Department of the Interior Solicitor, legal adviser.
17. Jesse I. Straus -- adviser to FDR.
18. H. J. Laski -- "unofficial foreign adviser" to FDR.
19. E. W. Goldenweiser -- Federal Reserve Director.
20. Charles E. Wyzanski -- U.S. Labor department legal adviser.
21. Samuel Untermyer -- lawyer, "unofficial public ownership adviser" to FDR.
22. Jacob Viner -- Tax expert at the U.S. Treasury Department, assistant to the Treasury Secretary.
23. Edward Filene -- businessman, philanthropist, unofficial presidential adviser.

24. David Dubinsky -- Labor leader, president of International Ladies Garment Workers Union.
25. William C. Bullitt -- ambassador to USSR, his mother was Louisa Gross Horwitz
26. Mordecai Ezekiel -- Agriculture Department economist.
27. Abe Fortas -- Assistant director of Securities and Exchange Commission, Department of the Interior Undersecretary.
28. Isador Lubin -- Commissioner of Labor Statistics, unofficial labor economist to FDR.

Who is to blame? The White Christian Anglo Americans that allowed this parasite to take power without caring for his race or reasons, or the Jews; who are apparently much smarter than us? Us Europeans have been trying to wake you Anglo's up. All of a sudden, when we are on the brink of destruction, you

asshole English decide to wake up? So... you Anglo Saxons are the disease carrying vector for Jews correct? FDR was president of an Anglo nation! You Anglo's are the reason why Europe is destroyed. It's long past due that the entire White race stop blaming Jews for being Jews, and start holding the Anglo Saxon accountable for your actions.

Don't worry. There are plenty of lamp poles and they will be used. You can take out your vengeance on them instead of scolding and castigating those of us who have woke up. You didn't always know, so when you were unaware, as many of us still are today, I suppose it was your fault, because after all, the jews are so much smarter than you?

Jews aren't smart. They're liars and their agenda is totally foreign to the thinking of compassionate White Europeans. It all starts with how jews operate. They see no problem openly practicing race nepotism, which gives each of them an easy foot in the door. It is this jewish racial networking that's been the true driving force of jewish success — not because they are world's greatest brains, as they would like for everyone to believe.

Jews know what's going on because their fellow jews have the inside track.

They do not fear arrest because the authorities, the judges, and lawyers themselves are tribemembers. Jews are actually gleeful about robbing America from all the politically correct, indoctrinated, fools. Anyone who believes jews are just another religion is plain stupid. Jews are an insular race (often not even religious), well aware of how naïve most Americans are about them. Perfidious jews will team-up with one another to take over companies and have long targeted specific industries like the media, knowing it's best to control such things as a race, for their agenda of world domination and brainwashing.

IQ? Proof is in the doing. Our White race. From the technological to the mundane, sea-navigation schools, to the printing press, the electric light,

bicycles, cars, planes, space ships, radio, TV, computers, flush toilets and sewer systems, heaters and air-conditioners, on and on. No other race comes close to the innate abilities of the White Race.

Because of jew participation and corruption, we must doubt the average-IQ rankings of races that purport Asian and jew IQs higher than the IQs of Whites. In fact, if we look closely at stats by race, region, and country, we find that corrupted science has mixed Latinos and other low-IQ nonWhites into our category. And they have cherry-picked among Asians and lied about jews. Note that the average IQ for jew-only Israel is down in the mid-90s.

Yet, to be certain, Whites have our weaknesses, of course. The worst is our gullibility to believe the LIE that is so big that we, as a race, cannot believe that any large group could agree to inflict such a LIE on all other people. Whites would never even think of trying to put such gross lies over on anyone. And we certainly wouldn't lie as a unified race against the other races. It is not in our DNA. BUT that heinous trait is in the DNA of the jews.

Kost KOST. You are right that other white race people betrayed our race. And you have a right to be bitter if you must.

But we are wakening.

And you can be sure that not only do we awake to share the same anger but we also have to deal with our shame for ourselves and for our immediate ancestors betraying our far ancestors and their progeny.

(The "greatest generation" -- of cucks and losers -- sorry grandpa, sorry dad, sorry uncle, but it is true)

We white people have things to answer for among ourselves.

But we must love ourselves enough to work together to secure the existence of our people and a future for white children.

Then we can scream and fight and atone among ourselves as we cement our solidarity forever and to the stars!

If the day ever comes when the Anglo admits that he has a genetic disposition to mindlessly obey his cruel rulers, that is the day we will all be free and united in a single cause. Until then, I remain fearful of Anglo global rulership as they (you) have treated fellow White's just as cruel as you have people of color. Growing up my whole life being called a dirty, subhuman slav by my own Viking Brethren isn't pleasant.

Stop Holocaust Denial! Holocaust denial only lets the real culprits behind the extermination of the Jews off the hook!

People must understand the hidden history: the "Holocaust", the burnt offering of the Jewish people by the NaZis, was just another chapter in an ancient conflict between the occult elements within Judaism that infiltrated Judaism during the diaspora; elements forming the theosophical basis for the British ruling banking class, British intelligence, Jewish nationalism, and the subsequent Zionist manifestation in "Nazi" Germany. Providing the basis for the transfer agreements, Germany's WWII part of the Rothschild plan for the creation of Israel out of the nation-state of Palestine; and the "refuseniks" Jews who opposed Zionism, and Jewish nationalism (NaZism).

It was those "refuseniks" Jews, who thought rightly that Zionism was/is a cult, that it contradicted the foundations of justice found in the Torah, who suffered the deportation to the concentration camps along with the other "useless" eaters" deemed expendable by the NaZi "master race".

People need to know the theosophical roots of the "master race", Zionism/ NaZism, Bolshevism (Freemasonry), are the same: the Babylonian Talmud, the Kaballah, the occult acting through the levels of initiation found in co-opted Freemasonry and its variations throughout the world: Thule Gessellschaft and Vril, the Golden Dawn, Skull and Bones, the Brotherhood of Death. Even secret societies like the Ku Klux Klan have their basis in occult Jewish mysticism and the Kaballah. Satanism, Satanic Ritual Abuse (torture, Project Monarch), eugenics, racism, depopulation, UFOs, the ritual sacrifice that was "Holocaust" and related genocides of the modern era, big and little, are their spawn.

They Act Like NaZis Because They WERE The NaZis. If people knew this occult history; the Rothschild banking clique, the Satanic oligarchy and its nuclear nation-state Israeli agent would be overthrown tomorrow. Stop denying the Holocaust!

By continuing to howl that the Holocaust is a fraud, a hoax, debating how many died, continuing the use of the anti-Semitism smear...is a deliberate distraction, helping to exculpate the real criminals. Holocaust denial also does a disservice to history. The true multi-millennia history of the tension between the people and the occult hereditary priest class, Zionism and Judaism; and to all who struggle to get free from Zionism, internationalism, the Satanic communo-fascist New World Order. In Palestine and the world. Wake up!

Types of torture used by the Germans throughout their occupation of Western Europe, Poland and Russia are summed up by the Supreme Allied Headquarters' Psychological [read PROPAGANDA] Warfare section of the Supreme Allied Headquarters section in a thirteen volume report of German atrocities in France:

There is a shocking catalogue of German torture methods:

putting peoples hands in boiling water until the skin and fingernails came off like gloves; stamping on a man's foot for ten minutes with a special [treatment] boot and repeating the process for two weeks; pressing a hot poker into the hands; hanging persons by their hands behind their backs until their shoulders were out of joint, then gashing the soles of their feet and making the victims walk on salt; pulling teeth and cutting and twisting off the ears; running electric current through their bodies and other fiendish devices too horrible to describe. These tortures and other brutalities, the list of which is too long to include, were used by the German occupation forces . . . New York Times May 4, 1945

Good list. And not only did those all turn out to be lies, but they all had EYEWITNESSES ACCOUNTS by jews to support them, and some "confessions" from Germans (elicited through coercion or torture). So now likewise, the last remaining part of the holohoax rests solely on EYEWITNESS ACCOUNTS by jews, and some "confessions" by Germans, same as all those now discredited claims. No physical evidence at all. Not a single autopsy showing death by cyanide. No mounds of the tens of millions of teeth. No layers in the earth of millions of pounds of human ash. No millions of buried bodies, except some thousands hastily buried as typhus victims. No zyklon B residue in the walls of the supposed gas chambers (but plenty in the small rooms that even jews agree that were used only for clothing).

Agreed. Their goal is world domination as outlined in the Protocols of the Learned Elders of Zion.

Here are some words of early Americans.

[1] On December 17, 1862, General Ulysses Grant wrote to the Assistant Adjutant General of the US Army:

"I have long since believed that in spite of all the vigilance that can be infused into post commanders, the specie regulations of the Treasury Department have been violated, and that mostly by the Jews and other unprincipled traders. So well satisfied have I been of this that I instructed the commanding officer at Columbus to refuse all permits to Jews to come South, and I have frequently had them expelled from the department. But they come in with their carpet-sacks in spite of all that can be done to prevent it. The Jews seem to be a privileged class that can travel anywhere. They will land at any woodyard on the river and make their way through the country. If not permitted to buy cotton themselves, they will act as agents for someone else, who will be at a military post with a Treasury permit to receive cotton and pay for it in Treasury notes which the Jew will buy at an agreed rate, paying gold."

Also, on December 17, 1862, General Ulysses S. Grant issued General Orders No. 11. This order banished all Jews from Tennessee's western military.

General Orders No. 11 declared: "1. The Jews, as a class, violating every regulation of trade established by the Treasury Department, are hereby expelled from the Department.

"2. Within 24 hours from the receipt of this order by Post Commanders, they will see that all of this class of people are furnished with passes required to leave, and anyone returning after such notification, will be arrested and held in confinement until an opportunity occurs of sending them out as prisoners, unless furnished with permits from these headquarters.

"3. No permits will be given these people to visit headquarters for the purpose of making personal application for trade permits.

"By order of Major Gen. Grant.

That's a very good idea about trying to talk to three people every day and getting them to do the same. I'll have to remember that. Have you had success with it?

How do people respond and what do you tell them specifically?

+GodsWorshipMusic Yankiel Wiernik was a lying piece of shit. What makes things worse for the holocaust industry is that he is seen as a reputable witness and is held in good stead.

A few words from the esteemed Wiernik you may have missed.

...

A Ukranian guard named Ivan would nail the inmates' ears to walls...

On the "gas chambers":

A motor taken from a dismantled Soviet tank stood in the power plant. This motor was used to pump the gas, which was let into the chambers by connecting the motor with the inflow pipes.

-Chapter 5

The new construction job between Camp No. 1 and Camp No. 2, on which I had been working, was completed in a very short time. It turned out that we were building ten additional gas chambers, more spacious than the old ones, 7 by 7 meters or about 50 square meters. As many as 1,000 to 1,200 persons could be crowded into one gas chamber. [They supersized the chambers from 5x5 to 7x7]

-Chapter 7

German guard who would tear babies in half:

One of the Germans, a man named Sepp, was a vile and savage beast, who took special delight in torturing children. When he pushed women around and they begged him to stop because they had children with them, he would frequently snatch a child from the woman's arms and either tear the child in half or grab it by the legs, smash its head against a wall and throw the body away. Such incidents were by no means isolated. Tragic scenes of this kind occurred all the time.

Wiernik says the new gas chambers, which he helped build, had a defective motor used to supply the gas, so it took "hours" for the victims to die. Sounds like German engineering and efficiency to me.

As I have already indicated, there was not much space in the gas chambers. People were smothered simply by overcrowding. The motor which generated the gas in the new chambers was defective, and so the helpless victims had to suffer for hours on end before they died. Satan himself could not have devised a more fiendish torture. When the chambers were opened again, many of the victims

were only half dead and had to be finished off with rifle butts, bullets or powerful kicks.

-Chapter 7

Wiernik says "often the jews were left in the gas chambers overnight without the gassed turned on":

Often people were kept in the gas chambers overnight with the motor not turned on at all. Overcrowding and lack of air killed many of them in a very painful way. However, many survived the ordeal of such nights; particularly the children showed a remarkable degree of resistance. They were still alive when they were dragged out of the chambers in the morning, but revolvers used by the Germans made short work of them....

-Chapter 7

The woman who jumped over a 10 foot fence:

On one occasion a girl fell out of line. Nude as she was, she leaped over a barbed wire fence three meters high, and tried to escape in our direction. The Ukrainians noticed this and started to pursue her. One of them almost reached her but he was too close to her to shoot, and she wrenched the rifle from his hands. It wasn't easy to open fire since there were guards all around and there was the danger that one of the guards might be hit. But as the girl held the gun, it went off and killed one of the Ukrainians. The Ukrainians were furious. In her fury, the girl struggled with his comrades. She managed to fire another shot, which hit another Ukrainian, whose arm subsequently had to be amputated. At last they seized her. She paid dearly for her courage. She was beaten, bruised, spat upon, kicked and finally killed. She was our nameless heroine.

-Chapter 8

On Himmler's order to dig up and cremate the corpses...women corpses burned easily and were "used for kindling", male corpses would not burn, even after soaked in gasoline....whenever an airplane was sighted overhead, all work was stopped, the corpses were covered with foliage as camouflage against aerial observation. [imagine the smoke from the green foliage]

But there were new events to upset our emotional balance. This was the period when the Germans talked a lot about Katyn1), which they used for anti-Soviet propaganda purposes. One day, by accident, we got hold of a newspaper from which we learned about that mass killing. It was probably these reports that made Himmler decide to visit Treblinka personally and to give orders that henceforth all the corpses of inmates should be cremated. There were plenty of corpses to cremate-there was no one who could have been blamed for the Treblinka killings except the Germans who, for the time being, were the masters

of the land which they had wrested from us [Poles] by brute force. They did not want any evidence of the mass murders left.

At any rate, the cremations were promptly begun. The corpses of men, women, children and old people were exhumed from the mass graves. Whenever such a grave was opened, a terrible stench rose from them, because the bodies were already in an advanced stage of decomposition.

[...]

Work was begun to cremate the dead. It turned out that bodies of women burned more easily than those of men. Accordingly, the bodies of women were used for kindling the fires. Since cremation was hard work, rivalry set in between the labor details as to which of them would be able to cremate the largest number of bodies. Bulletin boards were rigged up and daily scores were recorded. Nevertheless, the results were very poor. The corpses were soaked in gasoline. This entailed considerable expense and the results were inadequate; the male corpses simply would not burn. Whenever an airplane was sighted overhead, all work was stopped, the corpses were covered with foliage as camouflage against aerial observation.

It was a terrifying sight, the most gruesome ever beheld by human eyes. When corpses of pregnant women were cremated, their bellies would burst open. The fetus would be exposed and could be seen burning inside the mother's womb.

-Chapter 9

Burning the corpses in pits was not going fast enough, so they used a huge excavation machine that could dig up 3,000 bodies at once, and the giant outdoor hibachis:

Then, one day, an Oberscharfuhrer wearing an SS badge arrived at the camp and introduced a veritable inferno. He was about 45 years old, of medium height, with a perpetual smile on his face. His favorite word was "tadellos [perfect]" and that is how he got the by-name Tadellos. His face looked kind and did not show the depraved soul behind it. He got pure pleasure watching the corpses burn; the sight of the flames licking at the bodies was precious to him, and he would literally caress the scene with his eyes.

This is the way in which he got the inferno started. He put a machine for exhuming the corpses into operation, an excavator which could dig up 3,000 corpses at one time. A fire grate made of railroad tracks was placed on concrete foundations 100 to 150 meters in length. The workers piled the corpses on the grate and set them on fire.

I am no longer a young man and have seen a great deal in my lifetime, but not even Lucifer could possibly have created a hell worse than this. Can you picture

a grate of this length piled high with 3,000 corpses of people who had been alive only a short time before? As you look at their faces it seems as if at any moment these bodies might awaken from their deep sleep. But at a given signal a giant torch is lit and it burns with a huge flame. If you stood close enough, you could well imagine hearing moans from the lips of the sleeping bodies, children sitting up and crying for their mothers. You are overwhelmed by horror and pain, but you stand there just the same without saying anything. The gangsters are standing near the ashes, shaking with satanic laughter. Their faces radiate a truly satanic satisfaction. They toasted the scene with brandy and with the choicest liqueurs, ate, caroused and had a great time warming themselves by the fire.

Thus the Jews were of some use to them even after they had died. Though the winter weather was bitter cold, the pyres gave off heat like an oven. This heat came from the burning bodies of Jews. The hangmen stood warming themselves by the fire, drinking, eating and singing. Gradually, the fire began to die down, leaving only ashes which went to fertilize the silent soil. Human blood and human ashes - what food for the soil! There will be a rich harvest. If only the soil could talk! It knows a lot but it keeps quiet.

Day in and day out the workers handled the corpses and collapsed from physical exhaustion and mental anguish. And while they suffered, the hearts of the fiends were filled with pride and pleasure in the hell they had created. It gave light and warmth, and at the same time it obliterated every trace of the victims, while our own hearts bled. The Oberscharfuhrer who had created this inferno sat by the fire, laughing, caressing it with his eyes and saying, "tadellos [perfect]!" To him, these flames represented the fulfillment of his perverted dreams and wishes.

The cremation of the corpses proved an unqualified success. Because they were in a hurry, the Germans built additional fire grates and augmented the crews serving them, so that from 10,000 to 12,000 corpses were cremated at one time. The result was one huge inferno, which from the distance looked like a volcano breaking through the earth's crust to belch forth fire and lava. The pyres sizzled and crackled. The smoke and heat made it impossible to remain close by. It lasted a long time because there were more than half a million dead to dispose of.

## -Chapter 9

Sometimes they just bypassed the gas chambers, and killed the Jews right beside the giant hibachi pyres. Children were wrenched from mothers and thrown into the flames alive...

In April, 1943, transports began to come in from Warsaw. We were told that 600 men in Warsaw were working in Camp No. 1; this report turned out to be based on fact. At the time a typhus epidemic was raging in Camp No. 1. Those who got sick were killed. Three women and one man from the Warsaw transport came to us. The man was the husband of one of the three women. The Warsaw

people were treated with exceptional brutality, the women even more harshly than the men. Women with children were separated from the others, led up to the fires and, after the murderers had had their fill of watching the terror-stricken women and children, they killed them right by the pyre and threw them into the flames. This happened quite frequently. The women fainted from fear and the brutes dragged them to the fire half dead. Panic-stricken, the children clung to their mothers. The women begged for mercy, with eyes closed so as to shut out the grisly scene, but their tormentors only leered at them and kept their victims in agonizing suspense for minutes on end. While one batch of women and children were being killed, others were left standing around, waiting their turn. Time and time again children were snatched from their mothers' arms and tossed into the flames alive, while their tormentors laughed, urging the mothers to be brave and jump into the fire after their children and mocking the women for being cowards.

Been drinking too much hibiscus tea, have you?

Such a tarnished diatribe you have managed to mix into your cauldron of illogical fantasies, marinated in a hot sauce of total paranoia.

Since Susan Stenson had mentioned earlier that she is left wing, living in a right wing province, where do you come up with the fabrication that she somehow supports the corporate elite? Those on the left are not supportive of the corporate world.

The only conspiracy theorists are those who keep believing that the Earth is Flat by insisting that the Holocaust never took place.

Fascist is what comes to mind when exchanging words with actual fascists along with their insipid Borg-like drone apologists. Members of Hitler Youth were the ones who were actually indoctrinated, along with other young students in the schools back in the days of Hitler spouting his mania along with an attentive adult populace. Many of adults had fallen for the usual xenophobic platitudes shouted from the mouth of Hitler, a true demagogue. It was dangerous for any adult not to be openly sympathetic toward Nazi dogma.

Demagogues win people over by inciting populations with baseless and inflammatory rhetoric drenched in hyperbolic overdrive. They are seasoned at unleashing endless hatred and such dregs of humanity appeal to the lowest common denominator, hoping that people use their lizard brains instead of engaging in rational thinking. Demagogues want the populace to soak up their demagogic vitriol like sponges. Demagogues such as Hitler continually exploited people's fear of the other, often engaging in fiery speeches in order to stir up verbal volcanic white hot ashes of their own vitriolic hatred.

This almost sounds like comments found on various militant vegan threads, where people are also accused of being paid. Those disagreeing with your billowing rants of incomprehensible dribble are suddenly seen by you to be sporting fictional fangs. Kindly C2 it that you are not imagining that it is Hallowe'en night as you are viewing imaginary fanged beasts in your own mind.

Be certain to cut back on imbibing all of that right wing kool-aid, it is causing you to hallucinate ~ seeing fangs. Not a good sign at all. Pink elephants are possibly next, stomping in tandem, goose-stepping with thundering illogical accusations of accusing others of professional victim hood. Mirror, mirror on the wall for zealots denying historical fact.

Oh, wait, if you do view someone on TV that goes Trump in the night, he does come equipped with actual fangs as he is also another demagogue appealing to vitriolic hatred and insecurities.

+chemeli LM Actually the pictures of the supposed "homicidal gas chambers" provide a lot of factual information for our consideration. And we have lots of pictures of the supposed "homicidal gas chambers", taken over decades. And they all show a complete lack of the distinctive blue corrosion staining that occurs when iron-containing brick is exposed to hydrogen cyanide gas.

Any other place in the world where hydrogen cyanide gas is used, it stains everything containing iron blue.

The lack of it in the "homicidal gas chambers" proves, beyond any doubt, that Zyklon B (hydrogen cyanide) was never used in those rooms.

If the "homicidal gas chambers" turns out to be a hoax, and yes, the lack of blue corrosion staining proves it completely, then the entire story is a sham.

you work online like susie gump?

gump, yeah, that fits you kid, good old gump.

so tell us gumper, what's the job? as it seems, you work at poking posts, and pretend to be upset over words, which cause you to attack those words, though wishing the words were the person who typed them.

seems your part time job is to tout the corporate version of history online, the one that states the evil ones were victim and the victims were evil.

but what is it all for?

well, you work at trying to get people to become irate and angered, its like poking a dog in a cage, isn't it gump, like when the dog snarls from being poked over and over again by a sadistic moron, so that those like you can scream, when is snarls, see, its vicious, it needs to be put down.

i say, you work to spew waste onto the internet, which is akin to a monkey spitting its poop at passerby's from its cage.

but gump, you do nothing of the sort to me.

in fact gump, what you do is quite the opposite, peons make me laugh.

and what i find is, you are either complicate in all the corporate fraud that is being perpetrated upon the public at large, or, you are just an ordinary useful idiot for them, one that has been duped, and you gladly goose step through life so as to one day die eternal, and cause your relatives to fight over the worthless crap you amassed, and left behind.

and then they will sell whatever they get, for coke and whores.

and that is what you are living and working for, to die, and to provide for others so that they can carry on as you, being deviants and fools, or best said, professional victims.

yet you come off as a substitute teacher type of thing. but one that has another gig to supplement income, which is playing a peon gatekeeper online.

when needed, i guess you are available to replace weaklings like susie in threads, as she can not handle the truth that comes out when she is spewing the lies you worship and she is paid to enforce.

but both you and her use the zionist online communication strategy, which is. spew childish insults and make personal attacks against human beings who do not conform to the lies that butters your bread,

and some truth for you gump, nothing but the truth, the neo-liberals promote neo-fascism, its the softer and gentler fascism, goosestepping in slippers.

and all that are abettors towards a complete centralized corporate dominance over beings, would cry tears, on cue, for money, to work to convince the public, that poor defenseless cannibals were starving, and need help from fellow human beings.

seems you'd likely demand that the public feed any and all starving cannibals, stating, cannibals are people too, now isn't that right gump?

and if the public didn't provide a feast and celebration and recognize how terrible people had been treating cannibals over the centuries, you'd be calling them anti-cannibalites.

and that about sums you up gump, or is it hiram?

so just go and write on hiram, earn your minimum wage for replacing susie in the classroom, and remember, we can all see that big hooked nose, it appears in every word you type gump. adios amoeba

Please, by all means - elaborate on this chemistry I and others have failed to notice.

I have found that Carbon Monoxide (the holocaust theory of using diesel-fuel truck exhaust), and/or ZyklonB aka cyanide for instance, have the following medically documented side-effects:

: [http://www.emedicinehealth.com/cyanide\\_poisoning/page2\\_em.htm](http://www.emedicinehealth.com/cyanide_poisoning/page2_em.htm)

1. In all of the fatalities from acute carbon monoxide poisoning in which the victim was found dead at the scene, a conspicuous finding was the characteristic pink or cherry red post-mortem lividity of carboxyhemoglobin in the skin of the dependent portions of the body. These are readily distinguishable, because of their color, from ordinary post-mortem lividity.' – American Journal of Public Health, March 1952, p.262 (Source: F. Berg)

2. Carbon monoxide poisoning may be diagnosed easily, because its inhalation in lethal quantities produces a characteristic cherry red coloration in the areas of hypostasis. A similar reddish hue is seen in cases of cyanide poisoning. – D.A.L. Bowen "Medical Investigations in Cases of Sudden Death," British Medical Journal, 1 April 1967, page 35

3. Bright red lividity on the dorsal side of the body as the expression of lethal carbon monoxide poisoning. Livor mortis is bright red in cases of carbon

monoxide or hydrocyanide poisoning (or in cases where the corpse is kept in cold storage).

4. When carbon monoxide binds with hemoglobin in the blood or myoglobin in the muscles it forms carboxyhaemoglobin and carboxymyoglobin respectively and they are responsible for the pink coloration. There are cases in which carbon monoxide poisoning does not result in the formation of a cherry pink coloration (Carson & Esslinger, 2001) and it can be difficult to spot when the victim is dark skinned – though it may be apparent in the lighter regions such as the palms of the hands or inside the lips or the tongue. – Alan Gunn, Essential Forensic Biology, 2009 pp. 21-22

5. Autopsy findings in CO deaths are fairly characteristic. In Caucasians, the first impression one gets on viewing the body is that the person looks very healthy. The pink complexion is caused by coloration of the tissue by carboxyhemoglobin, which has a characteristic cherry-red or bright-pink appearance that can be seen in the tissue. Cherry-red livor mortis suggests the diagnosis even before autopsying the individual – Vincent DeMaio, Dominick DeMaio. Forensic Pathology, 2nd ed. 2001 p. 395.

6. A pink lividity, rather than the usual purple-red, raises the possibility of death from carbon monoxide poisoning, cyanide or hypothermia –Encyclopedia of Forensic Sciences / edited by Jay Siegel, Geoffrey Knupfer, Pekka Saukko, 2000 p. 1158, article “Autopsy”

7. Cyanide overdose can be fatal six to eight minutes after ingestion. Rapidly causes weakness, confusion, coma, and pink skin from high blood oxygen saturation. Produces an almond-like odor. – Forensic Science: Fundamentals and Investigations / Anthony J. Bertino 2012 p. 258

The alleged jewish holocaust is the 3rd biggest lie in all of history. The 1st biggest lie is that Jesus (Yashua the Christ) was a jew, i.e., what we falsely refer to as a jew today. (Ashkenazi) Jesus made it plainly clear in the Bible that he was not one of them, and that they had (have) a different father (satan). "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." (John [8:44](#)) He that is of God heareth God's words: ye therefore hear them not, because ye are not of God. (John [8:47](#))

The second biggest lie ever told is that today's so-called jews are the Israel or Judah of the Bible, which they are not. Rather, they are Edomites from Idumea, and they admit so in their own writings. "Esau-Edom is modern Jewry." 1925 Jewish Encyclopedia, Vol. 5 page 41. (Edomites are demon seed Canaanites from Idumea). NOT of Israel or Judah. Jews were NEVER SLAVES in Egypt with Moses: John [8:33](#), so "Jews" cannot BE the Israelites of the bible, despite what you THINK your bible says!"Strictly speaking, it is incorrect to call an ancient Israelite a "Jew" or to call a contemporary Jew an Israelite or Hebrew." Jewish Almanac 1980, p. 3. (Jews know they are frauds). "Edomite Jews began to call themselves Hebrews and Israelites in 1860." Encyclopedia Judaica 1971 Vol. [10:23](#)

Ah so you are a race traitor, and betrayer of your ancestor as well Susan Stenson.

No wonder you are so viciously afraid of the truth.

What would you have left if you find out you gave up your treasures for jew lies?

p.s. The "you're insane, go see a psychiatrist" thing is another standard propaganda attack. It doesn't prove a thing but that you have nothing to argue with.

p.p.s. I have some sympathy for you though. You were probably like so many white people (who as a race have a high quality of empathy for others), programmed by subconscious emotional arguments with the jewish lies, the jewish hate for you and your race, and internalized it. Women are especially vulnerable to emotional brainwashing due to their fine emotional qualities being abused by the jew. Men are a little more fact oriented -- a little easier to turn away from a lie and face the horrible truth.

Please give it a try, give up being right and look into things. You may find your grandpa was right and trying to help you because he loved you like only kin and blood can love. Like only spirit can love.

And there is spirit, and being after this life in this world, I've been across the threshold twice if only the first steps. Others have been much further in NDE's.

Of course religions are full of lies, hypocrites, power seekers, and fools, but that is the work of imperfect beings.

You call yourself an "Atheist", let me ask you this:

1. Do you believe in your smartphone? Your television set? In general do you believe in "Science"?
2. If so then you must accept Quantum Physics.
3. Then you must accept the final result of quantum physics, and let me express this in the words of Max Planck, the originator of it:

"As a man who has devoted his whole life to the most clear headed science, to the study of matter, I can tell you as a result of my research about atoms this much:

There is no matter as such. All matter originates and exists only by virtue of a force which brings the particle of an atom to vibration and holds this most minute solar system of the atom together.

We must assume behind this force the existence of a conscious and intelligent mind. This mind is the matrix of all matter."

Get it?

We exist in, we are made of, the consciousness of a divine creator, an ineffable absolute being.

(Not some stupid angry genocidal racist jew-god)

A true father beyond this world. Like the gnostic version of Jesus mentioned. Like the more sophisticated religions like the indo-european ones (Vedanta, or white European's original beliefs of the norse/germanic/aryan gods which were limited gods like elder brothers and sisters come from the same absolute consciousness that is also our ground of existence)

Anyhow...

If you wanna be an Atheist you have to deny the existence of material reality itself.

Because material reality, fully understood, takes you inevitably to the same conclusion as Mr. Planck.

You will still exist after you are gone from this world, your spirit.

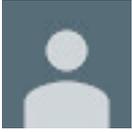

And what you did here will matter, your deeds like our ancestors knew.

So wake up, face the truth, reclaim your spirit, love your family and your race and your grandpa and yourself.

Turn away from the darkness of lies, and jew lies, and become what you are meant to be: A light, in the darkness. Shining, and white.

We will continue this atrocity propaganda, we will escalate it until nobody will accept even a good word from the Germans, until all the sympathy they may still have abroad will have been destroyed and they themselves will be so confused that they will no longer know what they are doing. Once that has been achieved, once they begin to run down their own country and their own people, not reluctantly but with eagerness to please the victors, only then will our victory be complete. It will never be final.

The lie we're living in is the world created by the jew.

The Truth is fatal to the jew. Keep telling the Truth. Google: "The Last Days of the Big Lie" to see the diamond-shitting jew Irene Zisblatt.

The Goebbels quote is funny. It's something like, you can call a jew a vermin, parasite, leech among other things and it wont bother him. But if you call him out as a JEW he shrinks back saying "I've been found out!!"

LOL Great quote. Jew, jew, jew, jew, jew! Say it with me: jew, jew, jew, jew, jew, jew!

+lefflan - This is the full quote

The Jew is immunized against all dangers: one may call him a scoundrel, parasite, swindler, profiteer, it all runs off him like water off a raincoat. But call him a Jew and you will be astonished at how he recoils, how injured he is, how he suddenly shrinks back: "I've been found out."

+Top Notch Amen brother. Christopher COLUMBUS was a Spanish Jew. White Christians have been beate. over the head with this for decades by the malevolent deceivers. I don't blame the Jews who just don't realize they have been indoctrinated into an abusive cult to make them support IIsrahelll, and to be paranoid and destroy Christians. It's all so messed up. What do you want to bet ISIS is led by these deceivers in masks. Google Afek oil company...wanting Syrian oil. There's your answer

+Jennifer NUNYA You have to understand though that christianity hasnt existed for More than 2000 years. Our ancestors have lived for many many thousands of years pre christianity. The White race (aryan race) ethnic religion is wotanism, wotan = odin in german. Wotan = will of The aryan nation.

Stalin exterminated 20-60 million people but you don't hear too much about that! There were other genocides world wide too, The Zionist Nazi collaboration, however suppressed it has been to the general public, is a little known, but crucial, part of European history. In addition, Hitler's father was half Jewish.

The alleged jewish holocaust is the 3rd biggest lie in all of history. The 1st biggest lie is that Jesus (Yashua the Christ) was a jew, i.e., what we falsely refer to as a jew today. (Ashkenazi) Jesus made it plainly clear in the Bible that he was not one of them, and that they had (have) a different father (satan). "Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it." (John [8:44](#)) He that is of God heareth God's words: ye therefore hear them not, because ye are not of God. (John [8:47](#))

The second biggest lie ever told is that today's so-called jews are the Israel or Judah of the Bible, which they are not. Rather, they are Edomites from Idumea, and they admit so in their own writings. "Esau-Edom is modern Jewry." 1925 Jewish Encyclopedia, Vol. 5 page 41. (Edomites are demon seed Canaanites from Idumea). NOT of Israel or Judah. Jews were NEVER SLAVES in Egypt with Moses: John [8:33](#), so "Jews" cannot BE the Israelites of the bible, despite what you THINK your bible says! "Strictly speaking, it is incorrect to call an ancient Israelite a "Jew" or to call a contemporary Jew an Israelite or Hebrew." Jewish Almanac 1980, p. 3. (Jews know they are frauds). "Edomite Jews began to call themselves Hebrews and Israelites in 1860." Encyclopedia Judaica 1971 Vol. [10:23](#)
