5 What a tremendous aid in understanding world events today.

By **timothy k. price** on December 25, 2013

This is a book that has to be read. Some people will protest and call it “*anti-simetic*” but this is not true.

A large tribe of people will deluge this site with protests against the book. Pay no attention to them. Read this book.

*“What a tremendous aid in understanding world events today.”*

Of course. Like it or not, today is a reflection of yesterday. Isn't that why revisionist (real) history publishing was banned under the post 1917 judaic/communist incursion of Russia? Isn't that why the other side of the coin (the NSDAP view) of what's taught as WWII is never taught here in America even after 70+ years after the conflict?

5 Must read

By **john bebekon** March 2, 2013

One of the most informative books I have read. If you want a  
unsanitized version of events, then this is the book.

Louis Marschalko tells it like it happened, and is still happening  
today.

5 Truth Before It's Time

By **john thames** "*scholar1*" on February 25, 2013

Long before the Holocaust denying Institute for Historical  
Review appeared on the scene, Louis Marschalko, a Hungarian,  
wrote a definitive expose of the six million myth in the context of  
a book exposing world-wide Jewish conspiracy. Remember, the  
book was published in English in the late 1950's and got  
everything right long before its time. Although there are a few  
mangled quotations and slight errors of fact, Marschalko saw  
through the fog of propaganda long before organized revisionism  
appeared on the scene. It is a remarkable book - and one still  
worth reading if you can find it.

5 The Clearness of Marschalko.

By **Paul Wasa** on May 12, 2010

Mr. Marschalko does a good job in exposing the poisoning mind  
of the Jews worldwide.

He's very well documented and has a very clear insight on things  
gone by. He analyzes the 2nd World War regarding the Jews and  
draws the most logical conclusions.

A book not only worth of being read, but I should say “*a must*” for younger people, who know nothing about WWII but from Jewish books and Jewish propaganda films, most of them untrue or biased.

agreed... good read... goes hand in hand with a Greater Miracle of the Lost Ten Tribes Discovered and Fearless and Godly Pioneers for the Truth (which also gives a short bio. on Marshalko)... read it before you dismiss it.

4 Controversial, but interesting

By **S. Swink** on August 27, 2007

Louis Marschalko - a Hungarian nationalist - published this book in 1958. “*The World Conquerors*,” surveys the worldwide advance of communism from a decidedly Catholic perspective. The author's argument is that communism is a worldwide movement, promoted everywhere by the same worldwide, transnational force.

In four chapters relating to WWII, “*The Real Victors of the Second World War*”, “*Revenge is Ours*”, “*New Purim and Nuremberg*”, and “*What Has Become of Six Million Jews?*”, Marschalko proves himself a one-man **Institute for Historical Review**.

In a book review published with permission from Granata Communications, below I give you yet another excellent summary of a classic:

Louis Marschalko's book, "*The World Conquerors*," first published in 1958, is more timely now than ever. It is one of those volumes whose prophecies lies in fulfillment.

Written by a Hungarian nationalist, it surveys the worldwide advance of communism as the unfolding of the scheme of the notorious "*Protocols of the Learned Elders of Zion*".

The book's thesis is expounded in its first chapter. Entitled "*The Oldest Nazism in the World*", Marschalko shows the bolshevism of the Old Testament. The Fuehrership of Moses laid the foundation for all that has come since.

Although not a study of organized religion, the author's side comments show astounding clarity. The Catholic perspective of Mr. Marschalko underlies his opposition to "*The World Conquerors*" he exposes: Christianity as the antithesis of Judaism, Protestantism as a reversion to the barbarism of the *Old Testament*, the ancient worship of the Golden Calf as the basis for emerging capitalism.

The rest of the book piles fact upon fact to make its case. The Jewish background of communism is thoroughly explored. Much of the

material is familiar. However, a very valuable survey of communism in South America is included. This reinforces the author's argument that communism is a worldwide movement, promoted everywhere by the same worldwide, transnational force.

Moving on, Marschalko examines the real nature of the German National Socialist regime. Its achievements are noted, as well as the real reasons for the war. Hitler's Germany had to be destroyed if the program of the "*Protocols*" were to be fulfilled.

The author provides much information on the persecution of the Germans in Poland at the time when such claims were almost universally dismissed as propaganda.

The section on World War II and its aftermath is astounding Revisionism ahead of its time. In four chapters, "*The Real Victors of the Second World War*", "*Revenge is Ours*", "*New Purim and Nuremberg*", and "*What Has Become of Six Million Jews?*", Marschalko proves himself a one-man **Institute for Historical Review**.

The Jewish staffing and orchestration of the **Nuremberg Trial**, the east-west collaboration in the hounding of "*war criminals*", the real fate of the fabled *Six Million*, the setting up of Jewish persecution as the moral standard of the post war era, all are devastatingly analyzed to show the vested interests at work.

Even the well-informed reader will be amazed at the cohesion and extent of the Jewish revenge which was taken post-1945 in Europe. Each of these chapters can and should be expanded into full length books. Until that happens, these four chapters may be taken as a primer on the subject.

The rest of the book covers the post war era of the Cold War up to the date of publication, 1958. The Jewish involvement in the atomic bomb treason, the Hungarian uprising of 1956 and the efforts of the Jewish media to cover up anti-communist exposures by Senator Joseph McCarthy and others confirm the blackout on truth by "*The World Conquerors*".

Particularly valuable is the voluminous evidence presented on the post-war Jewish control of the Soviet Union. Marschalko convincingly argues that the deportation of Western Russia's Jews ahead of the Nazi invasion created a second Iron Curtain. The Jews were concentrated in the Soviet arms production factories behind the Ural Mountains. This allowed them to retain a key grip on power while denuding the western provinces where Jews were never popular.

The **United Nations** is also exposed as a front for Jews. A voluminous list of Jews in key positions is appended. In reviewing the evidence, it is difficult to conclude anything other than that the shoe fits.

If there is no Jewish conspiracy at work, the world has been treated to amazing coincidence. A better explanation is that Louis Marschalko is right. His presentation is logically lucid and well documented. It is also easily read and easily understood. A short book of only 296 pages, it is hardly all-inclusive. But as a statement of the essential facts, it has stood the test of time. It summarizes the facts and points the student in the proper direction for further research.

### **Thought for the Day:**

*“There are persons, too, who see not the full extent of the evil which threatens them; they solace themselves with hopes that the enemy, if he succeed, will be merciful.”*

*“It is the madness of folly, to expect mercy from those who have refused to do justice; and even mercy, where conquest is the object, is only a trick of war; the cunning of the fox is as murderous as the violence of the wolf, and we ought to guard equally against both.”*

# About the Author

Louis Marschalkó

<http://en.metapedia.org/wiki/LouisMarschalko>

**Louis Marschalko** (September 11, 1903 — May 20, 1968) was a Hungarian nationalist writer and author of *The World Conquerors* (1958).

His father was a secondary school teacher, his mother a musician.

He started to work for nationalistic newspapers. He lived in Debrecen until 1936, when he moved to Budapest. He wrote the booklet *Who Betrayed Hungary in 1918-19*. The booklet was banned after 1945, as anti-judaic and anti-semitic, even though the author had no influence to the fact that over 90% of the betrayers and Bolsheviks were Jews. He opened the eyes of the Hungarian readers with that book, since

only few knew, that most the betrayers were Jews. Jews in Europe generally hide their Jewishness in the public.

He did not come home 1945, but had to remain in Munich, since otherwise the Bolshevists for sure had killed him. He wanted to emigrate to the USA, but having spent some months on Ellis Island in New York, the American immigration authorities refused his immigration application due to Jewish influences. He returned to Munich and worked as a simple worker, and wrote his books and articles at night.

Since Jews (Martin Himler and others) who betrayed Hungary and caused lot of suffering in Hungary, appeared after the Second World War in Europe as American officers in CIC uniforms, and gathered East-European patriots and delivered them to sure death under the Bolshevistic regime of their race-companions, wrote some scandalous smear books about Hungary and Hungarians, he wrote about the role of Jews in Hungary and in the world. (*Conquestors of the Country, Conquestors of the World*). He was also co-author of the book “*Accusing Gallows*” that described the tragic destiny of the last legal Hungarian administration. His book “*Conquestors of the World*” was published three times in the USA, but he did not receive any royalties.

He died in Munich, 1968. On his grave there are the words:

*“For God, our country and freedom, forever”.*

## [Inside dustcover]

The Second World War was said to have been waged for “*the rights of small nations,*” but the author, like countless other Hungarians, is literally “*on the run from Communism.*” He has been living in exile

since 1945 because of his anti-communist views, Although he was never a member of any party, the Communist regime of Hungary, with typical effrontery, demanded that the U.S.A. authorities “*hand Louis Marschalko over as a war criminal.*” A former special correspondent of two leading newspapers in pre-Communist Hungary, Marshalko is a brilliant novelist, playwright and poet and has many hundreds of articles to his credit. ***World Conquerors*** expresses some of the bitterness and contempt of millions of enslaved Europeans for the rulers of the “*victorious nations.*” It shows that by being urged to throw off the German yoke, the central European nations were tricked into becoming satellites of the Soviet.

***World Conquerors*** indicts the real war criminals. It gives horrifying glimpses of the agony behind the Iron Curtain and describes the plot to extend the slave system to the Western world. Thousands of copies of the Hungarian edition have been sold and this English translation is published to warn the West. It is written by one who is a firm friend of the English-speaking people but an implacable foe of their vacillating and corrupt governments.

# Introduction

For more than a century, under various pretexts, a battle has been waged for power over the nations. The exercise of power has become the supreme aim of many people. Bankers, politicians, clergymen, trade union leaders and Communist Party secretaries are all on the hunt for power. The storm troops of the dictatorships are no longer shouting the old Socialist slogans. They declare openly and trumpet brutally "*Power is what we want*". And the so-called Democratic parties, though trying to keep it a secret, have also in their hearts actually adopted the dictatorial battle-cry, "*Power is what we want*". Power, like possession of the magician's wand, has become their obsession in life and it does not matter how it is achieved, whether through Conservative or Labour parties or through the Christian churches.

The structure of modern society with its overpopulation has as a consequence developed the idolatry of power. The golden calf has been taken off its pedestal and has by now become a secondary emblem only. The gold, the wealth and all parts of the symbolic sacred animal of Capitalism can be apportioned, distributed or sold by anyone who has the power to do so, as if it were meat in a butcher's shop. The Church aims to attain power by controlling the human soul, the Marxist through the autocracy and omnipotence of material means, the banker by his gold or by holding in his hand the control of the Press, the Bolshevik by the sheer brutality of the tommy-gun. But all parties, groups, sects, democracies, dictatorships and churches have one thing in common: they all want power. And this is quite understandable, as power often appears to be absolute, more even than all the gold in Fort Knox. For if that gold were evenly distributed among all the people on earth the share per head would be so small that it would hardly be worth anything.

But power over empires, states, societies and continents is infinite. It can be distributed like the five loaves and two fishes apportioned by Christ. It secures ministerial posts, episcopal positions and benefits, senior ranks in the police force, party secretaryships as well as other major and minor offices. But only for those who are the followers of power or who belong to the organisation of the bosses holding power. Included are those belonging to the following the party leader, trade unions, boss, dictator or bankers; those who are members of some democratic union. Christian trade unions or, of course, any of the masonic lodges.

So it is quite understandable that in these days nearly every slogan and school of thought is directed at one thing only — the seizure of power. “*Let us pray*” say the churches, but behind their words it is not always Christ’s kingdom that is built, but the worldly power of some high priests engaged in double-entry book-keeping. “*Freedom*” shout the Communists to their bamboozled Party members and followers but as a background to this empty slogan loom the torture chamber, gaol [jail], detention camp and the gloomy hovels of Siberian slave-labourers. Here we find side by side the misery of exploitation and the power and wealth of the privileged Communist ruling classes. “*Democracy*” is the slogan proclaimed throughout the Western world, but it is well known that the voting system here does not represent the power of the people, but merely screens the mysterious influence and hidden rule exercised by secret cliques.

Behind these false facades is hidden the substance of the most satanic dream of the world conquerors — to become the masters of the whole world! How can this ambitious goal, the dream and aim of Caesars, dictators, bankers and trade union potentates ever since Ezra and Moses and through Alexander the Great to Stalin, be achieved? Conventional armies have become obsolete for furthering this purpose. The hydrogen bomb might wipe out both parties. Both parties can be attacked by rockets. Such a conquest is now impracticable, so the plan is to conquer the world by “*peaceful*”

means, such as by the cheque book, by Unesco [United Nations Educational, Scientific, and Cultural Organization], by re-education, by a new moral code and by peace-propaganda. From this idea Lenin developed and built up his diabolic strategic system to seize and expand power, and this system under the name of Bolshevism has proved until now to be irresistible everywhere where people were unaware of the details of this power-technique.

The supposedly cultured world failed to realise, however, that Lenin's Bolshevism was a component only, such as were also Marxism, Freemasonry and Capitalism itself. For there existed another more thorough, universal and gigantic scheme which had been working already for over a century and a half, its aim by now very nearly accomplished. On the basis of ancient doctrines this latter scheme was not going to conquer global power for any of the "*isms*", parties, sects, churches, professional organisations or social classes, but exclusively — for one nation only.

The plans for Lenin's system were to some degree rough and superficial. Their greater weakness was akin to that of a general who lets the enemy know in advance the point of attack and the strength of his forces and the tactics he intends to employ. Whereas, the other, the great fundamental plan, proved much more effective because, similarly to historically successful military operations, it has carefully guarded its secrets from outsiders and indeed often from initiated persons also. Its greatest asset was that it appeared much more general than, for example, the schemes of the trade union leaders limited to the class struggle, or the tactics of church leaders restricted to the spiritual level.

It was perfect and absolute Totalitarianism.

This planning, even to-day, does not attempt to capture global power by means of any particular movement or political system but through the simultaneous use of all creeds, churches, materialisms, political

doctrines and patterns of power. It wishes to get built into all positions, movements, churches, masonic lodges and trade unions. It wants to take possession of all key positions in the most opposing movements, in the churches, parties and trade unions. It desires to hold in its hand both Bolshevism and capitalism, materialism and idealism, to capture or hire spiritually all writers, artists, politicians and the mob. It aims at not being visible anywhere, but at being present everywhere and at directing and controlling everything. To divide and rule! To march detached but at a given moment to assault united.

Anybody now surveying the world and world affairs may well realise that this plan has already taken shape. The atomic fission of human society has achieved perfect success. Mankind is divided not only by the natural God-created races and nations. Even the nations are split up now. East and West Germany are divided, as are also North and South Korea. China, Indo-China and Trieste, are split up or separated while Europe is divided by the Iron Curtain. Populations are split up and divided into white and coloured persons, capitalists and Bolsheviks, employers and employees, moneyed classes and working classes, Catholics and Protestants, suppressors and suppressed, victors and vanquished. But, as we will see later, all this chaos, disorder and division is directed by the same iron will, by the same secret force acting according to the interest of the leaders of a single race of 15 million people. They are to be found behind the well-padded doors of world capitalism as well as behind the thick walls of the Kremlin. It is they who instigate enraged crowds to strike and demonstrate while at the same time giving wage rises and promoting inflation. They attack Christianity while acting simultaneously as trustees of the gold and other assets representing the earthly power of the churches "*whose kingdom is not of this world*". They are the atom scientists and the anti-atom humanists; they are the masters and the murderers of the Communist secret police, yet at the same time they condemn the murders of the nations in UNO [United Nations Organization]. They are the arch- enemy of patriotic ideals; they preach against the

sovereignty of states and against racial discrimination, while all the time representing a racial nationalism of a vehemence so far unknown to have ever reigned over the nations of the earth.

Our globe with all its Continents — either openly or secretly — is already dominated by this Jewish nationalism. By using certain methods this fact can be demonstrated just as the presence of atomic radiation can be demonstrated by the aid of a geiger counter. For instance, should any nation, state, press or politician, parliament or any other person commit any act not forbidden by law or by the moral code against another state, class or person, then in this sublime age of democracy everything is free and permitted without risk. But should anyone commit the same act against Jewry or even against one Jew, the Jews will wipe off from the face of the earth this offending entity, whether it be an individual or a great nation. This will be effected, if necessary, by the atomic bomb or by the victorious Red Army or by the aid of any of the “*democratic*” constitutions, perhaps by the use of terror prisons or the cheque book or tommy-gun.

Amongst many other things this invisible seizure of power owed its success to mis apprehension and oversight on the part of anti Jewish people during the last century. They regarded the Jew as an internationalist, which is not the real reason for opposing him. On the other hand, one could not justify his behaviour in destroying his fellow-men any the easier because his motives were based on race, creed, or birth, which, in fact, is what does motivate them. So we are convinced that it is our God-granted right and human duty to fight against the reign of terror exercised on a supernational level by a small fanatical nationalist minority which has subjugated the world and driven mankind far along the road to total extinction.

By the flash of the atomic bomb we should see at last that we are living in a false, dishonest, deceitful world-order, in a disorganised society on the eve of a universal catastrophe. This Satanic tribal nationalism holds world power in its grasp. It holds the hydrogen

bomb, and in its mad blindness could destroy the whole of the globe and, with it, humanity. Is all this a bad dream or a nightmare? To answer this question we must learn more about this tribal nationalism and its tactics. Then we shall see that the nightmare will resolve itself into reality and fact.

# Chapter Thirteen

## Biological Class Warfare Against All Nations

ORTEGA Y GASSET wrote his book *La Rebelion de las Masas* in 1929, and it can be regarded as a basic work relating to the nature and problem of the masses of human society. But the importance of the masses was recognised long before the great Spanish sociologist wrote his work, *The Protocols of the Learned Elders of Zion* mention as early as 1897 that they had;

*“replaced the ruler by a caricature of a government”, i.e., “by a President, taken from the mob, from the midst of our puppet creatures, our slaves”.*

*“Our puppet creatures, our slaves!”* This definition has a decisive importance in assessing the problem of the Jewish world conquest.

No doubt Capitalism, with its higher standard of living, improved social conditions, prolonged expectation of life, reduction of death rate, etc., has greatly increased the numbers of the masses. Hegel, Malthus and Marx all noticed this increase of the masses and the menace of over-population, which by itself is nothing but a simple biological and statistical fact. Neither Jewry nor Bolshevism has anything to do with this biological phenomenon, which can be regarded as an example of the natural fecundity of life. Then, first Marx, and later the *Protocols*, recognised the sinister possibility of “melting down” large crowds of people so as to form a characterless mass. To make a herd-like crowd out of the people is the surest way not only towards achieving Jewish world power but towards achieving power for any minority group.

*“Without an absolute despotism there can be no existence for civilization...”* state the **Protocols**, for: *“What we have got to get at is that there should be in all the States of the world, besides ourselves, only the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers.”*

[Page 185]

*“The division of society into masses and elite,”* writes Ortega Y Gasset, *“is not so much a social differentiation as a classification of people into categories which do not necessarily coincide with the ranks of the higher and lower social classes. Strictly speaking, each social class has its masses and its elite.”*

It is not difficult to recognise that ceaseless striving towards increasing the masses at the expense of the elite, which has been in progress throughout the century. To this result, no doubt, certain biological and hereditary factors contributed. These are dealt with by the American professor Lothrop Stoddard in his book ***Rebellion Against Civilisation***. He ascribes the present crisis of humanity to the biological degeneration of the various races and to the disproportionate increase of world population — especially of the lowest and most worthless specimens. But world Jewry did its utmost to speed up this process during the century that has elapsed since the ***Marxist Manifesto***. Proletarians such as those composing the assault troops of Béla Kun or Sidney Hillman, who never bothered to consider what were the real aspirations of their leaders, became natural storm-troops of the masses.

The theory of the class struggle, a typically destructive Jewish invention, tends in itself to increase the number of the mob. It levels downward and lops off heads above the average. The Press, and later, both radio and television, reinforced by the Jewish mentality of the Hollywood film industry, also contributed to the production of men

with robot-like minds. Moreover, the mercenary spirit [e.g. a paycheck and a job are more important than loyalty to the country and its citizens] will neither educate the masses nor raise their intellectual status. On the contrary, by descending to the low intellectual standard of the average person, it will improve conditions for traders. In countries already conquered by Bolshevism, the breeding of colourless, leaderless masses, under the sole control of the “*chosen*”, is proceeding according to carefully worked-out plans. The Russian aristocracy, the middle classes, the intellectual elite, the landed peasantry and those workers who could be regarded as the elite of the working class, were all executed. The independent landed peasantry were robbed of their lands and deported to Siberia. Individual and independent small holdings were replaced by the kolkhoz system, and the “*liberated*” proletarians were enlisted in the workers’ divisions of the factories where they had no leaders any longer but lords and masters only [a two tier feudal arrangement of slaves and masters].

[Page 186]

The Jews sitting in Stalin’s brains trust were always aware that the “*ruthless despotism*” of the ***Protocols*** can only be exercised over herd-like masses. The greatest menace of Bolshevism is its creation of a herd-like mentality in the people, which thinks in terms of the lowest intellectual levels, which destroys all initiative in the individual and kills all differentiation of taste and personality. There are no Russian people left but Russian masses only, and in thirty years’ time the same statement will apply to all the other enslaved States behind the **Iron Curtain**. There will be just masses all the way from Vladivostok to Stettin. The colour of their skin may be usually white, sometimes yellow, but their distinguishing characteristic will be the negative one of belonging to the [new] masses. This will be a mass-produced, homogeneous and characterless human pulp that has been churned out on the assembly lines of the camps and in the retorts of Communist education propaganda. This is the youth produced by Communism and trained to have no individual thoughts or ideas of their own. They

have ready-made slogans only, coined by propaganda. This is a herd of anthropomorphous beings, shepherded by Jewish commissars armed with tommy-guns. One sees no longer the glittering billions of single water-drops but only muddy and turbid floodwaters.

So-called civilised man of the Western world is still unaware of the meaning and importance of these anthropomorphous masses which have lost all knowledge of the outside world, of the beauties of life and of the value of personality. The **Iron Curtain** hermetically sealed them off from living thoughts and ideals. They possess less knowledge of the outside world than had the people of the Middle Ages. They know nothing about history, culture or present-day life in the West. They live in a distorted dream world produced and projected for them by Ilya Ehrenburg and David Zaslavsky.

But unfortunately the proud citizens of the West are little better off in this respect. Their knowledge, general outlook and political ideas are similarly mass-produced, controlled and directed by their Jewish entertainment monopolies. The personality of Western man has atrophied and his national heroes have been forgotten. Their place was taken by that most ridiculous figure of Western democracy, the “*man in the street*”, i.e., by the average half-educated, ignorant human being who is unable to think for himself.

[Page 187]

Today this person states his opinion in the Press, answers the questions of the Gallup poll and represents public opinion and “*world conscience*” in the name of which the scandal of Nuremberg was staged and the massacre of Katyn was hushed up. What does this “*sharp-witted*” individual, this constant reader of picture-comics and detective stories, know about the “*Elder Statesmen*” performing behind the screen of the political parties, about the plans of the “*initiates*”, about decisions of the lodges and about the lies of the Press? He simply reiterates everything hammered into his head by

journalists and newspaper kings of Galician Jewish origin. And the columnists of democratic and republican organs alike will, of course, only spread such “*opinions*” as favour the world conquerors.

Thus we can readily understand how it is that the so-called statesmen who appear to rule the world are, on the one hand, puppets of powers behind the scenes, and on the other, slaves of the mob. Politicians do not act any more according to the rules of common sense, but are obliged to rely on the taste and mood of the masses. They think in terms of the masses and they allow themselves to be carried away by the masses. The statesman of the past, after working out a clever programme, submitted it to the electors, hoping to convince them to do the right thing, i.e., to adopt his proposals. The present-day politician first tries to find out the general trend of public opinion and then adjusts his own views to this. But when Jewry, disposing of all the modern media of propaganda, made the masses its sounding board, statesmen dependent on the masses fell a ready victim to the will of Jewry.

The most successful politician in these days of “*peace*” is he who can drive the largest crowds to the polling booths, to prop up by votes the policy he has broadcast previously through radio and television.

Even war itself no longer serves as a last resort in the pursuit of higher ideals; it has one purpose only, which is the extermination of large masses of people. The A-bombs, H-bombs and carpet-bombs are no longer weapons of war between nations, but between masses. A lurid murder, or social scandal connected with a film star, makes headlines nowadays, but 300,000 dead in Dresden or 70,000 in Hiroshima can be ignored or perhaps dealt with in a small news item of five lines.

[Page 188]

We have already mentioned that world Jewry, in order to increase the number of destitute masses, utilises mankind’s natural urge for

revenge. After the last war, many people thought that the increase in the number of destitute masses was the work of Bolshevism, and thus Yalta and Potsdam were debited to Stalin's account. However, after a certain time, it transpired that during the **Potsdam Conference**, held under triumvirate of Stalin, Truman and Attlee, world Jewry in the form of the *Morgenthau Plan* and the *Gomberg Plan* stood by all the time in either democratic or Bolshevik guise. The purpose of both was the extermination of the elite and the reduction of the people to destitute, herd-like, characterless masses.

The *Potsdam Agreement* made twelve to sixteen million people Stateless. The Eastern European independent landed peasantry, and the skilled craftsmen and artisans of the Sudetenland were reduced to a destitute proletarian mass thrown across the frontiers with a hundred pounds weight of luggage per head. The Nazi professors were forced to do the job of street sweepers and the Nazi street sweepers were thrown out of their jobs. The Transylvanian Saxons were carried off to Siberia, while the highly cultivated German settlers of Southern Hungary and Northern Yugoslavia were sent to Tito's extermination camps, where glass powder was mixed into their food. Sixteen million people were torn from their country and made into a rootless, Stateless, destitute, hungry mob. They were driven like cattle towards Western Germany in the name of humanity.

Previously, Beria had liquidated the Polish intellectuals and national leaders in the Katyn Woods. Eleven thousand officers, mostly doctors, professors and artists, were called up from their civilian professions, were exterminated, and more than a million Poles were carried off to Siberia. Who were responsible for this? According to the official records of the **U.S. Congress Investigating Commission**, Father Braun reported concerning his Russian adventures (*Reports of Investigations*, page 197) that he had seen the secret police at work between 1936 and 1937, during the days of comrades **Jeshov**, **Jagoda** and, more lately, **Beria** [all three of them Jews — AUTHOR]. They were successive chiefs of the secret police. He had also seen the

Russians (Jews) murdering their own countrymen in cold blood. In view of the fact that internees were murdered by the thousand in the concentration camps of the Soviet Union, and that these atrocities were regarded as merely routine work not worthy of mention, it can be understood that the extermination of influential Poles such as doctors, writers, professors, teachers and civil servants, etc., was similarly regarded. The report adds that this was just a part of their general plan, which was the systematic extermination of racial and national groups.

[Page 189]

Are **Jeshov**, **Jagoda-Herschel** and **Beria** the only culprits haunting the common graves of the victims of the Katyn Woods? Goriczki, a Polish witness who escaped from the mass-executions, told the **American Committee** investigating into the slaughter of Polish prisoners at Katyn:

*“... when the groups were ready to march, two officers of the political police, Colonel Urbanovitz and a Muscovite Jew, Commissar Sirotky, were standing near me. I overheard Sirotky remarking to Urbanovitz: ‘Yes they are happy and laughing now, but if they knew what is coming to them...!’”* (**Reports of Investigations**, page 176.)

So it appears that not only did the Jews organise and carry out the Katyn Wood mass-murders, but that through Robert Kempner, the American public prosecutor at Nuremberg, they tried to conceal the truth from the world.

Thus, in a few days or perhaps in a few hours, they exterminated the elite of the Polish nation and with it most of the intellectual class.

The colourful, free Hungarian elite, so individual in outlook, was similarly annihilated in 1945 with the help of the **People’s Tribunal**

**Act**, when the list of “*war criminals*” was handed over to the Americans.

And so biological class warfare, based on *Talmudic* commandments, progresses relentlessly. The Marxist theory has now reached a higher rung of the ladder. For the physical extermination of the Christian elite, there are Soviet prisons as well as the gold-diggers’ camps in the Arctic Circle where, according to recently returned prisoners of war, five million people are forced to slave. **World Jewry**, whose total strength is about 15 million, is clearly aware that it can become the sole ruling class of all nations, once it succeeds in exterminating those social layers whose calling, on account of their intellectual faculties and integrity of character, is to be the leaders of their respective nations. With this end in view, the ignorant masses, “*pink*” intellectuals and other bribable characters are invited to serve the ends of the world conquerors to the extent of betraying their own race and nation.

[Page 190]

The conditions prevalent behind the **Iron Curtain** show more clearly than anything else that the fifteen million Jews could soon become a supranational middle-class, ruling over entire nations and whole continents — ruling class which no longer needs to do any inferior or subordinate work. Their next generation can safely occupy the leading positions in all States. They wish no doubt to repeat the feat accomplished in Soviet Russia, where Jewry moved up from the bottom to the top of the social ladder.

And to attain this aspiration it is quite enough to carry out the *Talmudic* commandment:

“*Kill the best of the Goyim!*”

Gunnar D. Kümlien has written a very interesting article about biological class warfare in the *Rheinischer Merkur* of October 4th, 1957. This paper is closely connected with Chancellor Adenauer. In this article he records a conversation he had in Moscow recently with a Russian intellectual just released from one of the Siberian slave-labour camps. He could only speak in the greatest secrecy with this intimidated, scared man, because it was the forty years of the **Bolshevik Revolution** they were discussing.

*“That section of society which retained an ideological independence,”* said the Russian, *“does not count any longer today. Its strength twenty years ago was as high as about twenty percent of the population. It was still ten percent about ten years ago. Supposing it was to have been reduced one percent per annum, you can imagine how much is left of it.”*

A Swedish journalist, who reported recently on living standards in the Soviet, gave a shocking picture of proletarian masses crowded in slums. The party keeps them in such poverty and in such low living conditions that the whole of their life consists of a ceaseless light to keep themselves alive, and thus they have no time left to deal with political problems or to have any thoughts of their own at all.

Should the biological class struggle be applied to the spiritual leaders of Jewry, the Jews would call *“anti-Semitism”* at once. Yet the cold-blooded, systematic slaughter of the elite of the Russian people and of the nations behind the Iron Curtain is not anti-Russian, anti-Hungarian or anti-Chinese! Nevertheless the consequences of this biological class struggle would remain permanent features even after the downfall of Bolshevism.

[Page 191]

For the systematic extermination of the elite entails a good many alarming consequences. Due to the fact that the most cultured

individuals, the most capable workers, the most intelligent farmers and the most skilled tradesmen and artisans were destroyed in the countries behind the Iron Curtain, the quality of production in all trades has sunk accordingly. There is no taste or “*finish*” applied to the various goods manufactured. Ornamental skill has become a luxury; chair legs will not be planed or given a smooth surface, and the most common consumer goods are no longer available. The “*new intellectuals*”, mass-produced through “*potted*” courses, are nothing else but the slaves of the masses and are thus unable to direct trade, finance or agriculture. The level of the sciences is reduced to the minimum; the doctor becomes a mere quack, and the ordinary scientist has little more knowledge than a foreman. On the soil of the Ukraine, the most fertile land on earth, the yield of wheat is lower now than ever before (eight cwt. per acre) ; the world-famous vineyards of Tokaj are in ruins and the plants dried up, the standard of the fruit-growing has regressed 100 years. The wheat fields of the Banat (in Southern Hungary and Northern Yugoslavia) where, due to the industry and skill of the German settlers, finest agriculture on earth flourished, are overgrown today by weeds, and the houses of the Sudetenland are in ruins. The population lives and starves in misery. The shapeless felt boots and the standard quilted and padded jackets are the only articles of clothing available to the enslaved masses. Whoever can look ahead can but visualise an appalling future: civilisation buried under the quicksands of the desert or overgrown by the jungle. Owing to the extermination of the elite, this menace hangs over the civilisation of all Christian nations as well as over the culture of all races.

The great martyred Hungarian patriot, Laszlö Endre, prophesied from his prison:

*“Proletarianised Europe will face them [the Jews] with such debased and brutalised instincts that the most savage means, necessary to suppress the most savage revolt of slaves, will have to be used to keep the people in bondage.”*

There will be no more revolutions or wars of independence, but slave risings only. What a future!

[Page 192]

At this juncture somebody may point out that when this stage has been reached, then in all probability the world conquerors' power and privileges will also come to an end. Perhaps they will! But the world conquerors do not like to look into the future. They sit in the seats of the mighty.
